(1) Your PDN services can be authorized for four to sixteen hours per day, except as noted in WAC 388-106-1045(4). This authorization is based on a combination of skilled nursing tasks identified in CARE, the department designated PDN skilled nursing task log or equivalent which has been approved by ADSA prior to use, and detailed information provided to CNC or NCC. The CNC or NCC determines initial eligibility for PDN, up to a maximum of sixteen hours per day. After the initial determination of eligibility is made by the CNC or NCC, the PDN skilled nursing task log or its approved equivalent will be initiated and completed by the agency or private nurse(s) for fourteen days and submitted to the CNC or NCC for review. At the end of the fourteen-day review period, a final determination will be made on the number of PDN hours required to meet your care needs. The formula for determining the department's share of the cost of the services is:

100% State Median Income (SMI) - Household Income x 100

WAC 388-106-1425 How do I pay for New Freedom consumer directed services (NFCDS)? Depending on your income and resources, you may be required to pay participation toward the cost of your care, as described in WAC 388-515-1505. If you have nonexempt income that exceeds the cost of NFCDS services, you may keep the difference. Since you are receiving services in your own home, you are allowed to keep some of your income for a maintenance allowance.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1425, filed 7/25/06, effective 8/25/06.]

WAC 388-106-1430 Can I be employed and receive New Freedom consumer directed services (NFCDS)? You can be employed and receive NFCDS, per WAC 388-515-1505.

WAC 388-106-1435 Who can direct New Freedom consumer directed services (NFCDS)? The NFCDS participant directs services. The participant can also designate a representative to assist them.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1435, filed 7/25/06, effective 8/25/06.]

[Title 388 WAC—p. 618]

WAC 388-106-1440 What is an individual budget?

An individual budget means the maximum amount of funding authorized by the department and allocated to the participant for the purchase of New Freedom consumer directed services.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1440, filed 7/25/06, effective 8/25/06.]

WAC 388-106-1445 How is the amount of the individual budget determined? The department will calculate the individual budget amount after the NFCDS participant is assigned a classification resulting from completion of the comprehensive assessment reporting and evaluation tool, CARE. The calculation will be based on:

(a) The published hourly rate for individual provider personal care paid by the department multiplied by the number of hours generated by the assessment, multiplied by a factor of .95, plus an amount equal to the average per participant expenditures for nonpersonal care supports purchased in the COPES waiver. The average will be recalculated in July of each year.

(b) If the participant selects a home care agency, an adjustment will be made for each hour of personal care identified in the NFSP for an amount equal to the difference between the published individual provider rate and home care agency rate.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1445, filed 7/25/06, effective 8/25/06.]

WAC 388-106-1450 Is the individual budget intended to fully meet all of my needs? The program provides funds in an amount proportionate to the amount of resources you would receive through COPES, and gives you flexibility to self-direct the purchase of goods and services to meet your long-term care needs. The degree to which the budget meets your needs depends on the supports you identify and prioritize in your spending plan. Depending on your decisions, after your budget is exhausted, some of your needs may be unmet, or you may find other resources to address them.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1450, filed 7/25/06, effective 8/25/06.]

WAC 388-106-1455 What happens to unused funds from my individual budget? Unused funds, up to three thousand dollars, may be held in reserve for future purchases documented in the NFSP. Reserves in excess of three thousand dollars may be maintained for planned purchases with approval from the department.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1455, filed 7/25/06, effective 8/25/06.]

WAC 388-106-1460 When can my New Freedom spending plan (NFSP) be denied? Your NFSP may be denied when the plan you develop does not:

- (a) Include services in the New Freedom definition;
- (b) Address your needs as it relates to performance of activities of daily living and instrumental activities of daily living;
- (c) Include strategies and steps to address known critical risks;

- (d) Identify the payment rate; or
- (e) Adequately describe the service.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1460, filed 7/25/06, effective 8/25/06.]

WAC 388-106-1465 Who can deny my New Freedom spending plan (NFSP)? Your plan can be denied by your New Freedom consultant, who assists NFCDS participants to develop and use a New Freedom spending plan to:

- (a) Meet identified needs;
- (b) Address health and safety needs;
- (c) Develop options to meet those needs;
- (d) Make informed decisions about their individual budget; and

WAC 388-106-1470 Are there waiting lists for New Freedom consumer directed services (NFCDS)? The department will create a waiting list for NFCDS in accordance with caseload limits determined by legislative funding. Participants on the waiting list will gain access in the following order:

- (1) Nursing home residents who are returning home and are assessed for NFCDS waiver services will be ranked first on the waiting list by date of application for services;
- (2) Individuals living in the community with a higher level of need, as determined by the CARE assessment, will be ranked higher on the wait list over participants with a lower level of need; and
- (3) When two or more individuals on the waiting list have equal need levels, the individual with the earlier application for NFCDS will have priority over later applications for services.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1470, filed 7/25/06, effective 8/25/06.]

WAC 388-106-1475 How do I end enrollment in New Freedom consumer directed services (NFCDS)? (1) You may choose to voluntarily end your enrollment from NFCDS without cause at any time. To do so, you must give notice to the department. If you give notice:

- (a) Before the fifteenth of the month, the department will end your enrollment at the end of the month; or
- (b) After the fifteenth, the department will end your enrollment the end of the following month.
- (2) Your enrollment may also end involuntarily if you:
 - (a) Move out of the designated service area or are out of the service area for more than thirty consecutive days, unless you have documented the purpose of the longer absence in the NFSP; or

(b) Do not meet the terms for consumer direction of services outlined in the NFCDS enrollment agreement when:

- (i) Even with help from a representative, you are unable to develop a NFSP or self-direct services or manage your individual budget or NFSP;
- (ii) Any one factor or several factors of such a magnitude jeopardize the health, welfare, and safety of you and others, requiring termination of services under WAC 388-106-0047;

(2007 Ed.)

- (iii) You become financially ineligible for Medicaid services; or
- (iv) You no longer meet the nursing facility level of care requirement as defined in WAC 388-106-0355.

[Statutory Authority: RCW 74.08.090, 74.09.520, 74.39A.030. 06-16-035, § 388-106-1475, filed 7/25/06, effective 8/25/06.]

WAC 388-110-140 Assisted living services facility structural requirements. (1) In a boarding home with an assisted living services contract, the contractor must ensure each resident has a private apartment-like unit meeting the requirements of a type 'B' dwelling unit as defined by the International Code Council A117.1 as adopted by the Washington State Building Code Council. Except as provided in subsection (3) of this section, each unit must have at least the following:

(a) A minimum area of one hundred eighty square feet in an existing boarding home, and two hundred twenty square feet in a new boarding home. The minimum area may include counters, closets and built-ins, but must exclude the bathroom;

(b) A separate private bathroom, which includes a sink, toilet, and a shower or bathtub. In a new boarding home, the contractor must provide a minimum of one wheelchair accessible bathroom with a roll-in shower that is at least forty-eight inches by thirty inches for every two residents whose care is partially or fully funded by the department through the assisted living contract;

(c) A lockable entry door;

(d) A kitchen area equipped with a refrigerator, a microwave oven or stovetop, and a counter or table for food preparation. In a new boarding home, the kitchen area must also be equipped with a storage space for utensils and supplies, and a counter surface, a minimum of thirty inches wide by twenty-four inches in depth, a maximum height of thirty-four inches, and a knee space beneath at least twenty-seven inches in height; and

(e) A living area wired for telephone and, where available in the geographic location, wired for television service.

(2)(a) For purposes of this section, a new boarding home is:

(i) A new building to be used as a boarding home or part of a boarding home, for which plans are submitted to the department of health for construction review on or after June 8, 1996; or

(ii) An addition, modification, or alteration to an existing licensed boarding home, for which plans are submitted to the

department of health for construction review on or after June 8, 1996.

(A) The department may, in consultation with the office of construction review services in the department of health, exempt from selected new boarding home contract construction requirements, a limited addition, modification, or alteration to an existing licensed boarding home that will improve the quality of life for residents, if compliance with all new boarding home contract construction requirements would otherwise make the limited addition, modification, or alteration cost prohibitive. A limited addition, modification, or alteration means any physical change to an existing licensed boarding home that does not affect the structural integrity of the building, does not affect fire and life safety, and does not increase the boarding home's maximum facility capacity as defined in WAC 388-78A-2020.

(B) A major addition, modification, or alteration to an existing licensed boarding home must meet new boarding home contract construction requirements for applicable portions of the building. A major addition, modification, or alteration means any physical change within a room or area in an existing licensed boarding home that results in reconstruction to structural or other building systems.

(b) All boarding homes that are not new boarding homes under subsection (2)(a) of this section, are existing boarding homes. An existing building, or portion thereof, that is converted to boarding home use must be considered an existing boarding home unless there is an addition, modification or alteration to the existing building.

(3) If a boarding home submitted plans to the department of health for construction review on or after June 8, 1996, and the boarding home had an assisted living contract as of September 1, 2004, then the boarding home is "grandfathered" under the contracting rules for structural requirements that were in effect at the time of contracting and is considered to meet the assisted living structural requirements of subsection (1) of this section. However, if the same boarding home submits plans to the department of health for construction review for an addition, modification or alteration of the boarding home after September 1, 2004, then the boarding home must meet the current new boarding home requirements of subsection (1) for the applicable portions of the building.

(4) Married couples may share an apartment-like unit under an assisted living contract if:

(a) Both residents understand they are each entitled to live in a separate private unit; and

(b) Both residents mutually request to share a single apartment-like unit.

(5) In a new boarding home, the contractor must provide a private accessible mailbox in which the resident may receive mail.

(6) The contractor must provide homelike smoke-free common areas with sufficient space for socialization designed to meet resident needs. Common areas must be available for resident use at any time provided such use does not disturb the health or safety of other residents. The contractor must make access to outdoor areas available to all residents.

(7) The contractor must provide a space for residents to meet with family and friends outside the resident's living unit.

(8) The department may grant an exemption to the requirements of this section as they apply to a specified resident when it is in the best interest of the specific resident.

(1) Ensure that both the physical environment and the delivery of assisted living services are designed to enhance autonomy in ways which reflect personal and social values of dignity, privacy, independence, individuality, choice and decision making of residents. The contractor must provide resident services in a homelike environment for residents who may have a range of needs and preferences.

(2) Must provide or arrange for, at no additional cost to the resident and consistent with chapter 388-78A WAC:

(a) Intermittent nursing services;

(d) Supportive services that promote independence and self-sufficiency.

(3) Make available and offer at no additional cost to the resident generic personal care items needed by the resident such as soap, shampoo, toilet paper, toothbrush, toothpaste, deodorant, sanitary napkins, and disposable razors. (a) Failed or refused to comply with the applicable requirements of chapter 74.39A RCW, of chapter 70.129 RCW, chapter 388-78A WAC or of this chapter;

(b) When violations of this chapter pose a serious risk to a resident, are recurring or have been uncorrected, the department must impose a remedy or remedies listed under subsection (3)(a). In determining which remedy or remedies to impose, the department must take into account the severity of the impact of the violations on residents and which remedy or remedies are likely to improve resident outcomes and satisfaction in a timely manner.

(3)(a) Actions and remedies the department is authorized to impose include:

(c) Conditions the department may impose on a contract include, but are not limited to the following:

(i) Correction within a specified time;

The department is committed to ensuring that children who receive emergency respite care experience health, safety, and well-being. We want these children's experiences to be beneficial to them not only in the short term, but also in the long term. Our licensing requirements reflect our commitment to children.

PURPOSE AND DEFINITIONS

WAC 388-148-0005 What is the purpose of this chapter? The department issues or denies a license or certification on the basis of compliance with licensing requirements. This chapter defines general and specific licensing requirements for foster homes, staffed residential homes, group facilities, and child-placing agencies. We include licensing requirements for people who operate foster homes, group care programs and facilities, staffed residential homes, and child-placing agencies. In addition, we describe our requirements for specialized services offered in these homes and facilities, including: Maternity services, day treatment services, crisis residential centers, group receiving centers services for children with severe developmental disabilities and programs for medically fragile children. Unless noted otherwise, these requirements apply to people who want to be licensed, certified, relicensed and re-certified.

The department is committed to ensuring that the children who receive care experience health, safety, and well-being. We want these children's experiences to be beneficial to them not only in the short run, but also in the long term. Our licensing requirements reflect our commitment to children.

We reimburse the local telephone company an amount equal to one-half the connection fee rate or twenty-two dollars, whichever is less, for your first connection at a given address. If you move, we will reimburse the local telephone company for your first connection at the new address.

(iii) Waiver of local deposit.

We reimburse the local telephone company an amount up to two times the WTAP assistance rate.

(b) Correct, verifiable billing items;

(1) A TANF grant, except when exempt under WAC 388-290-0070 (1)(h);

(3) Supplemental Security Income (SSI);

(4) Other Social Security payments, such as SSA and SSDI;

(5) Refugee assistance payments;

(6) Payments from the Veterans' Administration, disability payments, or payments from labor and industries (L&I);

(10) Gross wages from employment or self-employment. Gross wages includes any wages that are taxable. "Self-employment income" means your gross income from self-employment minus allowable business expenses in WAC 388-450-0085;

(11) Lump sums as money you get from a one-time payment such as back child support, an inheritance, or gambling winnings; and

(12) Income for the sale of property as follows:

(a) If you sold the property before application, we consider the proceeds an asset and do not count as income;

WAC 388-290-0065 How does the WCCC program define and use my income? We use your countable income when determining your eligibility and copayment. Your countable income is the sum of all income listed in WAC 388-290-0060 minus any child support paid out (through a court order, division of child support administrative order, or tribal government order).

(1) To determine your income we:

(a) Determine the number of months, weeks or pay periods it took your family to earn the income and divide the income by the number of months, weeks or pay periods to get an average monthly amount; or

(b) Use the best available estimate of your family's current income when you begin new employment or if you don't have an income history to make an accurate estimate of your future income, we may ask your employer to verify your income.

(2) If you receive a lump sum payment (such as money from the sale of property or back child support payment) in the month of application or during your WCCC eligibility we:

(a) Divide the lump sum payment by twelve to come up with a monthly amount; and

(b) Add the monthly amount to your expected average monthly income for the month it was received and the remaining months of the current authorization period;

(c) You must meet income guidelines for WCCC after the lump sum payment is applied to remain eligible for WCCC.

[Title 388 WAC—p. 753]

(a) Determine your family size (under WAC 388-290-0015); and

(b) Determine your countable income (under WAC 388-290-0065).

(2) If your family's countable monthly income falls within the range below, then your copayment is:

YOUR INCOME	YOUR COPAYMENT is:
At or below 82% of the FPL	\$15
Above 82% of the FPL up to 137.5% of the FPL	\$50
Above 137.5% of the FPL -200% of the FPL	The dollar amount equal to subtracting 137.5% of FPL from countable income, multiplying by 44%, then adding \$50

(3) We do not prorate the copayment when you use care for part of a month.

WAC 388-290-0155 What happens after the WCCC program receives the background information? After we receive the background information we:

(1) Compare the background information with convictions posted on the DSHS secretary's crime and action list for background checks for economic services administration (ESA). You can find the complete list at <http://www1.dshs.wa.gov/esa/dccel/policy.shtml>.

(2) Review the background information using the following rules:

(a) We give the same weight to a pending charge for a crime as a conviction;

(b) If the conviction has been renamed, we give the same weight as the previous named conviction. For example, larceny is now called theft;

(c) We give convictions whose titles are preceded with the word "attempted" the same weight as those titles without the word "attempted"; and

(d) We do not consider the crime a conviction for the purposes of WCCC when:

(i) It has been pardoned; or

(ii) A court of law acts to expunge, dismiss, or vacate the conviction record.

(3) Notify you whether or not we are able to approve the provider for WCCC.

(4) Allow you, the consumer, to decide character and suitability of the provider when an individual is not automatically disqualified due to the background information from the record of arrests and prosecutions (RAP) sheet.

(5) Deny or stop payment when the background information disqualifies the individual being checked.

(6) Assist you in finding other child care arrangements.

WAC 388-290-0160 What convictions would cause the WCCC program to permanently disqualify my in-home/relative provider? (1) If your provider or an individual listed in WAC 388-290-0143(1) has a background containing a permanently disqualifying conviction posted on the DSHS secretary's list of disqualifying convictions for ESA, we permanently disqualify the person as an in-home/relative child care provider for WCCC. WAC 388-290-0165 Is there other background information or convictions that will disqualify my in-home/relative provider? (1) We can disqualify your in-home/relative provider if the individual being checked has a background containing information other than conviction information that we determine:

(a) Makes the individual not of suitable character and competence or of sufficient physical or mental health to meet the needs of the child in care; or

(b) Puts the household at risk for harm.

(2) If an individual being checked has a background containing a five-year disqualifying conviction posted on the DSHS secretary's list of disqualifying convictions for ESA, your provider is disqualified as an in-home/relative child care provider for WCCC for five years after the conviction date. You can find the complete list at <http://www1.dshs.wa.gov/esa/dccel/>.

(3) If an individual being checked has:

(a) A conviction listed in subsection (2) of this section, and it has been more than five years; or

(b) Any conviction other than those posted on the DSHS secretary's list of disqualifying convictions for ESA we will allow you to determine the provider's character, suitability, and competence by reviewing important information such as the:

- (i) Amount of time that has passed since the conviction;
- (ii) Seriousness of the crime that led to the conviction;
- (iii) Individual's age at the time of conviction;
- (iv) Individual's behavior since the conviction;

(v) Number and types of convictions in the individual's background; and

(vi) Individual's verification, if any, of successful completion of all court-ordered programs and restitution.

(4) If conditions in WAC 388-290-0167 (1)(a) and (b) are met, the disqualifying background of an individual sixteen years of age or over living with the provider may not disqualify the provider.

WAC 388-310-0100 WorkFirst—Purpose. (1) What is the WorkFirst program?

The WorkFirst program offers services and activities to help people in low-income families find jobs, keep their jobs, find better jobs and become self-sufficient. The program links families to a variety of state, federal and community resources to meet this goal. When you enter the WorkFirst program, you will be asked to work, look for work and/or prepare for work.

(2) Who does the WorkFirst program serve?

The WorkFirst program serves three groups:

(a) Parents and children age sixteen or older who receive cash assistance under the temporary assistance for needy families (TANF), general assistance for pregnant women (GA-S) or state family assistance (SFA) programs; and

(b) Parents who no longer receive cash assistance and need some continuing support to remain self-sufficient; and

(c) Low income parents who support their family without applying for or relying on cash assistance.

[Statutory Authority: RCW 74.08.090 and 74.04.050. 99-08-051, § 388-310-0100, filed 4/1/99, effective 5/2/99; 97-20-129, § 388-310-0100, filed 10/1/97, effective 11/1/97.]

If you decide later to stop participating full-time, and you still qualify for the part-time exemption, you will be put back into part-time exempt status with no financial penalty. For a description of participation activities see WAC 388-310-1450.

(3) Does an exemption from participation affect my sixty-month time limit for receiving TANF or SFA benefits?

An exemption from participation does not affect your sixty-month time limit for receiving TANF or SFA benefits (described in WAC 388-484-0005). Even if exempt from participation, each month you receive a TANF/SFA grant counts toward your sixty-month limit.

WAC 388-310-0350 WorkFirst—Other exemptions from mandatory participation. (1) When am I exempt from mandatory participation?

You are exempt from mandatory participation if you are:

- (a) An older needy caretaker relative:
 - (i) You are fifty-five years of age or older and caring for a child and you are not the child's parent; and

[Title 388 WAC—p. 765]

(iii) Your disability is verified by documentation from the division of developmental disabilities (DDD), division of vocational rehabilitation (DVR), home and community services division (HCS), division of mental health (MHD), and/or regional support network (RSN), or evidence from another medical or mental health professional; and

(iv) Your SSI application status may be verified through the SSI facilitator and/or state data exchange.

(c) Required in the home to care for a child with special needs when:

(i) The child has a special medical, developmental, mental, or behavioral condition; and

(ii) The child is determined by a public health nurse, physician, mental health provider, school professional, other medical professional, HCS, MHD, and/or a RSN to require specialized care or treatment that significantly interferes with your ability to look for work or work.

(iv) The disability is verified by documentation from DDD, DVR, HCS, MHD, and/or a RSN, or evidence from another medical or mental health professional.

(2) Who reviews and approves an exemption?

(a) If it appears that you may qualify for an exemption or you ask for an exemption, your case manager or social worker will review the information and we will use the case staffing process to determine whether the exemption will be approved. Case staffing is a process to bring together a team of multidisciplinary experts including relevant professionals and the client to identify participant issues, review case history and information, and recommend solutions.

(b) If additional medical or other documentation is needed to determine if you are exempt, your IRP will allow between thirty days and up to ninety if approved to gather the necessary documentation.

(c) Information needed to verify your exemption should meet the standards for verification described in WAC 388-490-0005. If you need help gathering information to verify your exemption, you can ask us for help. If you have been identified as needing NSA services, under chapter 388-472 WAC, your accommodation plan should include information on how we will assist you with getting the verification needed.

(d) After the case staffing, we will send you a notice that tells you whether your exemption was approved, how to request a fair hearing if you disagree with the decision, and any changes to your IRP that were made as a result of the case staffing.

(3) Can I participate in WorkFirst while I am exempt?

(a) You may choose to participate in WorkFirst while you are exempt.

(b) Your WorkFirst case manager may refer you to other service providers who may help you improve your skills and move into employment.

(c) If you decide later to stop participating, and you still qualify for an exemption, you will be put back into exempt status with no financial penalty.

(4) Does an exemption from participation affect my sixty-month time limit for receiving TANF/SFA benefits?

An exemption from participation does not affect your sixty-month time limit (described in WAC 388-484-0005) for receiving TANF/SFA benefits. Even if exempt from participation, each month you receive a TANF/SFA grant counts toward your sixty-month limit.

(5) How long will my exemption last?

Unless you are an older caretaker relative, your exemption will be reviewed at least every twelve months to make sure that you still meet the criteria for an exemption. Your exemption will continue as long as you continue to meet the criteria for an exemption.

(6) What happens when I am no longer exempt?

If you are no longer exempt, then:

(a) You will become a mandatory participant under WAC 388-310-0400; and

(b) If you have received sixty or more months of TANF/SFA, your case will be reviewed for an extension. (See WAC 388-484-0006 for a description of TANF/SFA time limit extensions.)

(7) For time-limited extensions, see WAC 388-484-0006.

WAC 388-310-0400 WorkFirst—Entering the WorkFirst program as a mandatory participant. (1) What happens when I enter the WorkFirst program as a mandatory participant?

If you are a mandatory participant, you must follow instructions as written in your individual responsibility plan (see WAC 388-310-0500), which is written after you have participated in a comprehensive evaluation of elements related to your employability. If you have been identified as someone who needs necessary supplemental accommodation (NSA) services (defined in chapter 388-472 WAC) your case manager will first develop an accommodation plan to help you access WorkFirst services. The case manager will use the accommodation plan to help develop your IRP with you. If you have been identified as a victim of family violence (defined in WAC 388-61-001), you and your case manager will develop an IRP to help you with your situation, including referrals to appropriate services.

If you are a mandatory participant, your case manager will refer you to WorkFirst activities unless any of the following applies to you:

(a) You work thirty-two or more hours a week. **"Work"** means to engage in any legal, income generating activity which is taxable under the United States tax code or which would be taxable with or without a treaty between an Indian Nation and the United States;

(b) You work sixteen or more hours a week in the federal or state work study program and you attend a Washington state community or technical college at least half time;

(c) You work twenty or more hours a week in unsubsidized employment and attend a Washington state community or technical college at least half time;

(d) You are under the age of eighteen, have not completed high school, GED or its equivalent and are in school full time;

(e) You are eighteen or nineteen years of age and are attending high school or an equivalent full time;

(f) You are pregnant or have a child under the age of twelve months, and are participating in other pregnancy to employment activities. See WAC 388-310-1450;

(g) Your situation prevents you from looking for a job and you are conducting activities identified on your IRP to help you with your situation. (For example, you may be unable to look for a job while you have health problems or you are homeless); or

(h) Your situation prevents you from looking for work because you are a victim of family violence and you are conducting activities on your IRP to help you with your situation.

(2) How will I know what my participation requirements are?

(a) Your individual responsibility plan will describe what you need to do to be able to enter job search or other WorkFirst activities and then find a job (see WAC 388-310-0500 and 388-310-0700).

(b) If you enter the pregnancy to employment pathway (described in WAC 388-310-1450(2)), you must take part in an assessment.

(3) What happens if I do not follow my WorkFirst requirements?

If you do not participate in creating an individual responsibility plan, job search, or in the activities listed in your individual responsibility plan, and you do not have a good reason, the department will follow the sanction rules in WAC 388-310-1600.

WAC 388-310-0500 WorkFirst—Individual responsibility plan. (1) What is the purpose of my individual responsibility plan?

The purpose of your individual responsibility plan is to give you a written statement that describes:

(a) What your responsibilities are; and

(b) Which WorkFirst activities you are required to participate in; and

(c) What services you will receive so you are able to participate.

(2) What is included in my individual responsibility plan?

Your individual responsibility plan includes the following:

(a) What WorkFirst activities you must do and the participation requirements for those activities including the amount of time you will spend doing the activities, a start and end date for each activity and the requirement to participate fully.

(2007 Ed.)

(b) Any other specific requirements that are tied to the WorkFirst work activity. For example, you might be required to learn English as part of your work experience activity.

(c) What services we will provide to help you participate in the activity. For example, you may require support services (such as help with paying for transportation) or help with paying childcare.

(d) Your statement that you recognize the need to become and remain employed as quickly as possible.

(3) How is my individual responsibility plan developed?

You and your case manager will work together and use information gathered from your comprehensive evaluation (see WAC 388-310-0700) to develop your individual responsibility plan and decide what activities will be included in it. Then, your case manager will assign you to specific WorkFirst activities that will help you find employment.

(4) What happens after my individual responsibility plan is completed?

Once your individual responsibility plan is completed:

(a) You will sign and get a copy of your individual responsibility plan.

(b) You and your case manager will review your plan as necessary over the coming months to make sure your plan continues to meet your employment needs. You will sign and get a copy of your individual responsibility plan every time it is reviewed and changed.

(5) What should I do if I cannot go to a required WorkFirst appointment or activity because of a temporary situation outside of my control?

If you cannot participate because of a temporary situation outside of your control, you must call the telephone number shown on your individual responsibility plan on the same day you were to report to explain your situation. You will be given an excused absence. Some examples of excused absences include:

(a) You, your children or other family members are ill;

(b) Your transportation or child care arrangements break down and you cannot make new arrangements in time to comply;

(c) A significant person in your life died; or

(d) A family violence situation arose or worsened.

(6) What happens if I don't call in on the same day I am unable to attend to get an excused absence?

If you do not call in on the same day you are unable to attend to get an excused absence, it will be considered an unexcused absence.

If you exceed the number of unexcused absences allowed on your individual responsibility plan, without good cause, your case manager will begin the sanction process. (See WAC 388-310-1600 for more details.)

WAC 388-310-0600 WorkFirst—Job search. (1) What is job search?

Job search is an opportunity to learn and use skills you need to find and keep a job. Job search may include:

- (a) Classroom instruction; and/or
- (b) Structured job search that helps you find job openings, complete applications, practice interviews and apply other skills and abilities with a job search specialist or a group of fellow job-seekers; and/or
- (c) Preemployment training; and/or
- (d) High-wage/high-demand training.

(2) What is preemployment training?

Preemployment training helps you learn skills you need for an identified entry level job that pays more than average entry level wages.

(a) Preemployment training is an acceptable job search activity when an employer or industry commits to hiring or giving hiring preference to WorkFirst participants who successfully complete preemployment training.

(b) You can find out about current preemployment training opportunities by asking your job service specialist, your case manager or staff at your local community and technical college.

(3) What is high-wage/high-demand training?

(a) There are two types of high-wage/high-demand (HWHD) full-time training options for TANF recipients to complete a certificate or degree that will lead to employment in a high-wage/high-demand occupation:

(i) Information technology, health care or other professional-technical programs: This option allows you to start and finish a one-year or shorter state community or technical college training program in the information technology, health care fields or other professional-technical programs that meet high-wage high-demand criteria; and/or

(ii) Certificate/degree completion: This option allows you to finish up the last year of any certificate or degree program in a high-wage/high-demand field on an exception basis. The high-wage/high-demand criteria for this option is based on median income and high-demand occupations within the local labor market as determined by employment security department.

(b) For both types of HWHD training, the training can be approved one-time only (barring an approved exception to policy). There is no work requirement with either option for the twelve months of training time.

(c) To qualify for HWHD training, you must also:

- (i) Meet all of the prerequisites for the course;
- (ii) Obtain the certificate or degree within twelve calendar months;
- (iii) Participate full time in the training program and make satisfactory progress;
- (iv) Work with colocated ESD staff during the last quarter of training for job placement; and
- (v) Return to job search once you complete the educational program if still unemployed.

(4) Who provides me with job search?

You get job search from the employment security department or another organization under contract with WorkFirst to provide these services.

(5) How long do I stay in job search?

Periods of job search will start with a review of the work skills assessment portion of your comprehensive evaluation and may last up to twelve continuous weeks. Job search specialists will monitor your progress. By the end of the first four weeks, a job search specialist will determine whether you should continue in job search. Job search will end when:

- (a) You find a full-time job; or
- (b) You become exempt from WorkFirst requirements (see WAC 388-310-0300); or
- (c) Your situation changes and the case manager changes the activities on your IRP to fit your new circumstances (see WAC 388-310-0400); or
- (d) After fully participating in job search, and based on your experience in looking for work in the local labor market, it is determined that you need additional skills and/or experience to find a job; or
- (e) You have not found a job at the end of the job search period.

(f) You have not found a job at the end of the job search period.

(6) What happens at the end of job search if I have not found a job?

At the end of each job search period, you will be referred back to your case manager who will, at a minimum, review and update the DSHS portion of your comprehensive evaluation if you have not found a job. You and your case manager will also modify your individual responsibility plan.

WAC 388-310-0700 WorkFirst—Comprehensive evaluation. (1) Why do I receive a comprehensive evaluation?

You participate in a comprehensive evaluation with your case manager and other WorkFirst staff to determine:

- (a) Your employment strengths, your educational background, family situation and other factors; and
- (b) Which WorkFirst activities you need to become employed.

(2) What is the comprehensive evaluation and when will it be used?

(a) The comprehensive evaluation is a series of questions, answers and evaluations focused on your strengths, job skills, education and other relevant elements. The results of the comprehensive evaluation are used to determine your ability to find and keep a job in your local labor market and what WorkFirst activities will help you prepare for and find work. It includes:

(i) An employability evaluation with your case manager, discussing important issues that can affect your ability to find a job, like child care, family violence or substance abuse. Your case manager will also ask you a few questions to find out if you might benefit from engaging in financial literacy activities such as money management training or any other

type of credit counseling service. If so, we will tell you how to get this information;

(ii) A work skills assessment to review your education, employment history, employment strengths and job skills; and

(iii) Educational and other evaluations.

(b) You and your case manager and/or social worker use the information and recommendations from these evaluations to create or modify your individual responsibility plan, adding activities that help you become employable.

(c) After your comprehensive evaluation, you may receive more assessments to find out if you need additional services.

(5) What other rules apply specifically to subsidized or on-the-job training positions?

If you are in a subsidized or on-the-job training position:

(a) WorkFirst state agencies must stop paying your wage or on-the-job training subsidy to your employer if your employer's worksite or operation becomes involved in a strike, lockout or bona fide labor dispute.

(b) If your wage subsidy or on-the-job training agreement is ended (and we stop paying any subsidies to your employer) because you were used to displace another employee, it will be up to you and the employer to decide whether you can (or want to) keep working there.

WAC 388-310-1600 WorkFirst—Sanctions. (1) What WorkFirst requirements do I have to meet?

You must do the following when you are a mandatory WorkFirst participant:

(a) Give the department the information we need to develop your individual responsibility plan (IRP) (see WAC 388-310-0500);

(b) Show that you are participating fully to meet all of the requirements listed on your individual responsibility plan;

(c) Go to scheduled appointments listed in your individual responsibility plan;

(d) Follow the participation and attendance rules of the people who provide your assigned WorkFirst services or activities; and

(e) Accept available paid employment when it meets the criteria in WAC 388-310-1500.

(2) What happens if I don't meet WorkFirst requirements?

(a) If you do not meet WorkFirst requirements, we will send you a letter telling you what you did not do.

(b) You will have ten days to contact us so we can talk with you about the situation. You can contact us in writing, by phone, by going to the appointment described in the letter, or by asking for an individual appointment.

(c) If you do not contact us within ten days, we will make sure you have been screened for family violence and other barriers to participation. We will use existing information to decide whether:

(i) You were unable to do what was required; or

(ii) You were able, but refused, to do what was required.

(d) If you had a good reason not to do a required activity we will work with you and may change the requirements in your individual responsibility plan if a different WorkFirst activity would help you move towards independence and employment sooner. If you have been unable to meet your WorkFirst requirements because of family violence, you and your case manager will develop an IRP to help you with your situation, including referrals to appropriate services.

(e) Before you are placed in sanction:

(i) We will have a case staffing which is a meeting with you, your case manager and other people involved in your case to review your situation and make plans. At your case staffing, we will ensure you were offered the opportunity to participate, discuss what happens if you stay in sanction, discuss how participation helps you and your family and discuss how to end your sanction. You will be notified when your case staffing is going to happen so you can attend. You can invite anyone you want to come with you to your case staffing.

(ii) Effective September 1, 2006, supervisory staff will review your case and must approve the sanction.

(f) If you are sanctioned, we will actively attempt to contact you another way so we can talk to you about the benefits of participation and how to end your sanction.

(3) What is considered a good reason for not being able to do what WorkFirst requires?

You have a good reason if it was not possible to do what WorkFirst requires (or get an excused absence, described in WAC 388-310-0500(5)) due to a significant problem or event outside your control. Some examples of good reasons include, but are not limited to:

(a) You had an emergent or severe physical, mental or emotional condition, confirmed by a licensed health care professional that interfered with your ability to participate;

(b) You were threatened with or subjected to family violence;

(c) You could not locate child care for your children under thirteen years that was:

(i) Affordable (did not cost you more than your co-payment would under the working connections child care program in chapter 388-290 WAC);

(ii) Appropriate (licensed, certified or approved under federal, state or tribal law and regulations for the type of care you use and you were able to choose, within locally available options, who would provide it); and

(iii) Within a reasonable distance (within reach without traveling farther than is normally expected in your community).

(iv) You could not locate other care services for an incapacitated person who lives with you and your children.

(d) You had an immediate legal problem, such as an eviction notice; or

(e) You are a person who gets necessary supplemental accommodation (NSA) services under chapter 388-472 WAC and your limitation kept you from participating. If you have a good reason because you need NSA services, we will review your accommodation plan.

(4) What if we decide that you did not have a good reason for failing to meet WorkFirst requirements?

If we decide that you did not have a good reason for failing to meet WorkFirst requirements, we will send you a letter that tells you:

- (a) What you failed to do;
- (b) That you are in sanction status;
- (c) Penalties that will be applied to your grant;
- (d) When the penalties will be applied;
- (e) How to request a fair hearing if you disagree with this decision; and
- (f) How to end the penalties and get out of sanction status.

(5) What is sanction status?

When you are a mandatory WorkFirst participant, you must follow WorkFirst requirements to qualify for your full grant. If you or someone else on your grant doesn't comply and you can't prove that you had a good reason, you do not qualify for your full grant. This is called being in WorkFirst sanction status.

(6) Are there penalties when you or someone in my household goes into sanction status?

- (a) When someone in your household is in sanction status, we impose penalties. The penalties last until you or the household member meet WorkFirst requirements.
- (b) Your grant is reduced by the person(s) share or forty percent, whichever is more.

(7) How do I end the penalties and get out of sanction status?

To stop the penalties and get out of sanction status:

- (a) You must provide the information we requested to develop your individual responsibility plan; and/or
- (b) Start and continue to do your required WorkFirst activities for four weeks in a row (that is, twenty-eight calendar days).
- (c) When you leave sanction status, your grant will be restored to the level for which you are eligible beginning the first of the month following your four weeks of participation. For example, if you finished your four weeks of participation on June 15, your grant would be restored on July 1.

(8) What if I reapply for TANF or SFA and I was in sanction status when my case closed?

- (a) If your case closes while you are in sanction status and is reopened in six months or less, you will start out in sanction.
- (b) Effective September 1, 2006, if you come back in sanction, you will start out where you left off in sanction. (That is, if you left off in month three of sanction, you will come back on in month four of sanction.)
- (c) If your case has been closed for more than six months, you will not be in sanction status if your case is reopened.

(9) What happens effective September 1, 2006 if I stay in sanction status? Effective September 1, 2006, if you stay in sanction status:

- (a) Your case manager will review your record after you have been in sanction for at least three months in a row to make sure:
 - (i) You knew what was required;
 - (ii) You were told how to end your sanction;

- (iii) We tried to talk to you and to encourage you to participate; and

- (iv) You were given a chance to tell us if you were unable to do what we required.

- (b) Your case manager will invite you to a noncompliance sanction case staffing.

- (i) You will be notified when your noncompliance sanction case staffing is going to happen so you can attend.

- (ii) Your case manager will also invite other people who are working with your family to your noncompliance sanction case staffing, like representatives from tribes, community or technical colleges, employment security, the children's administration or limited-english proficient (LEP) pathway providers.

- (iii) You can invite anyone you want to come with you to your case staffing.

- (c) At your noncompliance sanction case staffing, we will discuss with you:

- (i) How you and your family benefit when you participate in WorkFirst activities;

- (ii) How you can participate, and get out of sanction;

- (iii) That if you continue to refuse to participate, without good cause, a sanction review panel may review your case, and decide to close your case after you have been in sanction status for six months in a row.

- (iv) How you plan to care for and support your children if a sanction review panel closes your case. We will also discuss the safety of your family, as needed, using the guidelines under RCW 26.44.030; and

- (v) How to reapply if a sanction review panel closes your case.

- (d) If you do not come to your noncompliance sanction case staffing, we will make a decision based on the information we have. We will also attempt to visit you at your home so you have another chance to talk to us about the benefits of participation and how to end your sanction.

- (e) If we decide you are refusing to participate without a good reason:

- (i) We will send you information about resources you may need if a sanction review panel closes your case;

- (ii) We will send information to a sanction review panel with a recommendation to close your case. We will only do this after a community services office administrator reviews your case to make sure the sanction is appropriate and we tried to reengage you in the program; and

- (iii) The sanction review panel will review your case and make the final decision.

(10) What is a sanction review panel?

- (a) The sanction review panel is a small group of people who are independent of your local community services office and do a thorough, objective review of your sanction.

- (b) The sanction review panel makes the final decision about whether to close your case after receiving a recommendation from your case manager and reviewing your case to make sure the original sanction was appropriate and we made attempts to reengage you in the program.

(11) What happens when a sanction review panel decides to close my case?

When a sanction review panel decides to close your case, we will send you a letter to tell you:

- (a) What you failed to do;

(b) When your case will be closed;
 (c) How to request a fair hearing if you disagree with this decision;

(d) How to end your penalties and keep your case open (if you are able to participate for four weeks in a row before we close your case); and

(e) How your participation before your case is closed can be used to meet the participation requirement in subsection (12).

(12) What if I reapply for TANF or SFA after a sanction review panel closed my case?

(a) If a sanction review panel closes your case and you apply within six months, you must participate for four weeks in a row before you can receive cash. Once you have met your four week participation requirement, your cash benefits will start, going back to the date we had all the other information we needed to make an eligibility decision.

(b) You will not be required to participate for four weeks in a row before you receive cash if you apply after your case has been closed for six months or longer.

(13) What if my TANF or SFA is closed by a sanction review panel, reopened and I go into sanction again?

(a) When a sanction review panel closes your case, and we reopen your case, we will follow all steps in subsection (9) of this section (like the case review and the non-compliance case staffing) during your second month of sanction.

(b) The sanction review panel may close your case after you are in sanction status for three months in a row.

(c) If your case is closed, and you reapply, we will follow the rules in subsection (12) of this section to reopen your case.

WAC 388-310-2000 Individual development accounts (IDA). (1) What are individual development accounts?

Individual development accounts (IDAs) are special savings accounts for people eligible for or receiving TANF or SFA. The IDA's will help families save money for qualified purchases that will help them become financially self-sufficient. Your IDA account may only be used for the following qualified purchase: Acquisition cost for a first home, post-secondary education expenses, or business expenses for self-employment. You may only deposit income that you have earned through work into an IDA, the state matches those funds, helping you reach your goal more quickly.

(2) Who helps you set up an IDA?

The state office of trade and economic development (OTED) administers the IDA program. OTED contracts with local nonprofit agencies to enroll participants in the IDA program, monitor account activity and provide training and other support services while you are enrolled.

(2007 Ed.)

(3) Who can enroll in the IDA program?

To enroll in the IDA program, you must receive (or be eligible to receive) TANF or SFA assistance, or post TANF families with income below one hundred seventy-five percent of the federal poverty level. You may remain enrolled in the program for three years from the date of opening your IDA account.

(4) What happens once you enroll in the IDA program?

Once you've enrolled, your IDA contractor will help you develop an individual savings plan that identifies the steps you must take to earn the match. To earn the match you must:

(a) Attend financial skills classes to learn how to manage your personal finances.

(b) Open your savings account at a financial institution that is participating in the IDA program through an agreement with the IDA contractor.

(c) Deposit savings from earned income into your account on at least a quarterly basis.

(5) How are your IDA matching funds handled?

Your matching funds are held in a separate account until you are ready to make a qualified purchase. The IDA contractor provides you with monthly statements showing the amount of matching funds you have earned.

(6) How much money can you save with an IDA?

The state will give you up to two dollars for every dollar you save, up to a maximum match of four thousand dollars. So, if you save two thousand dollars (the maximum amount allowed), you could earn four thousand dollars in match, for a total of six thousand dollars.

(7) When can you withdraw money from your account?

When you have an IDA, you really have two types of accounts: your own savings account and a trust account holding your match funds.

(a) You can withdraw your own savings at any time - it's your money; but you will forfeit any match that was earned on those funds and could jeopardize your ability to stay in the program. You also need to report any withdrawals to your DSHS case manager if you are receiving any type of public assistance benefits.

(b) You cannot withdraw your match until you are ready to purchase your asset and have met all of the requirements in your individual savings plan. At that time, the IDA contractor will withdraw the matching funds and pay them directly to the person or organization that you are purchasing your asset from (such as the mortgage company, college, or bank).

(8) Will having an IDA affect your eligibility for other public assistance programs?

The funds held in your IDA cannot be taken into consideration when determining if you qualify for TANF, Social Security, Food Stamps, or Medicaid. However, if you withdraw savings from your IDA other than to purchase your asset, or if you leave the IDA program early, your eligibility could be affected. See WAC 388-470-0045 for more details about how IDAs affect your eligibility for other types of public assistance benefits.

WAC 388-406-0010 How do I apply for benefits? (1)

You can apply for cash assistance, medical assistance, or Basic Food by giving us an application form in person, by mail, by fax, or by completing an online application.

(2) If your entire assistance unit (AU) gets or is applying for Supplemental Security Income (SSI), your AU can file an application for Basic Food at the local Social Security Administration District Office (SSADO).

(3) If you are incapacitated, a dependent child, or cannot apply for benefits on your own for some other reason, a legal guardian, caretaker, or authorized representative can apply for you.

(4) You can apply for cash assistance, medical assistance, or Basic Food with just one application form.

(5) If you apply for benefits at a local office, we accept your application on the same day you come in. If you apply at an office that does not serve the area where you live, we send your application to the appropriate office by the next business day so that office receives your application on the same day we send it.

(6) We accept your application for benefits if it has at least:

(a) For cash or medical assistance, the name, address, and signatures of the responsible adult AU members or person applying for you. A minor child may sign if there is no adult in the AU. Signatures must be either handwritten, electronic or digital as defined by the department, or a mark if witnessed by another person; or

(b) For Basic Food, the name, address, and signature of a responsible member of your AU or person applying for you as an authorized representative under WAC 388-460-0005.

(7) As a part of the application process, we may require you to:

(a) Complete an interview if one is required under WAC 388-452-0005;

(b) Meet WorkFirst participation requirements for four weeks in a row if required under WAC 388-310-1600(12);

(c) Give us the information we need to decide if you are eligible as required under WAC 388-406-0030; and

(d) Give us proof of information as required under WAC 388-490-0005 so we can determine if you are eligible.

(8) If you are eligible for necessary supplemental accommodation (NSA) services under chapter 388-472 WAC, we help you meet the requirements of this section.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090, and chapter 74.08A RCW, 06-10-034, § 388-406-0010, filed 4/27/06, effective 6/1/06. WAC 388-406-0012 What is the date of my application and how does it affect my benefits? The date of your application affects when your benefits start. The date of your application is the date any field office receives your application unless:

(1) Your entire assistance unit gets or applies for Supplemental Security Income (SSI) and applies for Basic Food at the local Social Security office. The date of application is the date Social Security gets your application; or

(2) You apply outside of normal business hours, including applications you submitted online, dropped off, or sent to us by fax. The date of your application is the next business day.

(3) You request Basic Food benefits when you have applied for benefits through another department program, but we have not made a decision on the application. We call this a "pending application." If you ask for Basic Food benefits when you have a pending application for another program:

(a) We use your application for the other program, but we use the date you requested food benefits as your date of application for Basic Food; and

(b) You must provide us the necessary information to determine if you are eligible for Basic Food, even if we did not need this information for the other program.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.04.510. 03-22-039, § 388-406-0012, filed 10/28/03, effective 12/1/03. Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.04.510, and 74.08.090. 02-11-137, § 388-406-0012, filed 5/21/02, effective 7/1/02.]

WAC 388-406-0015 Can I get Basic Food right away? (1) When the department gets your Basic Food application, we look at your circumstances at the time you applied to see if you can get benefits within five calendar days. This is called "expedited service."

(2) To get expedited service, you must provide proof of who you are and meet one of the following conditions:

(a) Have gross monthly income (before taxes), minus exclusions as defined in WAC 388-450-0015, of under one hundred fifty dollars **and** have available cash of one hundred dollars or less; or

(b) Have gross monthly income (before taxes), minus exclusions as defined in WAC 388-450-0015, **plus** available cash of less than your total shelter costs (rent or mortgage and the utility allowance you are eligible for under WAC 388-450-0195); or

(c) Be a destitute migrant or seasonal farm worker household, under WAC 388-406-0021, **and** your household's available cash is one hundred dollars or less.

(3) If you are eligible for expedited service and are not required to have an office interview under WAC 388-452-0005, you can have a telephone interview and still get benefits within five days.

(4) If you are applying for Basic Food, "day one" of your five-day expedited service period starts on the:

(a) Day after the date you filed your application;

(b) Date you are released from a public institution; or

(c) Date of your interview if you:

(i) Waived your expedited interview and we decide you are eligible for expedited service during your rescheduled interview; or

(ii) Were screened as ineligible for expedited service and we later determine you are eligible for the service during your interview.

(5) If you get expedited service, we only require verification of your identity to provide your first benefit issuance within five days. Other required verifications may be postponed.

(6) All postponed verification must be provided for your ongoing eligibility to be determined and any additional benefits to issue. If you applied:

(a) On or before the 15th of the month, we issue one month's benefits and you have up to thirty days from the date of application to give us any postponed verification; or

(b) On or after the 16th of the month, we issue two months' benefits and you have until the end of the second month to give us any postponed verification.

(7) If we can determine ongoing eligibility at your interview and do not need to postpone any required verifications, we will assign you a regular certification period as described in WAC 388-416-0005.

(2007 Ed.)

(8) If you have received expedited service in the past, you can get this service again if you meet the requirements listed in subsection (2) above and you:

(a) Gave us all the information we needed to determine ongoing eligibility for your last expedited service benefit period; or

(b) Were certified under normal processing standards after your last expedited certification.

(9) If you reapply for benefits:

(a) Before your certification period ends, you are not eligible for expedited service;

(b) After your certification period ends, your five-day expedited service period is the same as a new application;

(c) While you receive transitional food assistance as described in chapter 388-489 WAC, you are not eligible for expedited service.

(10) If you are denied expedited service, you can ask for a department review of our decision. We review the decision within two working days.

WAC 388-406-0021 How does being a migrant or seasonal farmworker affect my application for Basic Food? The rules in this section apply to Basic Food assistance.

(1) A migrant farmworker is a person who travels away from home on a regular basis, usually with a group of other workers, to seek employment in an agriculturally related activity. A migrant assistance unit is an assistance unit that travels for this purpose.

(2) A migrant assistance unit (AU) is an AU that travels for this purpose.

(3) A seasonal farmworker is a person who:

(a) Does agricultural work on a farm for edible crops; and

(b) Is not required to be away from their permanent place of residence overnight in order to perform this work.

(4) Agricultural work is field work in either planting, cultivating, or harvesting a crop.

(5) We consider your AU a seasonal farmworker AU if it receives its only countable income from:

(a) Seasonal farmwork;

(b) Unemployment compensation between seasons; or

(6) Your migrant or seasonal farmworker is destitute if:

(a) Your AU received your income for the month of application before the date you applied for benefits and the source of this income no longer provides income; or

(b) Your AU's income for the month of application is from a new source and your AU will not receive more than

twenty-five dollars during the ten calendar days from the date you applied for benefits.

(7) If someone in your AU changes jobs but still works for the same employer, we consider them to be receiving income from the same source.

(8) If your AU is a migrant or seasonal farmworker AU, and your certification period ends, we do not prorate your benefits for the first month of your new certification period unless your certification period ended more than a month before you turned in your application to recertify your benefits.

(9) If your migrant or seasonal farmworker AU is destitute:

(a) We may exclude some of your income for the month you applied for benefits under WAC 488-450-0230; and

(b) We budget your AU's income for the month you applied for benefits using the anticipating monthly method under WAC 388-450-0215.

WAC 388-406-0030 Do I need to submit other information after I apply for benefits? (1) When we get your application for benefits, we decide if other information is needed to determine your eligibility for benefits. If so, we give you:

WAC 388-406-0045 Is there a good reason my application for cash or medical assistance has not been processed? If your application for cash or medical assistance is not processed within the time limits under WAC 388-406-0035, the department must decide if there is a good reason for the delay. This good reason is also called "good cause."

(1) We do not have a good reason for not processing your application for TANF or SFA within thirty days if:

(a) We did not give or send you a notice of what information we needed to determine your eligibility within twenty days from the date of your application;

(b) We did not give or send you a notice that we needed additional information or action within five calendar days of the date we learned that more information was needed to determine eligibility;

(c) We did not process your application within five calendar days from getting the information needed to decide eligibility; and

(d) We decide good cause exists but do not document our decision in the case record on or before the time limit for processing the application ends.

(2) We do have a good reason for not processing your application timely if:

(a) You do not give us the information or take an action needed for us to determine eligibility;

(b) We have an emergency beyond our control; or

(c) There is no other available verification for us to determine eligibility and the eligibility decision depends on information that has been delayed such as:

(i) Medical documentation;

(ii) For cash assistance, extensive property appraisals; or

(iii) Out-of-state documents or correspondence.

(3) For medical assistance, good cause exists only when the department otherwise acted promptly at all stages of the application process.

WAC 388-406-0050 How do I know when my application is processed? (1) Your application is processed when:

(a) We approve or deny benefits; and

(b) We give or send you a letter telling you if you are eligible to get benefits.

(2) Any letters we send you must meet the requirements under chapter 388-458 WAC.

(3) We send you a letter of withdrawal under WAC 388-458-0006 if you voluntarily withdraw an application verbally, in sign language, or in writing.

(4) We send you a letter of denial according to the requirements of WAC 388-406-0060.

WAC 388-406-0055 When do my benefits start? The date we approve your application affects the amount of benefits you get. If you are eligible for:

(1) Cash assistance, your benefits start:

(a) The date we have enough information to make an eligibility decision; or

(b) No later than the thirtieth day for TANF, SFA, or RCA; or

(c) No later than the forty-fifth day for general assistance (GAU).

(2) Basic Food, your benefits start from the date you applied unless:

(a) You are recertified for Basic Food. If you are recertified for Basic Food, we determine the date your benefits start under WAC 388-434-0010;

(b) You applied for Basic Food while living in an institution. If you apply for Basic Food while living in an institution, the date you are released from the institution determines your start date as follows. If you are expected to leave the institution:

(i) Within thirty days of the date we receive your application, your benefits start on the date you leave the institution; or

(ii) More than thirty days from the date we receive your application, we deny your application for Basic Food. You may apply for Basic Food again when your date of release from the institution is closer.

(c) We were unable to process your application within thirty days because of a delay on your part. If you caused the delay, but submit required verification by the end of the second thirty-day period, we approve your benefits starting the first day of the month following the month you applied for benefits. We start your benefits from this date even if we denied your application for Basic Food.

(d) We initially denied your application for Basic Food and your assistance unit (AU) becomes categorically eligible (CE) within sixty days from the date you applied. If your AU becoming CE under WAC 388-414-0001 makes you eligible for Basic Food, the date we approve Basic Food is the date your AU became CE.

(e) You are approved for transitional food assistance under chapter 388-489 WAC. We determine the date transitional benefits start as described under WAC 388-489-0015.

(f) You receive transitional food assistance with people you used to live with, and are now approved to receive Basic Food in a different assistance unit:

(i) We must give the other assistance unit ten days notice as described under WAC 388-458-0025 before we remove you from the transitional food assistance benefits.

(ii) Your Basic Food benefits start the first of the month after we remove you from the transitional benefits. For example, if we remove you from transitional benefits on November 30th, you are eligible for Basic Food on December 1st.

(3) Medical assistance, the date your benefits start is stated in chapter 388-416 WAC.

WAC 388-406-0060 What happens when my application is denied? (1) We (the department) deny your application for cash, medical, or Basic Food benefits if:

(a) You do not show for your interview appointment for cash or Basic Food if required under WAC 388-452-0005, you have not rescheduled, and your application is over thirty days old; or

(b) We do not have the information we need to determine your eligibility within ten days of requesting the information from your assistance unit (AU) under WAC 388-414-0001, and you did not ask for additional time to give us the information; or

(c) Your entire AU does not meet certain eligibility criteria to get benefits; or

(d) For Basic Food, your application has not been processed by the sixtieth day because of a delay on your part.

(2) If we deny your application, you do not get benefits unless:

(a) You mistakenly apply for benefits you already get; or

(b) We reconsider your eligibility under WAC 388-406-0065 and you are eligible to get benefits.

(3) We can reconsider if you are eligible for benefits under the requirements of WAC 388-406-0065 even after your application is denied.

(4) We give or send a letter to you explaining why your application was denied as required under WAC 388-458-0011.

(5) If you disagree with our decision about your application, you can ask for a fair hearing. If we deny your application because we do not have enough information to decide that you are eligible, the hearing issue is whether you are eligible using:

(a) Information we already have; and

(b) Any more information you can give us.

WAC 388-406-0065 Can I still get benefits even after my application is denied? (1) If we (the department) deny your application for benefits, we can redetermine your eligibility for benefits without a new application if:

(a) For cash or medical assistance, you give us the information we need within thirty days from the date we denied your application;

(b) You stop participating as required to reopen cash assistance under WAC 388-310-1600(12) due to one of the good reasons described in WAC 388-310-1600(3) or because

you get an excused absence, as described in WAC 388-310-0500(5);

(c) For Basic Food:

(i) You give us the information we need within sixty days of the date you applied for benefits; or

(ii) You become categorically eligible for Basic Food under WAC 388-414-0001 within sixty days of the date you applied for benefits.

(2) For medical assistance, if the thirty days to reconsider your application under subsection (1) of this section has ended you can still get benefits without a new application if:

(a) You request a fair hearing timely; and

(b) You give us the information needed to determine eligibility and you are eligible.

(3) If you are eligible for cash or Basic Food, we decide the date your benefits start according to WAC 388-406-0055. If you are eligible for medical assistance, we decide the date your benefits start according to chapter 388-416 WAC. For all programs the eligibility date is based on the date of your original application that was denied.

WAC 388-408-0005 What is a cash assistance unit?

(1) For all sections of this chapter:

(a) "**We**" means the department of social and health services.

(b) "**You**" means a person that is applying for or getting benefits from the department.

(c) "**Assistance unit**" or "**AU**" is the group of people who live together and whose income or resources we count to decide your eligibility for benefits and the amount of benefits you get.

(2) For GA-U, we decide who is in the AU under WAC 388-408-0010.

(3) For TANF or SFA, we decide who is in the AU by taking the following steps:

(a) We start with who must be in the AU under WAC 388-408-0015;

(b) We add those you choose to have in the AU under WAC 388-408-0025; and

(c) We remove those who are not allowed in the AU under WAC 388-408-0020.

WAC 388-408-0010 Who is in my assistance unit for general assistance? (1) If you are an adult that is incapacitated as defined in WAC 388-448-0001, you can be in a GA-U AU;

(2) If you are married and live with your spouse, we decide who to include in the AU based on who is incapacitated:

(a) If you are both incapacitated as defined in WAC 388-448-0001, we include both of you in the same AU.

(b) If only one spouse is incapacitated, we include only the incapacitated spouse in the AU. We count some of the income of the spouse that is not in the AU as income to the AU under WAC 388-450-0135.

WAC 388-408-0015 Who must be in my assistance unit for temporary assistance for needy families (TANF) or state family assistance (SFA)? If you live with any of the following people, we must include them in your TANF, SFA, or combination TANF/SFA AU:

(1) The child you are applying for and:

(a) The child's full, half or adoptive sibling(s);

(b) The child's natural or adoptive parent(s) or stepparent(s); and

(c) If you are a pregnant minor or minor who is a parent and you live with your parent(s), we include your parent(s) if they:

(i) Need assistance; and

(ii) Provide the primary care for you, your child, or your siblings. We count full, half, or adoptive siblings as your sibling.

(2) If you are pregnant and you do not have a dependent child living with you, we include only you in the AU.

WAC 388-408-0020 When am I not allowed to be in a TANF or SFA assistance unit? Some people cannot be in an AU for TANF or SFA. This section describes who cannot

(2007 Ed.)

be in your TANF or SFA AU and how this will affect your benefits.

(1) We do not include the following people in your TANF or SFA AU:

(a) An adopted child if:

(i) The child gets federal, state, or local adoption assistance; and

(ii) Including the child in the AU and counting the adoption assistance income would reduce your AU's benefits.

(b) A minor parent or child who has been placed in Title IV-E, state, or locally-funded foster care unless the placement is a temporary absence under WAC 388-454-0015;

(c) An adult parent in a two-parent household when:

(i) The other parent is unmarried and under the age of eighteen; and

(ii) We decide that your living arrangement is not appropriate under WAC 388-486-0005.

(d) A court-ordered guardian, court-ordered custodian, or other adult acting *in loco parentis* (in the place of a parent) if they are not a relative of one of the children in the AU as defined under WAC 388-454-0010; or

(e) Someone who gets SSI benefits.

(2) If someone that lives with you cannot be in the AU:

(a) We do not count them as a member of the AU when we determine the AU's payment standard; and

(b) We do not count their income unless they are financially responsible for a member of the AU under WAC 388-450-0095 through 388-450-0130.

WAC 388-408-0025 When can I choose who is in my TANF or SFA assistance unit? If you are a child's parent or other caretaker relative (a relative who cares for the child's basic needs as defined in WAC 388-454-0010), use the table below to find who you may choose to include or exclude in your TANF or SFA AU. If you include a child in your AU, it could cause you to get more or less benefits. If someone is not allowed in the AU under WAC 388-408-0020, you cannot choose to include them in your TANF or SFA AU.

(1) If you are the parent of the child, you may choose whether or not to include:	(a) Yourself in the AU if the child gets SSI; and (b) The child in the AU if: (i) You already receive TANF or SFA; (ii) You are not married to the child's other parent; and (iii) The child lives with both parents.
(2) If you are not the child's parent, and do not live with the parents of the child, you may choose to:	(a) Include yourself if you are a relative defined in WAC 388-454-0010; (b) Include someone else that cares for the child and is a relative defined in WAC 388-454-0010; or (c) Receive a grant for the child only.
(3) If you are the child's parent or caretaker relative, you may choose whether or not to include any of the following children:	(a) Brothers or sisters of a child who gets SSI; (b) Stepsisters and stepbrothers of a child; and (c) Other children that are not the child's brother or sister.

WAC 388-408-0030 What children must be in the same TANF or SFA assistance unit? A child who applies for or gets TANF or SFA must be in the same AU as other children who get TANF or SFA and live with the same:

- (1) Caretaker relative;
 - (2) Court-ordered guardian or court-ordered custodian;
- or
- (3) Adult acting *in loco parentis*.

WAC 388-408-0034 What is an assistance unit for Basic Food? For all sections of this chapter:

"We" means the department of social and health services;

"You" means any person applying for or receiving benefits from the department including minor children;

"Assistance unit" or **"AU"** is the group of people who live together and whose income and resources we count to decide if you are eligible for benefits and the amount of benefits you get.

"Boarder" means a person who:

- (1) We decide pays a reasonable amount for lodging and meals; or
- (2) Is in foster care.

"Live-in attendant" means a person who lives in the home and provides medical, housekeeping, childcare, or similar personal services an AU member needs because:

- (1) A member is aged, incapacitated, or disabled;
- (2) A member of the AU is ill; or
- (3) A minor child in the AU needs childcare.

"Parent" means a natural, step, or adoptive parent. A stepparent is not a parent to a child if the marriage to the child's natural parent ends due to divorce or death.

A person who lives with you pays a **"reasonable amount"** for meals if:

- (1) You provide two or more meals a day and they pay at least the maximum allotment under WAC 388-478-0060 for their AU size; or
- (2) You provide one meal a day and they pay at least two-thirds the maximum allotment under WAC 388-478-0060 for their AU size.

"Roomer" means a person who pays for lodging, but not meals;

A person has a **"separate residence"** from an AU if they have separate living, cooking, and sanitation facilities.

We must discover the overpayment within twelve months of the date you were overpaid.	We must discover the overpayment within twenty-four months of the date you were overpaid.	We must discover the overpayment within seventy-two months of the date you were overpaid.

WAC 388-410-0025 Am I responsible for an overpayment in my assistance unit? If your assistance unit (AU) received more Basic Food or WASHCAP benefits than it was supposed to receive, your AU has an overpayment. If you have an overpayment, we determine the amount you were overpaid and set up a claim to recover this overpayment.

(1) We set up an overpayment for the full amount your AU was overpaid for every adult AU member at the time your AU was overpaid.

(2) Each adult member is responsible for the whole overpayment until we recover the entire amount of the overpayment. We do not collect more than the amount your AU was overpaid.

(3) If we determine you are responsible for an overpayment, you are responsible for the overpayment even if you

are now in a different AU than you were when you had the overpayment.

WAC 388-410-0030 How does the department calculate and set up my Basic Food or WASHCAP overpayment? (1) We calculate the amount of your Basic Food or WASHCAP overpayment by counting the difference between:

- (a) The benefits your assistance unit (AU) received; and

(b) The benefits your AU should have received.

(2) To calculate the benefits your AU should have received, we determine what we would have authorized if we:

(a) Had correct and complete information; and

(b) Followed all the necessary procedures to determine your AU's eligibility and benefits.

(3) If you did not report your earned income as required under WAC 388-418-0005 and 388-418-0007, you do not receive the earned income deduction under WAC 388-450-0185 when we calculate your overpayment amount.

(4) If we paid you too few Basic Food or WASHCAP benefits for a period of time, we will use the amount we underpaid your AU to reduce your overpayment if:

(a) We have **not** already issued you benefits to replace what you were underpaid; and

(b) We have **not** used this amount to reduce another overpayment.

(5) We **must** set up an inadvertent household error or administrative error overpayment if:

(a) We discovered the overpayment through the federal quality control process;

(b) You currently receive Basic Food or WASHCAP benefits; or

(c) The overpayment is over one hundred twenty-five dollars and you do not currently receive Basic Food or WASHCAP benefits.

(6) If you have an inadvertent household error that we referred for prosecution or an administrative disqualification hearing, we will not set up and start collecting the overpayment if doing so could negatively impact this process.

(7) We set up an intentional program violation overpayment based on the results of an administrative disqualification hearing (chapter 388-02 WAC) unless:

(a) Your AU has repaid the overpayment; or

(b) We have referred your inadvertent household error for prosecution and collecting the overpayment could negatively impact this process.

WAC 388-410-0033 How and when does the department collect a Basic Food or WASHCAP overpayment?

(1) When we set up an overpayment because you received more Basic Food or WASHCAP benefits than you were supposed to receive, we start to collect the benefits you were overpaid. This includes when we:

(a) Modify an established overpayment to an amount we would not have to set up under WAC 388-410-0030(5); or

(b) Set up an overpayment that we do not have to set up under WAC 388-410-0030(5).

(2) You can repay your overpayment by:

(a) Paying the entire amount at once;

(b) Having us take the amount of your overpayment out of your EBT account;

(c) Making regular payments under a scheduled repayment agreement as described in subsection (4) of this section; or

(d) Having your current Basic Food or WASHCAP benefits reduced.

(3) If you have an inactive EBT account and we cancelled Basic Food or WASHCAP benefits in the account under WAC 388-412-0025, we use the cancelled benefits to reduce the amount of your overpayment.

(4) If your AU currently receives Basic Food or WASHCAP benefits, you can repay your overpayment by making monthly payments. The payments must be more than we would recover through us reducing your benefits. Your AU or the department can request a change to the agreement if necessary.

(5) If you are responsible for repaying an administrative or inadvertent household error overpayment, we automatically reduce your monthly benefits unless you:

(a) Pay the overpayment all at once;

(b) Set up a repayment agreement with us; or

(c) Request a hearing and continued benefits within ninety days of the date you received your collection action notice.

(6) If you are responsible for an intentional program violation (IPV) overpayment, you must tell us how you want to repay this overpayment within ten days of the date you receive your collection action notice. If you do not do this, we will reduce your current monthly benefits.

(7) If you receive ongoing Basic Food or WASHCAP benefits, we can reduce your monthly benefits to repay the overpayment. We do not reduce your first Basic Food or WASHCAP allotment when we first approve your application for benefits.

(a) If you have an administrative or inadvertent household error overpayment, we reduce your benefits by the greater of:

(i) Ten percent of your monthly benefits; or

(ii) Ten dollars per month.

(b) If you have an IPV overpayment, we reduce your benefits by the greater of:

(i) Twenty percent of your monthly benefits; or

(ii) Twenty dollars per month.

(8) If you do not meet the terms of a repayment agreement with the department, we automatically reduce your current benefits unless you:

(a) Pay all overdue payments to bring your repayment agreement current; or

(b) Ask us to consider a change to the repayment schedule.

(9) If your overpayment claim is past due for one hundred eighty or more days, we refer your overpayment for federal collection. A federal collection includes reducing your income tax refund, social security benefits, or federal wages. We do not count your overpayment as past due if you:

(a) Repay the entire overpayment by the due date;

(b) Have your monthly benefits reduced to repay the overpayment; or

(c) Meet the requirements of your scheduled repayment agreement.

(10) If you no longer receive Basic Food or WASHCAP benefits, we can garnish your wages, file a lien against your personal or real property, attach other benefits, or otherwise access your property to collect the overpayment amount.

(11) We suspend collection on an overpayment if:

(a) We cannot find the responsible AU members; or

(b) The cost of collecting the overpayment would likely be more than the amount we would recover.

(12) We can negotiate the amount of an overpayment if the amount you offer is close to what we could expect to receive from you before we can no longer legally collect the overpayment from you.

(13) We write off unpaid overpayments and release any related liens when:

(a) We can not possibly collect any more funds;

(b) We agreed to accept a partial payment that left an unpaid balance after this payment; or

(c) There is an unpaid balance left after an overpayment case has been suspended for three consecutive years unless a collection may be possible through the Treasury Offset Program.

(14) If your AU has an overpayment from another state, we can collect this overpayment if the state where you were overpaid does not plan to collect it and they give us the following:

(a) A copy of the overpayment calculation and overpayment notice made for the client; and

(b) Proof that you received the overpayment notice.

WAC 388-410-0035 Alien and alien sponsor cash, and food assistance overpayments. (1) An alien and their sponsor are jointly and individually liable for any overpayment of cash or food assistance made to the alien during the three years after the alien's entry into the United States.

(2) When an overpayment to a sponsored alien results from incorrect information provided by the alien's sponsor, both the alien and the sponsor are liable for repayment.

(3) When the alien's sponsor had good cause for reporting the incorrect information, the sponsored alien is solely liable for an inadvertent household error overpayment.

(4) When good cause does not exist, collection action is initiated against:

(a) The alien's sponsor; or

(b) The sponsored alien's assistance unit; or

(c) Of the two, the one considered most likely to repay first.

(5) Collection action is initiated against an alien's sponsor for an inadvertent household error when:

(a) A department representative contacts the sponsor in person or by phone; and

(b) The sponsor is informed in writing there will be no responsibility for repayment if good cause for reporting incorrect information causing the overpayment can be demonstrated.

(6) Collection action is initiated against the sponsored alien's assistance unit for an inadvertent household error when:

(a) Collection action is taken first against the alien's sponsor; and

(b) The alien's sponsor does not respond within thirty days; or

(c) The sponsored alien provides incorrect information concerning the sponsor or sponsor's spouse through misunderstanding or unintended error.

WAC 388-410-0040 Cash and food assistance underpayments. (1) All cash assistance underpayments not credited against an overpayment are repaid upon discovery to any current or former recipient.

(2) All food assistance benefits underpaid are restored when:

(a) An underpayment was caused by department error;

(b) An administrative disqualification for intentional program violation was reversed;

(c) A rule or instruction specifies restoration of unpaid benefits; or

(d) A court action finds benefits were wrongfully withheld.

(3) A client is eligible for restoration of underpaid benefits for any of the twelve months prior to:

(a) The month the client requests restoration;

(b) The month the department discovers an underpayment;

(c) The date the household makes a fair hearing request when a request for restoration of benefits was not received; or

(d) The date court action was started when the client has taken no other action to obtain restoration of benefits.

(4) The client may request a fair hearing if they disagree with the amount of benefits the department determines were underpaid.

(5) If household composition changes prior to the department's restoration of an underpayment, the underpayment is paid to:

(a) First, the household containing a majority of the persons who were household members at the time of the underpayment; or

(b) Second, the household containing the head of the household at the time of the underpayment.

WAC 388-412-0015 General information about your Basic Food allotments. (1) Your monthly Basic Food benefits are called an allotment. An allotment is the total dollar value of benefits your eligible assistance unit (AU) gets for a calendar month.

(2) You cannot receive the same type of benefit in:

(a) Two states in the same month;

(b) Two AUs in the same month, unless;

(c) You left the AU to live in a shelter for battered women and children. See WAC 388-408-0045.

(3) If your AU does not have any countable net income, you get the maximum allotment for the number of eligible people in your AU. See WAC 388-478-0060 for the maximum allotments.

(4) If your AU has countable net income under WAC 388-450-0162, we calculate, your allotment by:

(a) Multiplying your AU's countable net monthly income by thirty percent;

(b) Rounding this amount up to the next whole dollar; and

(c) Subtracting the result from the maximum allotment.

(5) If we determine you are eligible for Basic Food, your first month's benefits are from the date you applied for benefits through the end of the month of your application. If there was a delay in processing your application, we determine when your benefits start under WAC 388-406-0055. This is called proration and is based on a thirty-day month.

(6) If you apply for benefits on or after the sixteenth of the month, and we determine you are eligible for Basic Food, we issue both your first and second months benefits in one allotment if you are eligible for both months.

(7) If your prorated benefits for the first month are under ten dollars, you will not receive an allotment for the first month.

(8) If your AU has one or two members, your monthly allotment will be at least ten dollars unless:

(a) It is the first month of your certification period;

(b) Your AU is eligible for only a partial month; and

(c) We reduced your first month's allotment below ten dollars based on the date you became eligible for Basic Food under WAC 388-406-0055.

Your cash benefits are sent to you by either:

(b) Electronic funds transfer (EFT), which is a direct deposit into your own bank account;

(c) A check to a payee who is not approved for direct deposit; or

(d) A check to you if you get:

(i) Diversion cash assistance (DCA) that cannot be paid directly to a vendor;

(ii) Additional requirements for emergent needs (AREN) that cannot be paid directly to a vendor;

(iii) Ongoing additional requirements (OAR) that cannot be paid directly to a vendor;

(iv) Clothing and personal incidentals (CPI) payments; or

(v) State supplemental payment (SSP) and you do not receive your benefit through EFT.

(2) You use a Quest debit card to access your benefits in your EBT account. You get a personal identification number (PIN) that you must enter when using this card.

(3) Your Basic Food benefits are deposited into your EBT account on the day of the month defined in WAC 388-412-0020.

(4) We establish an EBT account for each AU that receives their benefits by EBT.

(5) We cancel your cash and Basic Food benefits when you do not use your EBT account for three hundred sixty-five days.

(a) Basic Food benefits that were canceled because you did not use them for three hundred sixty-five days cannot be replaced.

Chapter 388-414 WAC CATEGORICAL ELIGIBILITY FOR FOOD ASSISTANCE

WAC

388-414-0001 Do I have to meet all eligibility requirements for Basic Food?

WAC 388-414-0001 Do I have to meet all eligibility requirements for Basic Food? (1) What is "categorically eligible" (CE)?

(a) Being **categorically eligible (CE)** means that you have already met requirements for the program. If you are CE, you do not have to meet every program requirement to be eligible for Basic Food.

(b) If your assistance unit (AU) is CE, you automatically meet the following requirements for Basic Food:

- (i) Residency under WAC 388-468-0005;
- (ii) Countable resource limit under WAC 388-470-0005;
- (iii) Maximum gross monthly income under WAC 388-478-0060; and
- (iv) Maximum net monthly income under WAC 388-478-0060.

(c) If your AU is CE and the information is available from another program, you do not need to provide the following for Basic Food:

- (i) Social Security number information under WAC 388-476-0005; and
- (ii) Sponsored alien information under WAC 388-450-0155.

(d) Being CE does not mean that your AU is guaranteed to get Basic Food benefits. If your AU is CE:

- (i) You must still meet the other Basic Food program requirements under WAC 388-400-0040; and
- (ii) If you meet the other program requirements, we must budget your AU's income to determine the amount of benefits your AU will receive.

(2) Who is categorically eligible for Basic Food?

Your Basic Food AU is CE when:

(a) **Every member** of your AU gets either general assistance (GA), Alcohol and Drug Abuse Treatment Support Act (ADATSA), or Supplemental Security Income (SSI) cash benefits on their own behalf;

(b) Any member of your AU gets or is authorized to get payments from the following programs because we have determined that the entire AU benefits from someone receiving the assistance:

(i) Temporary assistance for needy families (TANF) cash assistance;

(ii) State family assistance (SFA); or

(iii) Diversion cash assistance (DCA). You are CE for the month you receive DCA and the three following months as long as you have one adult relative caretaker with a dependent child in the Basic Food AU.

(c) Your AU's income that we don't exclude under WAC 388-450-0015 is not over the maximum gross monthly income under WAC 388-478-0060. If your income is not over the gross monthly income limit, we provide your AU information about department programs and referral to resources in the community.

(3) Who is not CE even if my AU meets the above criteria?

(a) Even if your AU is CE, members of your AU are not eligible for Basic Food if they:

(i) Are not eligible because of their alien or student status;

(ii) Were disqualified from Basic Food under WAC 388-444-0055 for failing work requirements;

(iii) Are not eligible for failing to provide or apply for a Social Security number;

(iv) Receive SSI in a cash-out state (state where SSI payments are increased to include the value of the client's food stamp allotment); or

(v) Live in an institution not eligible for Basic Food under WAC 388-408-0040.

(b) If a person in your AU is not eligible for Basic Food, we do not include them as an **eligible member** of your CE AU.

(c) Your AU is not CE if:

(i) Your AU is not eligible because of striker requirements under WAC 388-480-0001;

(ii) Your AU is ineligible for knowingly transferring countable resources in order to qualify for benefits under WAC 388-488-0010;

(iii) Your AU refused to cooperate in providing information that is needed to determine your eligibility;

(iv) The head of household for your AU failed to meet work requirements; or

(v) Anyone in your AU is disqualified because of an intentional program violation under WAC 388-446-0015.

WAC 388-418-0005 How will I know what changes I must report? You must report changes to the department based on the kinds of assistance you receive. The set of changes you must report for people in your assistance unit under chapter 388-408 WAC is based on the benefits you receive that require you to report the most changes. It is the first program that you receive benefits from in the list below.

For example:

If you receive long term care and Basic Food benefits, you tell us about changes based on the long term care requirements because it is the first program in the list below you receive benefits from.

(1) If you receive long term care benefits such as Basic, Basic Plus, chore, community protection, COPEs, nursing home, Hospice, or medically needy waiver, you must tell us if you have a change of:

- (a) Address;
- (b) Marital status;
- (c) Living arrangement;
- (d) Income;
- (e) Resources;
- (f) Medical expenses; and

(g) If we allow you expenses for your spouse or dependents, you must report changes in their income or shelter cost.

(2) If you receive medical benefits based on age, blindness, or disability (SSI-related medical), or ADATSA benefits, you need to tell us if:

- (a) You move;
- (b) A family member moves into or out of your home;
- (c) Your resources change; or
- (d) Your income changes. This includes the income of you, your spouse or your child living with you.

(3) If you receive Basic Food and all adults in your assistance unit are elderly persons or individuals with disabilities and have no earned income, you need to tell us if:

- (a) You move;
- (b) You start getting money from a new source;
- (c) Your income changes by more than fifty dollars;
- (d) Your liquid resources, such as your cash on hand or bank accounts, are more than two thousand dollars; or

(e) Someone moves into or out of your home.

(4) If you receive cash benefits, you need to tell us if:

- (a) You move;
- (b) Someone moves out of your home;
- (c) Your total gross monthly income goes over the:
 - (i) Payment standard under WAC 388-478-0030 if you receive general assistance; or
 - (ii) Earned income limit under WAC 388-478-0035 and 388-450-0165 for all other programs;
- (d) You have liquid resources more than four thousand dollars; or

(e) You have a change in employment. Tell us if you:

- (i) Get a job or change employers;
 - (ii) Change from part-time to full-time or full-time to part-time;
 - (iii) Have a change in your hourly wage rate or salary; or
 - (iv) Stop working.
- (5) If you receive family medical benefits, you need to tell us if:

- (a) You move;
- (b) A family member moves out of your home; or
- (c) If your income goes up or down by one hundred dollars or more a month and you expect this income change will continue for at least two months.

(6) If you receive Basic Food benefits, you need to tell us if:

- (a) You move;
- (b) Your total gross monthly income is more than the gross monthly income limit under WAC 388-478-0060; or
- (c) Anyone who receives food benefits in your assistance unit must meet work requirements under WAC 388-444-0030 and their hours at work go below twenty hours per week.

(7) If you receive children's medical benefits, you need to tell us if:

- (a) You move; or
- (b) A family member moves out of the house.

(8) If you receive pregnancy medical benefits, you need to tell us if:

- (a) You move; or
- (b) You are no longer pregnant.

(9) If you receive other medical benefits, you need to tell us if:

WAC 388-418-0007 When do I have to report changes in my circumstances? (1) If your household has a change of circumstances you are **not required to report** under WAC 388-418-0005, you do not need to contact us about this change. If you tell us about this change, we take action based on the new information. This includes:

- (a) Asking for more information we need to determine your eligibility and benefits under WAC 388-490-0005;
- (b) Increasing your benefits when we have proof of a change that makes you eligible for more benefits; or
- (c) Reducing or stopping your benefits based on the change.

(2) If you **are applying for** benefits and have had a change:

(a) After the date you applied but before your interview, you must report the change during your interview; or

(b) After you have been interviewed, you must report changes that we require someone who receives benefits to report as described under WAC 388-418-0005. You must report this change by the tenth day of the month following the month the change happened.

(3) If you **receive** cash assistance, medical, or Basic Food, you must report changes required under WAC 388-418-0005 by the tenth day of the month following the month the change happened.

(4) For a change in income, the date a change happened is the date you receive income based on this change. For example, the date of your first paycheck for a new job, or the date of a paycheck showing a change in your wage or salary.

(5) If we require you to complete a mid-certification review, you must complete the review to inform us of your circumstances as described under WAC 388-418-0011 in order to keep receiving benefits.

(6) If you receive TANF/SFA, and you learn that a child in your assistance unit (AU) will be gone from your home longer than ninety days, you must tell us about this within five calendar days from the date you learn this information.

(a) If you do not report this within five days, the child's caretaker is not eligible for cash benefits for one month; and

(b) We continue to budget the ineligible person's countable income as described in WAC 388-450-0162 to determine the benefits for the people still in the AU.

(7) If you report changes late, you may receive the wrong amount or wrong type of benefits. If you receive more benefits than you are eligible for, you may have to pay them back as described in chapter 388-410 WAC.

WAC 388-418-0011 What is a mid-certification review, and do I have to complete one in order to keep receiving benefits? (1) A **mid-certification review (MCR)** is a form we send you to ask about your current circumstances. We use the answers you give us to decide if you are still eligible for benefits and to calculate your monthly benefits.

(2) If you receive cash assistance, family-related medical, or Basic Food benefits, you must complete a mid-certification review unless you meet one of the exceptions below:

(a) You **do not** have to complete a mid-certification review for cash assistance if you:

- (i) Only receive Refugee Cash Assistance as described under WAC 388-400-0030; or
- (ii) Have a review period of six months or less.

(b) You **do not** have to complete a mid-certification review for Basic food if:

- (i) Your assistance unit has a certification period of six months or less; or
- (ii) All adults in your assistance unit are elderly or disabled and have no earned income.

(3) **When we send the review form:**

You must complete your review by the 10th day of month six of your Basic Food certification.

(4) If you must complete a mid-certification review, we send you the review form with questions about your current circumstances. You can choose to complete the review in on [one] of the following ways:

(a) **Complete the form and return it to us.** For us to count your mid-certification review complete, you must take all of the steps below:

(i) Complete [Complete] the review form, telling us about changes in your circumstances we ask about;

(ii) Sign and date the form;

(iii) Give us proof of any changes you report. If you report a change that will increase your benefits without giving proof of this change, we will not increase your benefits;

(v) Mail or turn in the completed form and any required proof to us by the due date on the review.

(b) Complete the mid-certification review over the phone. For us to count your mid-certification review as complete, you must take all of the steps below:

If we approve an application for another program in the month you must complete your mid-certification review, we use the application to complete your review when the same person is head of household for the application and the mid-certification review.

(5) If your benefits change because of what we learned in your mid-certification review, the change takes effect the next month even if this does not give you ten days notice before we change your benefits.

(6) If you do not complete your required mid-certification review, we stop your benefits at the end of the month the review was due.

(7) Late reviews. If you complete the mid-certification review after the last day of the month the review was due, we process the review as described below based on when we receive the review:

(a) Mid-certification reviews you complete by the last day of the month after the month the review was due: We determine your eligibility for ongoing benefits. If you are eligible, we reinstate your benefits based on the information in the review.

WAC 388-418-0020 How does the department determine the date a change affects my benefits? (1) Unless oth-

[Title 388 WAC—p. 804]

erwise specified, the rules in this chapter refer to cash, medical assistance, and Basic Food benefits.

(2) If you report a change that happened between the date you applied for benefits and the date we interview you under WAC 388-452-0005, we take this change into consideration when we process your application for benefits.

(3) If we learn about a change in your circumstances from another person, agency, or by matching with any number of systems, we determine the impact this change has on your benefits. We may request additional information under WAC 388-490-0005 or update your benefits based on this information.

(4) For programs other than pregnancy medical and children's medical, if you report a change in your income that we expect to continue at least a month beyond the month when you reported the change, we recalculate the income we estimated under WAC 388-450-0215 based on this change. Changes in income during a certification period do not affect pregnancy medical or children's medical assistance.

(5) When a change causes an increase in benefits, you must provide proof of the change before we adjust your benefits.

(a) If you give us the proof within ten days from the date we requested it, we increase your benefits starting the month after the month you reported the change.

(b) If you give us the proof more than ten days after the date we requested it, we increase your benefits starting the month after the month we got the proof.

(c) If you are eligible for more benefits and we have already sent you benefits for that month, we provide you the additional benefits within ten days of the day we got the proof.

(6) When a change causes a decrease in benefits, we reduce your benefit amount without asking for proof.

(a) If you report a change within the time limits in WAC 388-418-0007, and you are not reporting this as part of a mid-certification review, we decrease your benefits starting the first month following the advance notice period. The advance notice period:

(i) Begins on the day we send you a letter about the change, and

(ii) Is determined according to the rules in WAC 388-458-0025.

(b) If you do not report a change you must tell us about under WAC 388-418-0005, or you report a change later than we require under WAC 388-418-0007, we determine your eligibility as if you had reported this on time. If you received more benefits than you should, we set up an overpayment as described under chapter 388-410 WAC.

(7) If we are not sure how the change will affect your benefits, we send you a letter as described in WAC 388-458-0020 requesting information from you.

(a) We give you ten days to provide the information. If you need more time, you can ask for it.

(b) If you do not give us the information in time, we will stop your benefits after giving you advance notice, if required, as described in WAC 388-458-0030.

(8) Within ten days of the day we learn about a change, we send advance notice according to the rules in chapter 388-458 WAC and take necessary action to provide you the correct benefits. If you request a hearing about a proposed

(2007 Ed.)

decrease in benefits before the effective date or within the notice period as described in WAC 388-458-0040, we wait to take action on the change.

(9) If you disagree with a decision we made to change your benefits, you may request a fair hearing under chapter 388-02 WAC. The fair hearing rules in chapter 388-02 WAC do not apply for a "mass change." A mass change is when we change the rules that impact all recipients and applicants.

(10) When you request a hearing and receive continued benefits:

(a) We keep giving you the same benefits you got before the advance notice of reduction until the earliest of the following events occur:

(i) For Basic Food only, your certification period expires;

(ii) The end of the month the fair hearing decision is mailed;

(iii) You state in writing that you do not want continued benefits;

(iv) You withdraw your fair hearing request in writing; or

(v) You abandon your fair hearing request; or

(vi) An administrative law judge issues a written order that ends continued benefits prior to the fair hearing.

(b) We establish an overpayment claim according to the rules in chapter 388-410 WAC when the hearing decision agrees with the action we took.

(11) Some changes have a specific effective date as follows:

(a) When cash assistance benefits increase because a person is added to your assistance unit, we use the effective date rules for applications in WAC 388-406-0055.

(b) When cash assistance benefits increase because you start paying shelter costs, we use the date the change occurred.

(c) When a change in law or regulation changes the benefit amount, we use the date specified by the law or regulation.

(d) When institutional medical assistance participation changes, we calculate the new participation amount beginning with the month your income or allowable expense changes.

WAC 388-418-0025 Effect of changes on medical program eligibility. (1) You continue to be eligible for Medicaid until the department determines your ineligibility or eligibility for another medical program. This applies to you if, during a certification period, you become ineligible for, or are terminated from, or request termination from:

(a) A CN Medicaid program; or

(b) Any of the following cash grants:

(i) TANF;

(ii) SSI; or

(iii) GA-X. See WAC 388-434-0005 for changes reported during eligibility review.

(2) If you become ineligible for refugee cash assistance, refugee medical assistance can be continued through the eight-month limit, as described in WAC 388-400-0035(4).

(3) If you receive a TANF cash grant or family medical, you are eligible for a medical extension, as described under WAC 388-523-0100, when your cash grant or family medical program is terminated as a result of:

(a) Earned income; or

(b) Collection of child or spousal support.

(4) A change in income during a certification period does affect eligibility for all medical programs except:

(a) Pregnant women's medical programs;

(b) Children's medical for newborns (F05);

(c) Children's medical benefits (F06);

(d) Children's health program (F08); or

(e) The first six months of the medical extension benefits.

(5) For a child receiving benefits under SCHIP as described in chapter 388-542 WAC, the department must redetermine eligibility for a Medicaid program when the family reports:

(a) Family income has decreased to less than two hundred percent federal poverty level (FPL);

(b) The child becomes pregnant;

(c) A change in family size; or

(d) The child receives SSI.

Chapter 388-422 WAC CHILD SUPPORT

WAC

388-422-0005	What happens to my child, spousal and medical support when I get public assistance?
388-422-0010	Do I have to cooperate with the division of child support (DCS)?
388-422-0020	What if you are afraid that cooperating with the division of child support (DCS) may be dangerous for you or the child in your care?
388-422-0030	What happens if my support is more than my TANF or SFA cash benefit?

WAC 388-422-0005 What happens to my child, spousal and medical support when I get public assistance? (1) The following definitions apply to this chapter:

(a) **"We"** means the department of social and health services.

(b) **"You"** means a person applying for or getting benefits from us.

(c) **"Benefits"** mean family medical and related alien emergency medical (AEM), TANF or SFA cash assistance.

(d) **"Support"** means the money paid to meet a support order whether it is called child support, spousal support, alimony, maintenance, or medical support.

(e) **"Medical support"** means either or both:

(i) The set dollar amount for health care costs in a support order; or

(ii) Health insurance coverage for a dependent child.

(f) **"Assistance unit"** or **"AU"** means the group of people who live together and whose income and resources we count to decide your eligibility for benefits and the amount of those benefits.

(2) When you apply for TANF or SFA cash benefits, you assign your rights to current support and back support (also called **"arrear"**) under WAC 388-14A-2036. You permanently assign to the state your current support for the months you get assistance. Support for months before you begin receiving assistance is temporarily assigned to the state. For more information about permanently and temporarily assigned support see:

(a) Permanently assigned arrears, WAC 388-14A-2037.

(b) Temporarily assigned arrears, WAC 388-14A-2038.

(3) You assign your rights to medical support under WAC 388-505-0540 when you apply for or get benefits from the following:

(a) Family medical; or

(b) Children's medical.

(4) You assign your rights to support when you sign the application for benefits, or when you get cash or medical benefits.

(5) If you have a good reason (WAC 388-422-0020) DCS may not be able to establish or collect child support (WAC 388-14A-2060).

(6) If you receive any support payments before you assign your rights to support, we count this as unearned income to your AU (WAC 388-450-0025).

(7) If you receive any direct support payments after you assign your rights to support, you must send the support payments to the division of child support (DCS) under WAC 388-14A-2040(3).

(8) If you keep any support payments you receive after you assign your rights to support, DCS may collect this money from you (WAC 388-14A-5505).

WAC 388-422-0010 Do I have to cooperate with the division of child support (DCS)? (1) When you get benefits, you must cooperate with DCS as required to establish or collect child support, unless you have a good reason for not cooperating.

(2) DCS defines what cooperating with them to establish or collect child support means in WAC 388-14A-2040.

(3) If you are a two-parent household, you and the other parent must help DCS establish paternity for each child in your AU, if necessary.

(4) DCS determines whether you are cooperating with them. See WAC 388-14A-2041(1) for reasons why DCS might determine that you are not cooperating.

(5) If you get TANF or SFA and do not have a good reason for not cooperating with DCS, we:

(a) Reduce your cash benefits by twenty-five percent; and

(b) Stop your medical benefits unless you are pregnant. The children in your AU will continue to get medical.

(6) If you get family medical and do not have a good reason for not cooperating with DCS, your medical will stop unless you are pregnant. The children in your AU will continue to get medical.

(7) If you are afraid that cooperating with DCS may be dangerous for you or a child in your care, see WAC 388-14A-2045 for a definition of what a good reason to not cooperate with DCS is. We also call this **"good cause."**

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090. 02-19-041, § 388-422-0010, filed 9/11/02, effective 10/12/02; 98-16-044, § 388-422-0010, filed 7/31/98, effective 9/1/98. Formerly WAC 388-505-0560.]

WAC 388-422-0020 What if you are afraid that cooperating with the division of child support (DCS) may be dangerous for you or the child in your care? (1) You can be excused from cooperating with DCS when you have a good reason. A good reason not to cooperate is also called good cause. You have a good reason when you can prove that:

(a) Cooperating with DCS would result in serious physical or emotional harm to you or the child in your care.

(b) Establishing paternity or getting support would be harmful to the child who:

- (i) Was conceived as a result of incest or rape; or
- (ii) Is the subject of legal adoption proceedings pending before a superior court; or

(iii) Is the subject of ongoing discussions between you and a public or licensed child placement agency to decide whether you will keep the child or put the child up for adoption. The discussions cannot have gone on for more than three months.

(2) Once you claim good cause, you have twenty days to give us the information that proves you have good cause not to cooperate with DCS. This information can include official records, sworn statements, or other information that supports your good cause claim. If you need to, you may ask for:

- (a) More time to give proof; or
- (b) Help in getting proof.

(3) While we review your good cause claim, DCS does not take any action to establish or enforce support on your case.

(4) You have the right to:

(a) Be told of your right to claim good cause for not cooperating with DCS;

(b) Get benefits while we are deciding your good cause claim, as long as you have given the proof needed to make a decision;

(c) Get a decision within thirty days from the date you made your good cause claim, as long as you have given the proof needed to make a decision within twenty days; and

(d) Get information about how to request a fair hearing if we deny your good cause claim.

(5) If we approve your good cause claim, we periodically review the claim depending on your circumstances.

(6) To see what DCS does when good cause is approved see WAC 388-14A-2060.

WAC 388-424-0001 Citizenship and alien status—Definitions. "American Indians" born outside the United States. American Indians born outside the U.S. are eligible for benefits without regard to immigration status or date of entry if:

(1) They were born in Canada and are of fifty percent American Indian blood (but need not belong to a federally-recognized tribe); or

(2) They are members of a federally-recognized Indian tribe or Alaskan Native village or corporation.

"Hmong or Highland Lao." These are members of the Hmong or Highland Laotian tribe, which rendered military assistance to the U.S. during the Vietnam era (August 5, 1964 to May 7, 1975), and are "lawfully present" in the United States. This category also includes the spouse (including unremarried widow or widower) or unmarried dependent child of such tribe members.

"Nonimmigrants." These individuals are allowed to enter the U.S. for a specific purpose, usually for a limited time. Examples include:

- (1) Tourists,
- (2) Students,
- (3) Business visitors.

"PRUCOL" (Permanently residing under color of law) aliens. These are individuals who:

- (1) Are not "qualified aliens" as described below; and
- (2) Intend to reside indefinitely in the U.S.; and
- (3) United States Citizenship and Immigration Services or USCIS (formerly the Immigration and Naturalization Service or INS) knows are residing in the U.S. and is not taking steps to enforce their departure.

"Qualified aliens." Federal law defines the following groups as "qualified aliens." All those not listed below are considered "nonqualified":

- (1) **Abused spouses or children,** parents of abused children, or children of abused spouses, who have either:

(a) A pending or approved I-130 petition or application to immigrate as an immediate relative of a U.S. citizen or as the spouse or unmarried son or daughter of a Lawful Permanent Resident (LPR) - see definition of LPR below; or

(b) A notice of "prima facie" approval of a pending self-petition under the Violence Against Women Act (VAWA); or

(c) Proof of a pending application for suspension of deportation or cancellation of removal under VAWA; and

(d) The alien no longer resides with the person who committed the abuse.

(e) Children of an abused spouse do not need their own separate pending or approved petition but are included in their parent's petition if it was filed before they turned age twenty-one. Children of abused persons who meet the conditions above retain their "qualified alien" status even after they turn age twenty-one.

(f) An abused person who has initiated a self-petition under VAWA but has not received notice of prima facie approval is not a "qualified alien" but is considered PRUCOL. An abused person who continues to reside with the person who committed the domestic violence is also PRUCOL. For a definition of PRUCOL, see above.

(2) **Amerasians** who were born to U.S. citizen armed services members in Southeast Asia during the Vietnam war.

(3) Individuals who have been granted **asylum** under Section 208 of the Immigration and Nationality Act (INA).

(4) Individuals who were admitted to the U.S. as **conditional entrants** under Section 203 (a)(7) of the INA prior to April 1, 1980.

(5) **Cuban/Haitian entrants**. These are nationals of Cuba or Haiti who were paroled into the U.S. or given other special status.

(6) Individuals who are **lawful permanent residents** (LPRs) under the INA.

(7) Persons who have been granted **parole** into the U.S. for at least a period of one year (or indefinitely) under Section 212 (d)(5) of the INA, including "public interest" parolees.

(8) Individuals who are admitted to the U.S. as **refugees** under Section 207 of the INA.

(9) Persons granted **withholding of deportation or removal** under Sections 243(h) (dated 1995) or 241 (b)(3) (dated 2003) of the INA.

"U.S. citizens."

(1) The following individuals are considered to be citizens of the U.S.:

(a) Persons born in the U.S. or its territories (Guam, Puerto Rico, and the U.S. Virgin Islands; also residents of the Northern Mariana Islands who elected to become U.S. citizens); or

(b) Legal immigrants who have naturalized after immigrating to the U.S.

(2) Persons born abroad to at least one U.S. citizen parent may be U.S. citizens under certain conditions.

(c) The child resides in the U.S. in the legal and physical custody of the citizen parent.

(4) For those individuals who turned eighteen before February 27, 2001, the child would automatically be a citizen if still under eighteen when he or she began lawful permanent residence in the U.S. and both parents had naturalized. 388-432-0005 Can I get help from DSHS for a family emergency without receiving monthly cash assistance?

WAC 388-432-0005 Can I get help from DSHS for a family emergency without receiving monthly cash assistance? DSHS has a program called diversion cash assistance (DCA). If your family needs an emergency cash payment but does not need ongoing monthly cash assistance, you may be eligible for this program.

(1) To get DCA, you must:

(a) Meet all the eligibility rules for temporary assistance for needy families (TANF)/state family assistance (SFA) except:

(i) You do not have to participate in WorkFirst requirements as defined in chapter 388-310 WAC; and

(ii) You do not have to assign child support rights or cooperate with division of child support as defined in chapter 388-422 WAC.

(b) Have a current bona fide or approved need for living expenses;

(c) Provide proof that your need exists; and

(d) Have or expect to get enough income or resources to support yourselves for at least twelve months.

(2) You may get DCA to help pay for one or more of the following needs:

(a) Child care;

(b) Housing;

(c) Transportation;

(d) Expenses to get or keep a job;

(e) Food costs, but not if an adult member of your family has been disqualified for food stamps; or

(f) Medical costs, except when an adult member of your family is not eligible because of failure to provide third party liability (TPL) information as defined in WAC 388-505-0540.

(3) DCA payments are limited to:

(a) One thousand five hundred dollars once in a twelve-month period which starts with the month the DCA benefits begin; and

(b) The cost of your need.

(4) We do not budget your income or make you use your resources to lower the amount of DCA payments you can receive.

(5) DCA payments can be paid:

(a) All at once; or

(b) As separate payments over a thirty-day period. The thirty-day period starts with the date of your first DCA payment.

(6) When it is possible, we pay your DCA benefit directly to the service provider.

(7) You are not eligible for DCA if:

(a) Any adult member of your assistance unit got DCA within the last twelve months;

(b) Any adult member of your assistance unit gets TANF/SFA;

(c) Any adult member of your assistance unit is not eligible for cash assistance for any reason unless one parent in a two-parent-assistance unit is receiving SSI; or

(d) Your assistance unit does not have a needy adult (such as when you do not receive TANF/SFA payment for yourself but receive it for the children only).

(8) If you apply for DCA after your TANF/SFA grant has been terminated, we consider you an applicant for DCA.

(9) If you apply for TANF/SFA and you received DCA less than twelve months ago:

(a) We set up a DCA loan.

(i) The amount of the loan is one-twelfth of the total DCA benefit times the number of months that are left in the twelve-month period.

(ii) The first month begins with the month DCA benefits began.

(b) We collect the loan only by reducing your grant. We take five percent of your TANF/SFA grant each month.

(10) If you stop getting TANF/SFA before you have repaid the loan, we stop collecting the loan unless you get back on TANF/SFA.

WAC 388-436-0002 If my family has an emergency, can I get help from DSHS to get or keep our housing or utilities? DSHS has a program called additional requirements for emergent needs (AREN). If your family has an emergency and you need assistance to get or keep safe housing or utilities, you may be eligible. The special AREN payment is in addition to the regular monthly cash grant your family may already get.

(1) To get AREN, you must:

(a) Be eligible for temporary assistance for needy families (TANF), state family assistance (SFA), or refugee cash assistance (RCA);

(b) Have an emergency housing or utility need; and

(c) Have a good reason that you do not have enough money to pay your housing or utility costs.

(2) To get AREN, you must be eligible for TANF, SFA, or RCA. This means you must:

(a) Get benefits through TANF, SFA, or RCA. For RCA you must also be pregnant or have an eligible child; or

(b) Apply for TANF, SFA, and RCA, and meet all eligibility criteria including:

(i) The maximum earned income limit under WAC 388-478-0035;

(ii) The requirement that your unearned income not exceed the grant payment standard;

(iii) The requirement that your countable income as defined under WAC 388-450-0162 must be below the payment standard in WAC 388-478-0020 when you have both earned income and unearned income;

(iv) The resource limits under chapter 388-470 WAC;

(v) The program summary rules for either TANF (WAC 388-400-0005); SFA (WAC 388-400-0010); or RCA (WAC 388-400-0030); and

(vi) The requirement that you must be pregnant or have an eligible child.

(3) If you do not get or do not want to get TANF, SFA or RCA, you cannot get AREN to help with housing or utility

(2007 Ed.)

costs. We will look to see if you are eligible for diversion cash assistance (DCA) under WAC 388-432-0005.

(4) To get AREN, you must have an emergency housing or utility need. You may get AREN to help pay to:

- (a) Prevent eviction or foreclosure;
- (b) Get housing if you are homeless or need to leave your home because of domestic violence;
- (c) Hook up or prevent a shut off of utilities related to your health and safety. We consider the following utilities to be needed for health and safety:

- (i) Electricity or fuel for heating, lighting, or cooking;
- (ii) Water;
- (iii) Sewer; and
- (iv) Basic local telephone service if it is necessary for your basic health and safety. If you receive TANF or SFA, the Washington telephone assistance program (WTAP) may be used to help you pay for basic local telephone service.

(d) Repair damage or defect to your home when it causes a risk to your health or safety:

(i) If you own the home, we may approve AREN for the least expensive method of ending the risk to your health or safety;

(ii) If you do not own the home, you must ask the landlord in writing to fix the damage according to the Residential Landlord-Tenant Act at chapter 59.18 RCW. If the landlord refuses to fix the damage or defect, we may pay for the repair or pay to move you to a different place whichever cost is lower.

(e) If you receive TANF or SFA, WorkFirst support services under WAC 388-310-0800 may be used to help you relocate to new housing to get a job, keep a job, or participate in WorkFirst activities. Nonhousing expenses that are not covered under AREN may be paid under WorkFirst support services. This includes expenses such as car repair, diapers, or clothing.

(5) To get AREN, you must have a good reason for not having enough money to pay for your housing or utility costs. You must prove that you:

(a) Did not have money available that you normally use to pay your rent and utilities due to an emergency situation that reduced your income (such as a long-term illness or injury);

(b) Had to use your money to pay for necessary or emergency expenses. Examples of necessary or emergency expenses include:

- (i) Basic health and safety needs for shelter, food and clothing;
- (ii) Medical care;
- (iii) Dental care needed to get a job or because of pain;
- (iv) Emergency child care;
- (v) Emergency expenses due to a natural disaster, accident, or injury; and
- (vi) Other reasonable and necessary expenses.

(c) Are currently homeless; or

(d) Had your family's cash grant reduced or suspended when we budgeted your expected income for the month, but the income will not be available to pay for the need when the payment is due. You must make attempts to negotiate later payments with your landlord or utility company before you can get AREN.

(6) In addition to having a good reason for not having enough money to pay for your costs, you must also explain how you will afford to pay for the on-going need in the future. We may deny AREN if your expenses exceed your income (if you are living beyond your means). We may approve AREN to help you get into housing you can afford.

(7) If you meet the above requirements, we decide the amount we will pay based on the following criteria.

(a) AREN payments may be made up to a maximum of seven hundred fifty dollars in a consecutive twelve-month period.

(b) The number of AREN payments you can receive in a twelve-month period is not limited, as long as the total amount does not exceed seven hundred fifty dollars.

(c) The department may approve an AREN payment above the seven hundred fifty dollar maximum for health and safety reasons.

(d) The amount of AREN is in addition to the amount of your monthly TANF, SFA, or RCA cash grant.

(e) We will decide the lowest amount we must pay to end your housing or utility emergency. We will contact your landlord, utility company, or other vendor for information to make this decision. We may take any of the following steps when deciding the lowest amount to pay:

(i) We may ask you to arrange a payment plan with your landlord or utility company. This could include us making a partial payment, and you setting up a plan for you to repay the remaining amount you owe over a period of time.

(ii) We may have you use some of the money you have available in cash, checking, or savings to help pay for the expense. We will look at the money you have available as well as your bills when we decide how much we will pay.

(iii) We may consider income that is excluded or disregarded for cash assistance benefit calculations, such as SSI, as available to meet your emergency housing need.

(iv) We may consider money other individuals such as family or friends voluntarily give you. We will not count loans of money that you must repay to friends or family members.

(v) We may consider money from a nonneedy caretaker relative that lives in the home.

(vi) We may look at what other community resources you currently have to help you with your need.

(f) The seven hundred fifty dollar limit every twelve months applies to the following people even if they leave the assistance unit:

- (i) Adults; and
- (ii) Minor parents that get AREN when no adults are in the assistance unit.

(8) We pay AREN:

(a) Directly to the landlord, mortgage company, utility, or other vendor whenever we can.

(b) If we cannot pay AREN directly to the landlord or other vendor, we will issue the AREN as a part of your TANF, SFA, or RCA cash grant. If we issue the AREN as a part of your grant, you must use it for your emergency need.

(9) We may assign you a protective payee for your monthly grant under WAC 388-460-0020.

DISPOSITION OF SECTIONS FORMERLY CODIFIED IN THIS CHAPTER

388-438-0100 Medically indigent (MI) program. [Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057 and 74.08.090. 98-16-044, § 388-438-0100, filed 7/31/98, effective 9/1/98.]

9/1/98. Formerly 388-503-0370, 388-518-1805, 388-518-1810 and 388-518-1850.] Repealed by 04-07-141, filed 3/22/04, effective 4/22/04. Statutory Authority: RCW 74.08.090, 74.09.530, and 2003 1st sp.s. c 25.

Notice of Objection (1): It is the opinion of the Joint Administrative Rules Review Committee that the Department of Social and Health Services has not modified, amended, withdrawn or repealed WAC 388-100-005 to conform with the intent of the legislature, as expressed in both chapters 70.48 and 74.09 RCW.

Although the department has statutory authority in chapter 74.09 RCW, to determine who is eligible to receive assistance under the limited casualty medical program, that authority is not without limitation. The City and County Jail Act of 1977 requires the Department of Social and Health Services to reimburse the local government for inmate medical costs, provided that inmate is otherwise eligible for such care. Inmates have not been denied coverage based on their status as inmates since the enactment of the City and County Jail Act.

In determining legislative intent, a portion of a statute cannot be examined in a vacuum. Rather, all statutes relating to the same subject should be read together and given a harmonious interpretation. The legislature is presumed to enact law with knowledge of existing law. RCW 70.48.130 is made moot by the department's administrative denial of inmate medical coverage, and the legislature does not intend to enact "moot" legislation.

The Joint Administrative Rules Review Committee objects to WAC 388-100-005 and herewith directs the code reviser to publish this Notice of Objection...pursuant to RCW 34.04.240.

[Joint Administrative Rules Review Committee, Memorandum, July 10, 1987—Filed July 27, 1987, WSR 87-16-031]

Notice of Objection (2): The Joint Administrative Rules Review Committee (JARRC) held on July 27, 1987, that WAC 388-100-005 did not conform with the intent of the Legislature. This rule, adopted by the Department of Social and Health Services (DSHS), excluded inmates of federal or state prisons from eligibility for the limited casualty-medically indigent program of medical assistance.

As authority for its opinion, the committee cited RCW 70.48.130 of the City and County Jail Act of 1977 which requires DSHS to reimburse local governments for inmate medical costs provided to otherwise eligible inmates.

There has been no amendment to RCW 70.48.130 changing its meaning since 1986. Effective May 15, 1993, an amendment resulted in even further emphasis of the intent of the Legislature that all jail inmates receive cost-effective medical care. (1993 C 409 § 2)

On May 31, 1994, DSHS refiled a permanent rule, WSR 94-10-065, WAC 388-503-0370 which recodified WAC 388-100-005. The eligibility requirement that an applicant for the medically indigent program not be an inmate of a federal or state prison is retained in the new rule.

Since neither the statutory authority nor the substance of the rule has changed since the JARRC decision of July 27, 1987, the committee is of the opinion that DSHS has not modified, amended, withdrawn or repealed WAC 388-100-005 to conform with the intent of the Legislature. This being the case, pursuant to RCW 34.05.640 (5) and (6), the committee respectfully requests that the notice of objection published along with WAC 388-100-005 continue to be published along with WAC 388-503-0370.

[Joint Administrative Rules Review Committee, Memorandum February 21, 1995—Filed February 27, 1995, WSR 95-06-053.]

Reviser's note: The substance of WAC 388-503-0370 was moved into WAC 388-438-0100 filed as WSR 98-16-044 on July 31, 1998.

WAC 388-438-0110 The alien emergency medical (AEM) program. (1) The alien emergency medical (AEM) program is a required federally funded program. It is for aliens who are ineligible for other Medicaid programs, due to the citizenship or alien status requirements described in WAC 388-424-0010.

(2) Except for the social security number, citizenship, or alien status requirements, an alien must meet categorical Medicaid eligibility requirements as described in:

- (a) WAC 388-505-0110, for an SSI-related person;
- (b) WAC 388-505-0220, for family medical programs;
- (c) WAC 388-505-0210, for a child under the age of nineteen; or

(d) WAC 388-523-0100, for medical extensions.

(3) When an alien has monthly income that exceeds the CN medical standards, the department will consider AEM medically needy coverage for children or for adults who are age sixty-five or over or who meet SSI disability criteria. See WAC 388-519-0100.

(4) To qualify for the AEM program, the alien must meet one of the criteria described in subsection (2) of this section and have a qualifying emergency medical condition as described in WAC 388-500-0005.

(5) The alien's date of arrival in the United States is not used when determining eligibility for the AEM program.

(6) The department does not deem a sponsor's income and resources as available to the client when determining eligibility for the AEM program. The department counts only the income and resources a sponsor makes available to the client.

(7) Under the AEM program, a person receives CN scope of care, as described in WAC 388-529-0100. Covered services are limited to those medical services necessary for treatment of the person's emergency medical condition. The following services are not covered:

- (a) Organ transplants and related services;
- (b) Prenatal care, except labor and delivery;
- (c) School-based services;
- (d) Personal care services;
- (e) Waiver services; and
- (f) Nursing facility services, unless they are approved by the department's medical consultant.

(8) When a person's income exceeds the CN income standard as described in subsection (3) of this section, the person has spend down liability and MN scope of care. MN scope of care is described in WAC 388-529-0100. The medical service limitations and exclusions described in subsection (7) also apply under the MN program.

(9) A person determined eligible for the AEM program is certified for three months. The number of three-month certification periods is not limited, but, the person must continue to meet eligibility criteria in subsection (2) and (4) of this section.

(10) A person is not eligible for the AEM program if they entered the state specifically to obtain medical care.

WAC 388-448-0001 What are the incapacity requirements for general assistance? For the purposes of this chapter, "we" and "us" refer to the department of social and health services. "You" means the applicant or recipient. "GA" means the general assistance program. For you to receive general assistance (GA) program benefits, we must determine you are incapacitated.

"Incapacitated" means that you cannot be gainfully employed as a result of a physical or mental impairment that is expected to continue for at least ninety days from the date you apply.

"Physical impairment" means a diagnosable physical illness. "Mental impairment" means a diagnosable mental disorder. We exclude any diagnosis of or related to alcohol or drug abuse or addiction.

(1) We determine you are incapacitated if you are:

- (a) Eligible for payments based on Social Security Administration (SSA) disability criteria;
- (b) Eligible for services from the division of developmental disabilities (DDD);
- (c) Diagnosed as having mental retardation based on a full scale score of seventy or lower on the Wechsler adult intelligence scale (WAIS);
- (d) At least sixty-four years old and seven months;
- (e) Eligible for long-term care services from aging and disability services administration; or
- (f) Approved through the progressive evaluation process (PEP).

(2) We consider you to be incapacitated for ninety days after:

- (a) You are released from inpatient treatment for a mental impairment if:
 - (i) The release from inpatient treatment was not against medical advice; and
 - (ii) There is no break in your participation between inpatient and outpatient treatment of your mental impairment.
- (b) You are released from a medical institution where you received long-term care services from the aging and disability services administration.

(c) The Social Security Administration stops your Supplemental Security Income payments because you are not a citizen.

WAC 388-448-0010 How do we decide if you are incapacitated? When you apply for GA program benefits, you must provide medical evidence to us to show that you are unable to work.

If you are gainfully employed at the time of your application for GA, we deny incapacity. **"Gainful employment"** means you are performing, in a regular and predictable manner, an activity usually done for pay or profit.

(1) We do not consider work to be gainful employment when you are working:

(a) Under special conditions that go beyond the employer providing reasonable accommodation, such as in a sheltered workshop we have approved; or

(b) Occasionally or part-time because your impairment limits the hours you are able to work compared to unimpaired workers in the same job as verified by your employer.

(2) We decide if you are incapacitated when:

(a) You apply for GA benefits. We may waive this decision if we use the criteria in WAC 388-448-0001 except the PEP to determine you are incapacitated;

(b) You become employed;

(c) You obtain work skills by completing a training program; or

(d) We get new information that indicates you may be employable.

(3) Unless you meet the other incapacity criteria in WAC 388-448-0001, we decide incapacity by applying the progressive evaluation process (PEP) to the medical evidence that you provide that meets WAC 388-448-0030. The PEP is the sequence of seven steps described in WAC 388-448-0035 through 388-448-0110.

(4) You are not eligible for GA benefits if you are incapacitated only because of alcoholism or drug addiction. If you have a physical or mental impairment and you are impaired by alcohol or drug addiction, we decide if you are eligible for general assistance. If you qualify for both GA and the ADATSA Shelter program, you may choose either program.

(5) In determining incapacity, we consider only your ability to perform basic work-related activities. "Basic work-related activities" are activities that anyone would be required to perform in a work setting. They consist of: Sitting, standing, walking, lifting, carrying, handling, seeing, hearing, communicating, and understanding and following instructions.

WAC 388-448-0020 Which health professionals can I go to for medical evidence? We accept medical evidence from these sources:

(1) For a physical impairment, a health professional licensed in Washington state or where the examination was performed:

(a) A physician, which for GA program purposes, includes:

- (i) Medical doctor (M.D.);
- (ii) Doctor of osteopathy (D.O.);
- (iii) Doctor of optometry (O.D.) to evaluate visual acuity impairments;
- (iv) Doctor of podiatry (D.P.) for foot disorders; and

(b) An advanced registered nurse practitioner (ARNP) for physical impairments that are within the ARNP's area of certification to treat;

(c) The chief of medical administration of the Veterans' Administration, or their designee, as authorized in federal law; or

(d) A physician assistant when the report is cosigned by the supervising physician.

(2) For a mental impairment, professionals licensed in Washington state or where the examination was performed:

- (a) A psychiatrist;
- (b) A psychologist;
- (c) An advanced registered nurse practitioner certified in psychiatric nursing; or
- (d) At our discretion:

(i) A person identified as a mental health professional within the regional support network mental health treatment system provided the person's training and qualifications at a minimum include having a Master's degree and two years of mental health treatment experience; or

(ii) The physician who is currently treating you for a mental impairment.

(3) **"Supplemental medical evidence"** means information from a health professional not listed in subsection (1) or (2) of this section and who can provide supporting medical evidence for impairments identified by any of the professionals listed in subsections (1) or (2) of this section. We include as supplemental medical evidence sources:

(a) A health professional who has conducted tests on or provides on-going treatment to you, such as a physical therapist, chiropractor, nurse, physician assistant;

(b) Workers at state institutions and agencies who are not health professionals and are providing or have provided medical or health-related services to you; or

(c) Chemical dependency professionals (CDPs) when requesting information on the effects of alcohol or drug abuse.

WAC 388-448-0030 What medical evidence do I need to provide? You must provide medical evidence that clearly explains if you have an impairment and how that impairment prevents you from being capable of gainful employment.

[Title 388 WAC—p. 828]

Medical evidence must be in writing and be clear, objective and complete.

(1) Objective evidence means:

(a) For physical impairment:

- (i) Laboratory test results;
- (ii) Pathology reports;
- (iii) Radiology findings including results of X rays and computer imaging scans;

(iv) Clinical finding, including but not limited to ranges of joint motion, blood pressure, temperature or pulse; and observations from physical examination; or

(v) Hospital history and physical reports and admission and discharge summaries; or

(vi) Other medical history and physical reports.

(b) For mental impairment:

(i) Examination results including:

(A) Clinical interview observations, including mental status exam results and interpretation; and

(B) Explanation of how examination findings meet the clinical and diagnostic criteria of the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM).

(ii) Testing results, if any, including:

(A) Description and interpretation of tests of memory, concentration, cognition or intelligence; or

(B) Interpretation of medical tests to identify or exclude a connection between the mental impairment and physical illness.

(2) To be complete, medical evidence must include:

(a) Diagnosis for the impairment;

(b) A clear description of how the impairment relates to your ability to perform the work-related activities listed in WAC 388-448-0010(5) including signs and observations of drug or alcohol abuse and whether any limitations on ability to perform work-related activities would continue after sixty days of abstinence from use of drugs or alcohol;

(c) Facts in addition to objective evidence to support the medical provider's opinion that you are unable to be gainfully employed, such as proof of hospitalization; and

(d) Based on an examination done within the ninety days of the date of application or the forty-five days prior to the month of incapacity review.

(3) When making an incapacity decision, we do not use your report of symptoms as evidence unless objective evidence shows there is an impairment that could reasonably be expected to produce those symptoms.

(4) If you cannot get medical evidence without cost to you and you meet the eligibility conditions other than incapacity in WAC 388-400-0025, we pay the costs to obtain objective evidence based on our published payment limits and designated fee schedules.

(5) We decide incapacity based solely on the objective information we receive. We are not obligated to accept a decision that you are incapacitated or unemployable made by another agency or person.

WAC 388-448-0035 How we assign severity ratings to your impairment. (1) "Severity rating" means a rating of the extent of your incapacity, and how severely it impacts your ability to perform the basic work activities. Severity ratings are assigned in Steps II through IV of the PEP. The following chart provides a description of levels of limitations on work activities and the severity ratings that would be assigned to each.

Effect on work activities	Severity rating
(a) There is no effect on your performance of basic work-related activities.	1
(b) There is no significant effect on your performance of basic work-related activities.	2
(c) There are significant limits on your performance of at least one basic work-related activity.	3
(d) There are very significant limits on your performance of at least one basic work-related activity.	4
(e) You are unable to perform at least one basic work-related activity.	5

(2) We use the severity rating given by the medical evidence provider:

- (a) If the rating is supported by and consistent with the medical evidence;
- (b) If the provider's assessment of your limitations is consistent with our definition of the rating; and
- (c) If the rating is consistent with other medical evidence provided to us.

(3) If the medical evidence provider assigns a severity rating that is not consistent with the objective evidence and your symptoms from your impairment as described in the medical evidence, we take the following action:

- (a) If your limitations are more severe than the rating given, we raise your severity rating; or
- (b) If your limitations are less severe than the rating given, we lower your severity rating; and
- (c) We give clear and convincing reasons for adjusting the rating.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090. 00-16-113, § 388-448-0035, filed 8/2/00, effective 9/1/00.]

WAC 388-448-0040 PEP step I—Review of medical evidence required for eligibility determination. When we receive your medical evidence, we review it to see if it is complete and to decide whether your circumstances match GAU program requirements.

(1) We require a written medical report to determine incapacity. The report must:

- (a) Contain sufficient information as described under WAC 388-448-0030;
- (b) Be written by an authorized medical professional;
- (c) Document the existence of a potentially incapacitating condition; and
- (d) Indicate an impairment is expected to last ninety days or more from the application date.

(2) If the information received is not clear, we may require more information before we decide your ability to be

(2007 Ed.)

gainfully employed. As examples, we may require you to get more medical tests or be examined by a medical specialist.

(3) We deny incapacity when:

- (a) There is only one impairment with a severity rating less than three;
- (b) A reported impairment is not expected to last ninety days (twelve weeks) or more from the date of application;
- (c) The practitioner is not able to determine that the physical or mental impairment would remain incapacitating after at least sixty days of abstinence from alcohol and drugs; or
- (d) We do not have clear and objective medical evidence to approve incapacity.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090. 00-16-113, § 388-448-0040, filed 8/2/00, effective 9/1/00.]

WAC 388-448-0050 PEP step II—How we determine the severity of mental impairments. If you are diagnosed with a mental impairment, we use information from the provider to determine if your impairment prevents you from being gainfully employed. We review the psychological evidence to determine the severity of your mental impairment.

(1) The severity of your mental impairment is based on:

- (a) Psychosocial and treatment history;
- (b) Clinical findings;
- (c) Results of psychological tests; and
- (d) Symptoms observed by the examining practitioner that show impairment of your ability to perform basic work-related activities.

(2) If you are diagnosed with mental retardation, the diagnosis must be based on the Wechsler Adult Intelligence Scale (WAIS). The following test results determine the severity rating:

Intelligence Quotient (IQ) Score	Severity Rating
85 or above	1
71 to 84	3
70 or lower	5

(3) If you are diagnosed with a mental impairment with physical causes, we assign a severity rating based on the most severe of the following three areas of impairment:

- (a) Memory defect for recent events;
- (b) Impoverished, slowed, perseverative thinking, with confusion or disorientation; or
- (c) Labile, shallow, or coarse affect.

(4) We base the severity of the functional psychotic or nonpsychotic disorder, excluding alcoholism or drug addiction, on:

- (a) Clinical assessment of these twelve symptoms: Depressed mood, suicidal trends, verbal expression of anxiety or fear, expression of anger, social withdrawal, motor agitation, motor retardation, paranoid behavior, hallucinations, thought disorder, hyperactivity, preoccupation with physical complaints; and
- (b) Clinical assessment of the intensity and pervasiveness of your symptoms and their effect on work activities.

(5) We base the severity rating for a functional mental impairment on accumulated severity ratings for the twelve symptoms in subsection (4)(a) of this section as follows:

Symptom Ratings or Condition	Severity Rating
(a) The functional mental impairment is diagnosed with psychotic features; (b) You have had two or more hospitalizations for psychiatric reasons in the past two years; (c) You have had more than six months of continuous psychiatric hospital or residential treatment in the past two years; (d) The overall assessment of symptoms is rated three; or (e) At least three symptoms are rated three or higher.	3
(f) The overall assessment of symptoms is rated four; or (g) At least three symptoms are rated four or five.	4
(h) The overall assessment of symptoms is rated five; or (i) At least three symptoms are rated five.	5

(6) If you have more than one type of mental impairment, we assign a severity rating as follows:

Condition	Severity Rating
(a) Two or more disorders with ratings of three; or (b) One or more disorders rated three; and one rated four.	4
(c) Two or more disorders rated four.	5

(7) We deny incapacity when you do not have a significant physical impairment and your overall mental severity rating is one or two;

(8) We approve incapacity when you have an overall mental severity rating of five, regardless of whether you have a physical impairment.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090. 00-16-113, § 388-448-0050, filed 8/2/00, effective 9/1/00.]

WAC 388-448-0060 PEP step III—How we determine the severity of physical impairments. We must decide if your physical impairment is serious enough to limit your ability to be gainfully employed. "Severity of a physical impairment" means the degree that an impairment restricts you from performing basic work-related activities (see WAC 388-448-0010). Severity ratings range from one to five, with five being the most severe. We will assign severity ratings according to the table in WAC 388-448-0035.

(1) We assign to each physical impairment a severity rating that is supported by medical evidence.

(2) If your physical impairment is rated two, and there is no mental impairment or a mental impairment that is rated one, we deny incapacity.

(3) If your physical impairment is consistent with a severity rating of five, we approve incapacity.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090. 00-16-113, § 388-448-0060, filed 8/2/00, effective 9/1/00.]

[Title 388 WAC—p. 830]

WAC 388-448-0070 PEP step IV—How we determine the severity of multiple impairments. (1) If you have more than one impairment we decide the overall severity rating by deciding if your impairments have a combined effect on your ability to be gainfully employed. Each diagnosis is grouped by affected organ or function into one of thirteen "body systems." The thirteen body systems consist of:

- (a) Musculo-skeletal,
- (b) Special senses and speech,
- (c) Respiratory,
- (d) Cardiovascular,
- (e) Digestive,
- (f) Genito-urinary,
- (g) Hemic and lymphatic,
- (h) Skin,
- (i) Endocrine and obesity,
- (j) Neurological,
- (k) Mental disorders,
- (l) Neoplastic, and
- (m) Immune systems.

(2) We follow these rules when there are multiple impairments:

(a) We group each diagnosis by body system.

(b) When you have two or more diagnosed impairments that limit work activities, we assign an overall severity rating as follows:

Your Condition	Severity Rating
(i) All impairments are in the same body system, are rated two and there is no cumulative effect on basic work activities.	2
(ii) All impairments are in the same body system, are rated two and there is a cumulative effect on basic work activities. (iii) All impairments are in different body systems, are rated two and there is a cumulative effect on basic work activities.	3
(iv) Two or more impairments are in different body systems and are rated three. (v) Two or more impairments are in different body systems; one is rated three and one is rated four.	4
(vi) Two or more impairments in different body systems are rated four.	5

(c) We deny incapacity when the overall severity rating is two.

(d) We approve incapacity when the overall severity rating is five.

WAC 388-448-0080 PEP step V—How we determine your ability to function in a work environment if you have a mental impairment. If you have a mental impairment we evaluate your cognitive and social functioning in a work set-

(2007 Ed.)

ting. Functioning means your ability to perform the tasks that would be required of you on the job and your ability to get along with your coworkers, supervisors and other people you would be in contact with while on the job.

(1) We evaluate cognitive factors by assessing your ability to:

- (a) Understand, remember, and follow simple, one- or two-step instructions;
- (b) Understand, remember, and follow complex instructions, with three or more steps;
- (c) Learn new tasks;
- (d) Exercise judgment and make decisions; and
- (e) Perform routine tasks without undue supervision.

(2) We approve incapacity when the practitioner's evaluation shows you are:

(a) At least moderately impaired in your ability to understand, remember, and follow simple instructions and at least moderately limited in your ability to:

- (i) Learn new tasks, exercise judgment, and make decisions; and
- (ii) Perform routine tasks without undue supervision; or
- (b) Able to understand, remember, and follow simple instructions, but are:

(i) At least moderately impaired in the ability to understand, remember, and follow instructions with three or more steps; and

(ii) Markedly impaired in the ability to learn new tasks, exercise judgment and make decisions, and perform routine tasks without undue supervision.

(3) The practitioner's evaluation reports your social factors after assessing your ability to:

- (a) Relate appropriately to coworkers and supervisors;
- (b) Relate appropriately in contacts with the public;
- (c) Tolerate the pressures of a work setting;
- (d) Perform self-care activities, including personal hygiene; and
- (e) Maintain appropriate behavior in a work setting.

(4) We approve incapacity if you are rated at least two in one area of social functioning and at least three in all other areas of social functioning.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090. 00-16-113, § 388-448-0080, filed 8/2/00, effective 9/1/00.]

WAC 388-448-0090 PEP step V—How we determine your ability to function in a work environment if you have a physical impairment. In Step V of the PEP we review the medical evidence you provide and make a determination of how your physical impairment prevents you from working. This determination is then used in Steps VI and VII of the PEP to determine your ability to perform either work you have done in the past or other work.

(1) **"Exertion level"** means the ability to lift, carry, stand and walk with the strength needed to fulfill job duties in the following work categories. For this section, "occasionally" means less than one-third of the time and "frequently" means one-third to two-thirds of the time. We only consider your strength, mobility, and flexibility. We review any work limits you have in the following areas, and then assign an exertion level and determine exertional limitations.

The following table is used to determine your exertion level. Included in this table is a strength factor, which is your

(2007 Ed.)

ability to perform physical activities, as defined in Appendix C of the Dictionary of Occupational Titles (DOT), Revised Edition, published by the U.S. Department of Labor.

If you	Then we assign this exertion level
(a) Can not lift at least two pounds or stand and/or walk.	Severely limited
(b) Can lift ten pounds maximum and frequently lift and/or carry lightweight articles. Walking and standing are only required for brief periods.	Sedentary
(c) Can lift twenty pounds maximum and frequently lift and/or carry objects weighing up to ten pounds. Walk six out of eight hours per day or stand during a significant portion of the workday, with sitting and pushing/ pulling arm or leg movements most of the day.	Light
(d) Can lift fifty pounds maximum and frequently lift and/or carry up to twenty-five pounds.	Medium
(e) Can lift one hundred pounds maximum and frequently lift and/or carry up to fifty pounds.	Heavy

(2) **"Exertionally-related limitation"** means a restriction in mobility, agility or flexibility in the following twelve activities: Balancing, bending, climbing, crawling, crouching, handling, kneeling, pulling, pushing, reaching, sitting, and stooping. If you have exertionally-related limitations, we consider them in determining your ability to work.

(3) **"Functional physical capacity"** means the degree of strength, agility, flexibility, and mobility you can apply to work-related activities. We consider the effect of the physical impairment on the ability to perform work-related activities when the physical impairment is assigned an overall severity rating of three or four. We determine functional physical capacity based on your exertional, exertionally related and nonexertional limitations. All limitations must be substantiated by the medical evidence and directly related to the diagnosed impairment(s).

(4) **"Nonexertional physical limitation"** means a restriction on work activities that does not affect strength, mobility, agility, or flexibility. Examples are:

(a) Environmental restrictions which could include, among other things, your inability to work in an area where you would be exposed to chemicals; and

(b) Workplace restrictions, such as impaired hearing or speech, which would limit the types of work environments you could work in.

WAC 388-448-0100 PEP step VI—How we evaluate capacity to perform relevant past work. If your overall severity rating is three or four and we have reached this stage of the PEP and have not approved or denied your application, we decide if you can do the same or similar work as you have done in the past. We look at your current physical and/or mental limitations and vocational factors to make this deci-

sion. Vocational factors are education, relevant work history, and age.

(1) We evaluate education in terms of formal schooling or other training that enables you to meet job requirements. We classify education as:

If you	Then your education level is
(a) Can not read or write a simple communication, such as two sentences or a list of items.	Illiterate
(b) Have no formal schooling beyond the eleventh grade; or (c) Have participated in special education.	Limited education
(d) Have received a high school diploma or general equivalency degree (GED); or (e) Have received skills training and were awarded a certificate, degree or license.	High school and above level of education

(2) We evaluate your work experience to determine if you have relevant past work. "Relevant past work" means work that:

(a) Is normally done for pay or profit. We exclude work done in a sheltered workshop, a job where you were given special consideration, or activities you may have performed as a student or homemaker;

(b) Has been performed in the past five years; and

(c) You have done long enough for you to have acquired the knowledge and skills to continue performing the job. You must meet the specific vocational preparation level as defined in Appendix C of the Dictionary of Occupational Titles.

(3) For each relevant past work situation you have had, we determine:

Highest work level assigned by the practitioner	Your age	Your education level	Other vocational factors
Sedentary	Any age	Any level	Does not apply
Light	Fifty and older	Any level	Does not apply
Light	Thirty-five and older	Illiterate or LEP	Does not apply
Light	Eighteen and older	Limited education	Does not have any past work
Medium	Fifty and older	Limited education	Does not have any past work
Medium	Fifty-five and older	Any level	Does not apply
Heavy	Fifty-five and older	Any level	Environmental restrictions apply

(2) We approve incapacity when you have a mental impairment only and meet the age and social functioning limitations below:

Social limitation	Age
(a) Can not appropriately relate to coworkers and supervisors (rated three); and (b) Can not tolerate the pressures of a work setting (rated four).	Fifty years and older
(c) Can not tolerate the pressures for a work setting (rated five).	Eighteen to fifty-four
(d) A mental disorder severity rated four; (e) One or more symptoms from WAC 388-448-0050(4) (rated five); (f) Can not appropriately relate to coworkers and supervisors (rated three); and (g) Can not tolerate the pressures of a work setting (rated four).	Eighteen to forty-nine

(3) We approve incapacity when you have both mental and physical impairments and vocational factors interfere with working as follows:

(a) The exertional or skill requirements of the job; and
(b) Current cognitive, social, or nonexertional factors that significantly limit your ability to perform past work.

(4) After considering vocational factors, we approve or deny incapacity based on the following:

If you	Then we take this action on incapacity
(a) Have the physical or mental ability to perform past work and there is no significant cognitive, social or nonexertional limitation.	Deny
(b) Have recently acquired specific work skills through completion of vocational training, enabling you to work within your current physical or mental capacities.	Deny
(c) Are fifty-five years of age or older and have an impairment that is assigned an overall severity rating of at least three and do not have the physical or mental ability to perform past work or do not have work experience.	Approve

WAC 388-448-0110 PEP step VII—How we evaluate your capacity to perform other work. If we decide you cannot do work that you've done before, we then decide if you can do any other work. In making this decision, we again consider vocational factors of age, education and limited English proficiency (LEP).

(1) We approve incapacity if you have a physical impairment only and meet the vocational factors below:

Your age	Your education	Your other restrictions
Any age	Any level	(a) Can not appropriately relate to coworkers and supervisors (rated three; and (b) Can not tolerate pressures of a work setting (rated four).
Fifty or older	Limited education	(c) Restricted to medium work level or less.
Eighteen to forty-nine	Limited education	(d) Restricted to light work level.

(4) If we do not find that you are incapacitated by the end of Step VII of the PEP, an administrative review team (ART) makes the incapacity decision. The review team consists of two or more persons within the community service office (CSO) who are not in the position of providing direct eligibility or incapacity services to you. The ART reviews the medical evidence and your vocational factors.

WAC 388-448-0120 How we decide how long you are incapacitated. We decide how long you are incapacitated, up to the maximum period set by WAC 388-448-0160, using medical evidence on the expected length of time needed to heal or recover from the incapacitating disorder(s).

WAC 388-448-0130 Treatment and referral requirements. We refer you to medical providers for available medical treatment or other agencies for treatment, rehabilitation or work activities when we decide it will improve your ability to be gainfully employed or reduce your need for GAU. "Available medical treatment" means medical, surgical, chemical dependency, or mental health services, or a combination of them.

(1) When you are first approved and at each review determination, we give you written information regarding your treatment requirements.

(2) You must accept and follow through on required medical treatment and referrals to other agencies and services, including applying for SSI, unless you have good cause for not doing so. Examples of good cause are found in WAC 388-448-0140.

(3) We may require you to undergo alcohol or drug treatment before reviewing your eligibility for GAU.

(4) You may request a fair hearing if you disagree with the treatment or referral requirements we set for you (see WAC 388-458-0040).

WAC 388-448-0140 Good cause for refusing medical treatment or other agency referrals. We may determine that you have good cause for refusing required treatment or referrals to other agencies. We may require you to provide

proof to support your good cause claim. Valid reasons for refusing treatment and other agency referrals include, but are not limited to, the following:

(1) Valid reasons for refusing treatment referrals:

(a) You are so fearful of the treatment that your fear could interfere with the treatment or reduce its benefits;

(b) Treatment could cause further limitations or loss of a function or an organ and you are not willing to take that risk;

(c) You practice an organized religion that prohibits treatment; or

(d) Treatment is not available without cost to you.

(2) Valid reasons for refusing treatment or other agency referrals:

(a) We did not give you enough information about the requirement;

(b) You did not receive written notice of the requirement;

(c) The requirement was made in error;

(d) You are temporarily unable to participate because of documented interference, or

(e) Your medical condition or limitations are consistent with the definition of necessary supplemental accommodation (NSA), WAC 388-472-0020 and your condition or limitations contributed to your refusal, per WAC 388-472-0050.

WAC 388-448-0150 Penalty for refusing medical treatment or other agency referrals. (1) If you refuse required treatment or agency referral without having good cause, we will stop your GAU benefits.

(2) We stop your GAU benefits until you agree to accept and pursue the required treatment service or referral.

(3) If you reapply, you must wait for a penalty period to pass before you begin getting benefits. The penalty is based on how often you have refused:

Refusal	Penalty
First	One week
Second within six months	One month
Third and subsequent within one year	Two months

WAC 388-448-0160 When do my general assistance benefits end? (1) The maximum period of eligibility for general assistance is twelve months before we must review additional medical evidence. We use medical evidence and the

expected length of time before you are capable of gainful employment to decide when your benefits will end.

(2) Your benefits stop at the end of your incapacity period unless you provide additional medical evidence that demonstrates during your current incapacity period that there was no material improvement in your impairment. No material improvement means that your impairment continues to meet the progressive evaluation process criteria in WAC 388-448-0010 through 388-448-0110, excluding the requirement that your impairment(s) prevent employment for ninety days.

(3) Additional medical evidence must meet all of the criteria defined in WAC 388-448-0030.

(4) We use additional medical evidence received after your incapacity period had ended when:

(a) The delay was not due to your failure to cooperate; and

(b) We receive the evidence within thirty days of the end of your incapacity period; and

(c) The evidence meets the progressive evaluation process criteria in WAC 388-448-0010 through 388-448-0110.

(5) You must provide information about your cooperation and progress with treatment or agency referrals we required according to WAC 388-448-0130.

(6) Even if your condition has not improved, you are not eligible for general assistance when:

(a) We get current medical evidence that does not meet the progressive evaluation process criteria in WAC 388-448-0035 through 388-448-0110; and

(b) Our prior decision that your incapacity met the requirements was incorrect because:

(i) The information we had was incorrect or not enough to show incapacity; or

(ii) We did not apply the rules correctly to the information we had at that time.

WAC 388-448-0180 How do we redetermine your eligibility when we decide you are eligible for general assistance expedited Medicaid (GAX)? (1) The maximum period of eligibility for GAX is twelve months before we must review additional medical evidence. If you remain on GAX at the end of the twelve-month period, we determine your eligibility using current medical evidence.

(2) If your application for SSI is denied, and the denial is upheld by an SSI/SSA administrative hearing before the end of the twelve-month incapacity period, we change your program eligibility from GAX to GA and adjust the incapacity review date to be sixty days after the administrative hearing date.

WAC 388-448-0200 Can I get general assistance while waiting for Supplemental Security Income (SSI)?

(1) You may receive general assistance benefits while you are

(a) Have filed your SSI application with the Social Security Administration (SSA), follow through with SSA directions and requirements to process your application including keeping all interview and consultative examination appointments, and do not withdraw your application;

(b) Agree to assign the initial or reinstated SSI payment to us provided under WAC 388-448-0210;

(c) Are otherwise eligible according to WAC 388-400-0025; and

WAC 388-448-0210 What is interim assistance and how do I assign it to you? The general assistance and SSI programs both provide cash assistance to meet your basic needs. You cannot receive this assistance for the same time period from both programs. When you are approved for or reinstated on SSI, you may receive a back payment. When we made GA payments to you or on your behalf for the same time period, you must assign your interim assistance to repay us.

(1) **"Assign"** means that you sign a written authorization for the Social Security Administration (SSA) to send the SSI back payment to us. We will deduct the interim assistance we provided to you.

(2) **"Interim assistance"** means the GA funds we paid to you or on your behalf during:

(a) The time between your SSI application date and the month recurring SSI payments begin; or

(b) The period your SSI payments were suspended or terminated, and later reinstated.

(3) We pay up to twenty-five percent of the interim assistance reimbursement that we receive from the SSA to the attorney who successfully represented you in your effort to receive SSI.

WAC 388-450-0005 How does the department decide if I own a type of income and if this income is available to meet my needs? This section applies to cash assistance, medical programs for children, pregnant women and families, and food assistance.

(1) We count all available income owned or held by people in your assistance unit under chapter 388-408 WAC to decide if you are eligible for benefits and calculate your monthly benefits when:

(a) You get or expect to get the income in the month.
 (b) We must count the income based on rules under chapter 388-450 WAC.

(c) You own the income. We use state and federal laws about who owns property to decide if you actually own the income. If you are married, we decide if income is separate or community income according to chapter 26.16 RCW.

(d) You have control over the income, which means the income is actually available to you. If you have a representative payee, protective payee, or other person who manages your income for you as described in chapter 388-460 WAC, we consider this as you having control over this income.

(e) You can use the income to meet your current needs. We count the gross amount of available income in the month your assistance unit gets it. If you normally get the income:

(i) On a specific day, we count it as available on that date.

(ii) Monthly or twice monthly and your pay date changes due to a reason beyond your control, such as a weekend or holiday, we count it in the month you would normally get it.

(iii) Weekly or every-other week and your pay date changes due to a reason beyond your control, we count it in the month you would normally get it.

(2) If income is legally yours, we consider the income as available to you even if it is paid to someone else for you. For example, the father of your child has a court order to pay you two hundred fifty dollars per month in child support. Instead of giving the money directly to you (as required in the court order), he gives the money to your landlord to pay part of your rent. We still count the two hundred fifty dollars as income even though you never actually got the money.

(3) We may also count the income of certain people who live in your home, even if they are not getting or applying for benefits. Their income counts as part of your income.

(a) For cash assistance, we count the income of ineligible, disqualified, or financially responsible people as defined in WAC 388-450-0100.

(b) For food assistance, we count the income of ineligible assistance unit members as defined in WAC 388-408-0035.

(c) For family and SSI-related medical assistance, we count the income of financially responsible people as defined in WAC 388-408-0055 and chapter 388-475 WAC.

(d) For long-term care services, we count the income of financially responsible people as defined in WAC 388-506-0620.

(4) If you have a joint bank account with someone who is not in your AU, we count any money deposited into that account as your income unless:

(a) You can show that all or part of the funds belong **only** to the other account holder and are held or used **only** for the benefit of that holder; or

(b) Social Security Administration (SSA) used that money to determine the other account holder's eligibility for SSI benefits.

(5) Potential income is income you may be able to get that can be used to lower your need for assistance. If we

determine that you have a potential source of income, you must make a reasonable effort to make the income available in order to get cash or medical assistance.

(a) We do not count that income until you actually get it; and

(b) You can choose whether to get TANF/SFA or Supplemental Security Income (SSI) benefits.

(6) If your assistance unit includes a sponsored immigrant, we consider the income of the immigrant's sponsor as available to the immigrant under the rules of this chapter. We use this income when deciding if your assistance unit is eligible for benefits and to calculate your monthly benefits.

(7) For SSI-related medical:

(a) We consider income to be owned by someone and available to the person when the person:

(i) Gets the income; and

(ii) Can use the income to meet their needs for food, clothing and shelter, except as provided in WAC 388-511-1130.

(b) Loans and getting cash in certain other ways are not defined as income for SSI-related medical purposes as described in 20 C.F.R. Sec. 416.1103.

(8) For medical programs, see WAC 388-561-0100 for more information about trusts.

(9) You may give us proof about a type of income at any time, including when we ask for it or if you disagree with a decision we made, about:

(a) Who owns the income;

(b) Who has legal control of the income;

(c) The amount of the income; or

(d) If the income is available.

WAC 388-450-0010 The department takes some or all of your time-loss benefits if you get cash assistance while waiting for your claim to be processed. (1) Some people who are hurt on the job can get time-loss benefits because of their injury. The time-loss benefits are paid by an agency, such as the department of labor and industries or a private insurance company.

(2) If you are an adult or minor child who gets cash assistance while waiting for your time-loss benefit claim to be processed, you are required to let the department take some or all of your time-loss benefits as repayment for your cash assistance. We will take our portion of the time-loss benefits before you get yours. You agree to this when you sign the application and accept your cash benefits.

(3) The amount of your time-loss benefits that we take will not be more than the total amount of cash assistance you got while waiting for your claim to be approved.

(4) If your assistance unit includes another adult to whom you are not married, the amount of your time-loss benefits we take may be less than the amount of cash assistance you received.

(5) Each time we take our portion from your time-loss benefits, the office of financial recovery (OFR) will send you a letter telling you how much we are taking.

(6) If you or your attorney claim that you are getting more time-loss benefits because of the help of your attorney, OFR will:

(a) First, figure out:

(i) How much of your time-loss benefits are a direct result of your attorney's work; and

(ii) Our proportionate share of your attorney's fees and costs for the amount we are taking; and

(b) Then, either:

(i) Subtract our share of your attorney's fees and costs from the amount we are taking; or

(ii) Send your attorney their share of the time-loss benefits we have taken.

(c) Send a copy of the account summary to you.

WAC 388-450-0050 How does your participation in the community jobs (CJ) program affect your cash assistance and Basic Food benefits? (1) There are two different types of income in the community jobs program. They are:

(a) Subsidized, where your wages are paid from TANF or SFA funds; and

(b) Unsubsidized, where your wages are paid entirely by your employer.

(2) We figure your total monthly subsidized or unsubsidized income by:

(a) Estimating the number of hours you, your case manager, and the CJ contractor expect you to work for the month; and

(b) Multiplying the number of hours by the federal or state minimum wage, whichever is higher.

(3) Because you are expected to participate and meet the requirements of CJ, once we determine what your total monthly income is expected to be, we do not change your TANF grant if your actual hours are more or less than anticipated.

(4) We treat the total income we expect you to get each month from your CJ position as:

(a) Earned income for cash assistance, except we do not count any of the CJ income for the first month you receive your paycheck.

(b) Earned income for Basic Food after you have been transferred to your employer's regular unsubsidized payroll; or

(c) Unearned income for Basic Food while you have subsidized income.

(5) If your anticipated subsidized income is more than your grant amount, your cash grant is suspended. This means that you are still considered a TANF/SFA recipient, but you do not get a grant.

(a) Your grant can be suspended up to a maximum of nine months.

(b) You can keep participating in CJ even though your grant is suspended, as long as you would be eligible for a grant if we did not count your subsidized income.

(c) The months your grant is suspended do not count toward your sixty-month lifetime limit.

(6) If your unsubsidized income, after we subtract half of what you have earned is greater than your grant, your TANF/SFA case will close. This happens because your income is over the maximum you are allowed. You will still be able to participate in the CJ program for up to a total of nine months.

(7) If your income from other sources alone, not counting CJ income makes you ineligible for a cash grant, we terminate your grant and end your participation in CJ.

WAC 388-450-0055 How does needs-based assistance from other agencies or organizations count against my benefits? (1) For cash assistance and medical programs for children, pregnant women, and families:

(a) We do not count needs-based assistance payments given to you by other agencies or organizations if the assistance is given to you for reasons other than ongoing living expenses which do not duplicate the purpose of cash assistance programs. Ongoing living expenses include the following items:

- (i) Clothing;
- (ii) Food;
- (iii) Household supplies;
- (iv) Medical supplies (nonprescription);
- (v) Personal care items;
- (iv) Shelter;
- (vii) Transportation; and
- (viii) Utilities (e.g., lights, cooking fuel, the cost of heating or heating fuel).

(b) If the needs-based assistance given to you is supposed to be used for ongoing living expenses, then it duplicates the purpose of cash assistance programs. We count the amount remaining after we subtract the difference between the need standard and the payment standard for your family size as described in chapter 388-478 WAC.

(c) "Needs-based" means eligibility is based on an asset test of income and resources relative to the federal poverty level (FPL). This definition excludes such incomes as retirement benefits or unemployment compensation which are not needs-based.

(2) For food assistance:

(a) We do not count money given to you if:

- (i) It is given to you by a private, nonprofit, charitable agency or organization; and
- (ii) The amount of money you get is no more than three hundred dollars in any one of the following calendar quarters:
 - (A) January - February - March,
 - (B) April - May - June,
 - (C) July - August - September,
 - (D) October - November - December.

(b) We count the entire amount if the requirements in (a) of this subsection are not met.

(3) For cash assistance, food assistance, and medical programs for children, pregnant women, and families, if we do count the needs-based assistance you get, we treat it as unearned income under WAC 388-450-0025.

WAC 388-450-0065 Gifts—Cash and noncash. A gift is an item furnished to a client without work or cost on his or her part.

(1) A cash gift is a gift that is furnished as money, cash, checks or any other readily negotiable form.

(a) For cash assistance and medical programs for children, pregnant women and families, cash gifts totaling no more than thirty dollars per calendar quarter for each assistance unit member are disregarded as income.

(b) For food assistance programs:

(i) Cash gifts to the assistance unit are excluded if they total thirty dollars or less per quarter;

(ii) Cash gifts in excess of thirty dollars per quarter are counted in full as unearned income.

(2) For cash assistance and medical programs for children, pregnant women and families, and food assistance, a noncash gift is treated as a resource.

(a) If the gift is a countable resource, its value is added to the value of the client's existing countable resources and the client's eligibility is redetermined as specified in chapter 388-470 WAC.

(b) If the gift is an excluded or noncountable resource, it does not affect the client's eligibility or benefit level.

WAC 388-450-0070 How do we count the earned income of a child? (1) For food assistance and medical programs for families, children, and pregnant women, we do not count the earnings of a child if the child is:

- (a) In school;
- (b) Age seventeen or younger;
- (c) Not married; and
- (d) Not emancipated.

(2) For cash assistance, we do not count the earnings of a child if the child is:

- (a) In school; and
- (b) Meets the age and attendance requirements in WAC 388-404-0005.

(3) School includes:

- (a) Participating in a home-school program that is approved by the superintendent of public instruction; or
- (b) On break between school terms when the child:
 - (i) Was enrolled during the previous school term; and
 - (ii) Plans to return to school when it reopens.

(4) For medical programs, if we count the earnings of the child, we put the child in a separate MAU as described in WAC 388-408-0055.

WAC 388-450-0080 What is self-employment income? This section applies to cash assistance, Basic Food,

and medical programs for children, pregnant women and families.

(1) Self-employment income is income you earn from running a business, performing a service, selling items you make, or reselling items to make a profit.

(2) You are self-employed if you earn income without having an employer/employee relationship with the person who pays you. This includes, but is not limited to, when:

(a) You have primary control of the way you do your work; or

(b) You report your income using IRS Schedule C, Schedule C-EZ, Schedule K-1, or Schedule SE.

(3) You usually have an employer/employee relationship when:

(a) The person you provide services for has primary control of how you do your work; or

(b) You get an IRS form W-2 to report your income.

(4) Your self-employment does not have to be a licensed business for your business or activity to qualify as self-employment. Some examples of self-employment include:

(a) Child care that requires a license under chapter 74.15 RCW;

(b) Driving a taxi cab;

(c) Farming/fishing;

(d) Odd jobs such as mowing lawns, house painting, gutter cleaning, or car care;

(e) Running a lodging for roomers and/or boarders. Roomer income includes money paid to you for shelter costs by someone not in your assistance unit who lives with you when:

(i) You own or are buying your residence; or

(ii) You rent all or a part of your residence and the total rent you charge all others in your home is more than your total rent.

(f) Running an adult family home;

(g) Providing services such as a massage therapist or a professional escort;

(h) Retainer fees to reserve a bed for a foster child;

(i) Selling items you make or items that are supplied to you;

(j) Selling or donating your own biological products such as providing blood or reproductive material for profit;

(k) Working as an independent contractor; and

(l) Running a business or trade either on your own or in a partnership.

(5) If you are an employee of a company or person who does the activities listed in subsection (2) above as a part of your job, we do not count the work you do as self-employment.

(6) Self-employment income is counted as earned income as described in WAC 388-450-0030 except as described in subsection (7).

(7) For cash assistance and Basic Food there are special rules about renting or leasing out property or real estate that you own.

(a) We count the income you get as unearned income unless you spend at least twenty hours per week managing the property.

(b) For TANF/SFA, we count the income as unearned income unless the use of the property is a part of your approved individual responsibility plan.

WAC 388-450-0085 Does the department count all of my self-employment income to determine if I am eligible for benefits? This section applies to cash assistance, Basic Food, and medical programs for children, pregnant women and families.

(1) We decide how much of your self-employment income to count by:

(a) Adding together your gross self-employment income and any profit you make from selling your business property or equipment;

(b) Subtracting your business expenses as described in subsection (2) below; and

(c) Dividing the remaining amount of self-employment income by the number of months over which the income will be averaged.

(2) We subtract one hundred dollars as a business expense even if your costs are less than this. If you want us to subtract your actual costs of more than one hundred dollars, you must list and give us proof of your expenses for us to count them. We never allow the following expenses:

(a) Federal, state, and local income taxes;

(b) Money set aside for retirement purposes;

(c) Personal work-related expenses (such as travel to and from work);

(d) Net losses from previous periods;

(e) Depreciation; or

(f) Any amount that is more than the payment you get from a boarder for lodging and meals.

(3) If you have worked at your business for less than a year, we figure your gross self-employment income by averaging:

(a) The income over the period of time the business has been in operation; and

(b) The monthly amount we estimate you will get for the coming year.

(4) For cash and medical assistance, if your self-employment expenses are more than your self-employment income, we do not use this "loss" to reduce income from other self-employment businesses or other sources of income to your assistance unit.

(5) For Basic Food, we use a "loss" from self-employment farming or fishing income to reduce other sources of income **only** if you meet the following three conditions:

(a) Someone in your assistance unit is a self-employed farmer or fisher;

(b) Your gross yearly income from farming or fishing is or is expected to be at least one thousand dollars; and

(c) Your allowable costs for farming or fishing are more than your income from farming or fishing.

WAC 388-450-0105 Allocating the income of a financially responsible person included in the assistance unit.

This section applies to TANF/SFA, RCA, and RMA. Refer to WAC 388-408-0055 for the rules concerning the treatment of income of financially responsible person for medical programs. The income of a financially responsible person included in the assistance unit is countable to meet the needs of the assistance unit after the income is reduced by the following:

(1) Any applicable earned income incentive and work expense or deduction for the financially responsible person in the assistance unit, if that person is employed;

(2) The payment standard amount for the ineligible assistance unit members living in the home; and

(3) An amount not to exceed the department's standard of need for court or administratively ordered current or back support for legal dependents.

WAC 388-450-0106 How does the department count my income if someone in my family cannot get assistance because of their alien status? This section applies to TANF/SFA, RCA, and RMA. We count your income differently if you are applying for medical assistance only. See WAC 388-408-0055.

If you are included in the assistance unit and you are financially responsible for someone, as defined in WAC 388-450-0100, who does not meet the alien requirements described in WAC 388-424-0010, we do not count all of your income. We subtract some of it so that you can use that part to help support the people who cannot get assistance. To figure out how much we count, we take the following seven steps:

(1) We start by only counting fifty percent of your earned income, as defined in WAC 388-450-0030;

(2) We add all of your unearned income, as defined in WAC 388-450-0025.

(3) We subtract the difference between the following payment standards (payment standards can be found in WAC 388-478-0020):

(a) One that includes both eligible assistance unit members and those who cannot get assistance because of their alien status; and

(b) One that includes only the eligible assistance unit members.

(4) We subtract the payment standard for the number of people who are ineligible for reasons other than alien status, as defined in WAC 388-450-0100 (4)(b) through (f).

(5) We subtract any court or administratively ordered child support you pay for legal dependents. This includes both current and back support. The amount cannot be more than the need standard in WAC 388-478-0015 for the number of dependents.

(6) We subtract any employment-related child care expenses you have.

(7) Then, we count whatever is left as unearned income.

(2) When a GA-U client in a medical institution, alcohol or drug treatment center, congregate care facility or adult family home has income, the income is countable to meet the client's needs after the income is reduced by the following:

WAC 388-450-0116 How does the department count my income if I cannot get assistance because I am an alien? This section applies to TANF/SFA, RCA, and RMA programs. We count your income differently if you are applying for medical assistance only. See WAC 388-408-0055.

Some people cannot get assistance because they do not meet the alien requirements described in WAC 388-424-0010. If you do not meet those requirements but you are financially responsible for someone in the assistance unit, as defined in WAC 388-450-0100, we count some of your income as part of the assistance unit's income. To figure out how much we count, we take the following seven steps:

(1) We start by only counting fifty percent of your earned income, as described in WAC 388-450-0030.

(2) We add all of your unearned income, as described in WAC 388-450-0025.

(3) We subtract the difference between the following payment standards:

(a) One that includes both eligible assistance unit members and those who cannot get assistance because of their alien status; and

(b) One that includes only the eligible assistance unit members.

(4) We subtract the payment standard for the number of people who are ineligible for reasons other than alien status, as defined in WAC 388-450-0100 (4)(b) through (f).

(5) We subtract any court or administratively ordered child support you pay for legal dependents. This includes both current and back support. The amount cannot be more than the need standard in WAC 388-478-0005 for the number of dependents.

(6) We subtract any employment-related childcare expenses you have.

(7) Then, we count whatever is left as unearned income.

(2) An amount not to exceed the department's standard of need for:

(a) The financially responsible parent and dependent living in the home who are not applying for or receiving cash benefits and not a disqualified individual; and

WAC 388-450-0140 How does the income of an ineligible assistance unit member affect my eligibility and benefits for Basic Food? The department decides who must be in your assistance unit (AU) under WAC 388-408-0035. If an AU member is ineligible for Basic Food under WAC 388-408-0035, this affects your AU's eligibility and benefits as follows:

(1) We do not count the ineligible member(s) to determine your AU size for the gross monthly income limit, net

monthly income limit, or maximum allotment under WAC 388-478-0060.

(2) If an AU member is ineligible because they are disqualified for an intentional program violation (IPV), they failed to meet work requirements under chapter 388-444 WAC, or they are ineligible fleeing felons under WAC 388-442-0010:

(a) We count all of the ineligible member's gross income as a part of your AU's income; and

(b) We count all of the ineligible member's allowable expenses as part of your AU's expenses.

(3) If an AU member is an ineligible ABAWD under WAC 388-444-0030, is ineligible due to their alien status, failed to sign the application to state their citizenship or alien status, or refused to get or provide us a Social Security number:

(a) We allow the twenty percent earned income disregard for the ineligible member's earned income;

(b) We prorate the remaining income of the ineligible member among all the AU members by excluding the ineligible member's share and counting the remainder to the eligible members; and

(c) We divide the ineligible member's allowable expenses evenly among all members of the AU when the ineligible member has income.

(a) The nonmember's income; and

(b) Payments made by a nonmember to a third party for the benefit of the assistance unit.

WAC 388-450-0155 How does being a sponsored immigrant affect my eligibility for cash, medical, and food assistance programs? (1) The following definitions apply to this section:

(a) **"INS"** means the United States Immigration and Naturalization Service.

(b) **"Sponsor"** means a person who agreed to meet the needs of a sponsored immigrant by signing an INS Affidavit of Support form I-864 or I-864A. This includes a sponsor's spouse if the spouse signed the affidavit of support.

(c) **"Sponsored immigrant"** means a person who must have a sponsor under the Immigration and Nationality Act (INA) to be admitted into the United States for residence.

(d) **"Deeming"** means the department counts a part of the sponsor's income and resources as available to the sponsored immigrant.

(e) **"Exempt"** means you meet one of the conditions of WAC 388-450-0156. If you are exempt:

(i) You do not need to provide us information about your sponsor's income and resources; and

(ii) We do not deem your sponsor's income or resources to you.

(2) If you are a sponsored immigrant and you are **not** exempt, you must do the following to be eligible for benefits even if your sponsor is not supporting you:

(a) Give us the name and address of your sponsor;

(b) Get your sponsor to provide us the information we need about their income and resources; and

(c) Give us the information and proof we need to decide:

(i) If we must deem income to your assistance unit (AU); and

(ii) The amount of income we deem to your AU.

(3) If you are not eligible for benefits because we do not have the information we need about your sponsor, we do not delay benefits to the unsponsored people in your AU who are eligible for benefits. We do not count your needs when we decide if your AU is eligible for benefits, but we count:

(a) All earned or unearned income you have that is not excluded under WAC 388-450-0015; and

(b) All deductions you would be eligible for under chapter 388-450 WAC.

(4) If you refuse to provide us with the information we need about your sponsor, the other adult members in your AU must provide the information. If the same person sponsored everyone in your AU, your AU is not eligible for benefits until someone in your AU provides us the information we need.

(5) If you are an ineligible member of your AU, but you must be the AU under chapter 388-408 WAC, we do not deem your sponsor's income or resources to the AU.

WAC 388-450-0156 When am I exempt from deeming? (1) If you meet any of the following conditions, you are **permanently** exempt from deeming and we do not count your sponsor's income or resources against your benefits:

(a) The Immigration and Nationality Act (INA) does not require you to have a sponsor. Immigrants who are not required to have a sponsor include those with the following status with Immigration and Naturalization Service (INS):

(i) Refugee;

(ii) Parolee;

(iii) Asylee;

(iv) Cuban entrant; or

(v) Haitian entrant.

(b) You were sponsored by an organization or group as opposed to an individual;

(2007 Ed.)

(c) You do not meet the alien status requirements to be eligible for benefits under chapter 388-424 WAC;

(d) You have worked or can get credit for forty qualifying quarters of work under Title II of the Social Security Act. We do not count a quarter of work toward this requirement if the person working received TANF, food stamps, Basic Food, SSI, CHIP, or nonemergency Medicaid benefits. We count a quarter of work by the following people toward your forty qualifying quarters:

(i) Yourself;

(ii) Each of your parents for the time they worked before you turned eighteen years old (including the time they worked before you were born); and

(iii) Your spouse if you are still married or your spouse is deceased.

(e) You become a United States (U.S.) Citizen;

(f) Your sponsor is dead; or

(g) If INS or a court decides that you, your child, or your parent was a victim of domestic violence from your sponsor and:

(i) You no longer live with your sponsor; and

(ii) Leaving your sponsor caused your need for benefits.

(2) You are exempt from the deeming process while you are in the same AU as your sponsor;

(3) For Basic Food, you are exempt from deeming while you are under age eighteen.

(4) For state family assistance, general assistance, state-funded Basic Food benefits, and state-funded medical assistance for legal immigrants you are exempt from the deeming process if:

(a) Your sponsor signed the affidavit of support more than five years ago;

(b) Your sponsor becomes permanently incapacitated; or

(c) You are a qualified alien according to WAC 388-424-0001 and you:

(i) Are on active duty with the U.S. armed forces or you are the spouse or unmarried dependent child of someone on active duty;

(ii) Are an honorably-discharged veteran of the U.S. armed forces or you are the spouse or unmarried dependent child of a honorably-discharged veteran;

(iii) Were employed by an agency of the U.S. government or served in the armed forces of an allied country during a military conflict between the U.S. and a military opponent; or

(iv) Are a victim of domestic violence and you have petitioned for legal status under the Violence Against Women Act.

(5) If you, your child, or your parent was a victim of domestic violence, you are exempt from the deeming process for twelve months if:

(a) You no longer live with the person who committed the violence; and

(b) Leaving this person caused your need for benefits.

(6) If your AU has income at or below one hundred thirty percent of the Federal Poverty Level (FPL), you are exempt from the deeming process for twelve months. For this rule, we count the following as income to your AU:

(a) Earned and unearned income your AU receives from any source; and

(b) Any noncash items of value such as free rent, commodities, goods, or services you receive from an individual or organization.

(7) If you are exempt from deeming because your AU does not have income over one hundred thirty percent of the FPL, we give the United States Attorney General the following information:

(a) The names of the sponsored people in your AU;

(b) That you are exempt from deeming due to your income; and

(c) Your sponsor's name.

WAC 388-450-0160 How does the department decide how much of my sponsor's income to count against my benefits? (1) We must count some of your sponsor's income as unearned income to your assistance unit (AU) if:

(a) Your sponsor signed the INS affidavit of support form I-864 or I-864A; and

(b) You are not exempt from the deeming process under WAC 388-450-0156.

(2) We take the following steps to decide the monthly amount of your sponsor's income we deem as your income and count against your benefits:

(a) We start with your sponsor's earned and unearned income that is not excluded under WAC 388-450-0015;

(b) If your sponsor's spouse signed the affidavit of support, we add all of the spouse's earned and unearned income that is not excluded under WAC 388-450-0015;

(c) We subtract twenty percent of the above amount that is earned income under WAC 388-450-0030;

(d) For cash and medical assistance, we subtract the need standard under WAC 388-478-0015. We count the following people who live in your sponsor's home as a part of your sponsor's AU to decide the need standard:

(i) Your sponsor;

(ii) Your sponsor's spouse; and

(iii) Everyone else in their home that they could claim as a dependent for federal income tax purposes.

(e) For food assistance, we subtract the maximum gross monthly income under WAC 388-478-0060. We count the following people that live in your sponsor's home as a part of your sponsor's AU to decide the maximum gross monthly income:

(i) Your sponsor;

(ii) Your sponsor's spouse; and

(iii) Everyone else in their home that they could claim as a dependent for federal income tax purposes.

(f) If you can show that your sponsor has sponsored other people as well, we divide the result by the total number of people who they sponsored.

(3) After we have decided how much income to deem to you, we count the greater amount of the following against your benefits:

(a) The amount of income calculated from deeming; or

(b) The amount of money your sponsor actually gives you for your needs.

(4) For food assistance:

(a) We compare your countable income to the monthly net income standard specified in WAC 388-478-0060.

WAC 388-450-0190 How does the department figure my shelter cost income deduction for Basic Food? The department calculates your shelter cost income deduction as follows:

(1) First, we add up the amounts your assistance unit (AU) must pay each month for shelter. We do not count any overdue amounts, late fees, penalties or mortgage payments you make ahead of time as an allowable cost. We count the following expenses as an allowable shelter cost in the month the expense is due:

- (a) Monthly rent, lease, and mortgage payments;
- (b) Property taxes;
- (c) Homeowner's association or condo fees;
- (d) Homeowner's insurance for the building only;
- (e) Utility allowance your AU is eligible for under WAC 388-450-0195;
- (f) Out-of-pocket repairs for the home if it was substantially damaged or destroyed due to a natural disaster such as a fire or flood;

(g) Expense of a temporarily unoccupied home because of employment, training away from the home, illness, or abandonment caused by a natural disaster or casualty loss if your:

- (i) AU intends to return to the home;
- (ii) AU has current occupants who are not claiming the shelter costs for Basic Food purposes; and
- (iii) AU's home is not being leased or rented during your AU's absence.

(2) Second, we subtract all deductions your AU is eligible for under WAC 388-450-0185 (1) through (5) from your AU's gross income. The result is your AU's net income.

(3) Finally, we subtract one-half of your AU's net income from your AU's total shelter costs. The result is your excess shelter costs. Your AU's shelter cost deduction is the excess shelter costs:

- (a) Up to a maximum of four hundred seventeen dollars if no one in your AU is elderly or disabled; or
- (b) The entire amount if an eligible person in your AU is elderly or disabled, even if the amount is over four hundred seventeen dollars.

WAC 388-450-0195 Utility allowances for Basic Food programs. (1) For Basic Food, "utilities" include the following:

- (a) Heating or cooling fuel;
- (b) Electricity or gas;
- (c) Water or sewer;
- (d) Well or septic tank installation/maintenance;
- (e) Garbage/trash collection; and
- (f) Telephone service.

(2) The department uses the amounts below if you have utility costs separate from your rent or mortgage payment. We add your utility allowance to your rent or mortgage payment to determine your total shelter costs. We use total shelter costs to determine your Basic Food benefits.

(a) If you have heating or cooling costs, you get a standard utility allowance (SUA) that depends on your assistance unit's size.

Assistance Unit (AU) Size	Utility Allowance
1	\$298
2	\$307
3	\$316
4	\$325
5	\$334
6 or more	\$343

(b) If your AU does not qualify for the SUA and you have any two utility costs listed above, you get a limited utility allowance (LUA) of two hundred thirty-eight dollars.

(c) If your AU has only telephone costs and no other utility costs, you get a telephone utility allowance (TUA) of thirty-eight dollars.

WAC 388-450-0200 Will the medical expenses of elderly persons or individuals with disabilities in my assistance unit be used as an income deduction for Basic Food? (1) If your basic food assistance unit (AU) includes an elderly person or individual with a disability as defined in WAC 388-400-0040, your AU may be eligible for an income deduction for that person's out-of-pocket medical expenses, and certain expenses allowable for Medicare prescription drug card holders certified prior to June 1, 2006. We allow

the deduction for medical expenses over thirty-five dollars each month.

(2) You can use an out-of-pocket medical expense toward this deduction if the expense covers services, supplies, medication, or other medically needed items prescribed by a state-licensed practitioner or other state-certified, qualified, health professional. Examples of expenses you can use for this deduction include those for:

- (a) Medical, psychiatric, naturopathic physician, dental, or chiropractic care;
- (b) Prescribed alternative therapy such as massage or acupuncture;
- (c) Prescription drugs;
- (d) Over the counter drugs;
- (e) Eye glasses;
- (f) Medical supplies other than special diets;
- (g) Medical equipment or medically needed changes to your home;
- (h) Shipping and handling charges for an allowable medical item. This includes shipping and handling charges for items purchased through mail order or the internet;
- (i) Long distance calls to a medical provider;
- (j) Hospital and outpatient treatment including:
 - (i) Nursing care; or
 - (ii) Nursing home care including payments made for a person who was an assistance unit member at the time of placement.
- (k) Health insurance premiums paid by the person including:
 - (i) Medicare premiums; and
 - (ii) Insurance deductibles and co-payments.
- (l) Out-of-pocket expenses used to meet a spenddown as defined in WAC 388-519-0010. We do not allow your entire spenddown obligation as a deduction. We allow the expense as a deduction as it is estimated to occur or as the expense becomes due;
- (m) Dentures, hearing aids, and prosthetics;
- (n) Cost to obtain and care for a seeing eye, hearing, or other specially trained service animal. This includes the cost of food and veterinarian bills. We do not allow the expense of food for a service animal as a deduction if you receive ongoing additional requirements under WAC 388-473-0040 to pay for this need;
- (o) Reasonable costs of transportation and lodging to obtain medical treatment or services; and
- (p) Attendant care necessary due to age, infirmity, or illness. If your AU provides most of the attendant's meals, we allow an additional deduction equal to a one-person allotment.

(3) There are two types of deductions for out-of-pocket expenses:

- (a) One-time expenses are expenses that cannot be estimated to occur on a regular basis. You can choose to have us:
 - (i) Allow the one-time expense as a deduction when it is billed or due;
 - (ii) Average the expense through the remainder of your certification period; or
 - (iii) If your AU has a twenty-four-month certification period, you can choose to use the expense as a one-time deduction, average the expense for the first twelve months of

(2007 Ed.)

your certification period, or average it for the remainder of our certification period.

(b) Recurring expenses are expenses that happen on a regular basis. We estimate your monthly expenses for the certification period.

(4) If the elderly person or individual with a disability in your AU has an active Medicare prescription drug card prior to June 1, 2006:

- (a) Allow any out-of-pocket expenses that meet the criteria in subsections (2) and (3) above;
- (b) Add a standard twenty-three dollars to these expenses; and
- (c) Allow an additional fifty dollar monthly deduction to account for the 2004 and 2005 prescription subsidies:
 - (i) For twenty-four consecutive months if the client applied before January 2005; or
 - (ii) For the average number of months resulting from dividing the total subsidy amount by fifty dollars if the client applies in January 2005 or later.
- (d) Allow the deductions in (b) and (c) of this subsection even if the AU has no out-of-pocket expenses.
- (5) AU members with an active Medicare prescription drug card prior to June 1, 2006 have the option of using their verified pre-card out-of-pocket expenses when this amount is greater than using the standards in subsection (4).
- (6) We do not allow a medical expense as an income deduction if:

- (a) The expense was paid before you applied for benefits or in a previous certification period;
- (b) The expense was paid or will be paid by someone else;
- (c) The expense was paid or will be paid by the department or another agency;
- (d) The expense is covered by medical insurance;
- (e) We previously allowed the expense, and you did not pay it. We do not allow the expense again even if it is part of a repayment agreement;
- (f) You included the expense in a repayment agreement after failing to meet a previous agreement for the same expense; or
- (g) You claim the expense after you have been denied for presumptive SSI; and you are not considered disabled by any other criteria.

WAC 388-450-0210 Countable income for medical programs. (1) For purposes of medical program eligibility, a client's countable income is income which remains when:

- (a) The income cannot be specifically excluded; and
- (b) All appropriate deductions and disregards allowed by a specific program, have been applied.

(2) A client's countable income cannot exceed the income standard for the specific medical programs described in WAC 388-478-0065, 388-478-0070, 388-478-0075, 388-478-0080, or 388-513-1305, 388-513-1315, or 388-513-1395 unless the program allows for those limits to be exceeded.

(3) Unless modified by subsection (4) of this section, the TANF/SFA income rules, as described in this chapter, are used to determine a client's countable income for the following programs:

(a) Family medical program as described in WAC 388-505-0220;

(b) Medical extensions as described in chapter 388-523 WAC;

(c) Pregnant women's program as described in WAC 388-462-0015;

(d) Children's medical program as described in WAC 388-505-0210;

(e) Children's health program as described in WAC 388-505-0210; and

(f) Psychiatric indigent inpatient (PII) program as described in WAC 388-865-0217.

(4) Exceptions to the TANF/SFA cash assistance methodology apply as follows:

(a) The financial responsibility of relatives when a client is applying for medical for families, children, pregnant women or for the psychiatric indigent inpatient program is specified in WAC 388-408-0055;

(b) Actual work-related child and dependent care expenses, which are the client's responsibility, are income deductions (the limits on this deduction in WAC 388-450-0170 (3) and (4) do not apply);

(c) Court or administratively ordered current or back support paid to meet the needs of legal dependents, are income deductions;

(d) Only income actually contributed to an alien client from the alien's sponsor is countable unless the sponsor signed the affidavit of support I-864 or I-864A. See subsection (5) of this section;

(e) TANF/SFA gross earned income limits as described in WAC 388-450-0165 do not apply;

(f) The fifty percent earned income deduction is not used to calculate countable income for CN programs with income levels based upon the federal poverty level (FPL). These programs are listed in subsections (3)(c), (d) and (e) of this section. The only work related income deductions for these programs are:

(i) Ninety dollars; and

(ii) Actual work-related child and dependent care expenses, as described in (b) of this subsection; and

(iii) Child support as described in (c) of this subsection.

(g) When determining medically needy (MN) or MN scope of care coverage for children or pregnant women for the programs described in subsections (3)(c), (d), and (e), the exception described in subsection (4)(f) is not used as the MN income standards are not based on the FPL;

(h) A nonrecurring lump sum payment is considered as income in the month the client receives payment, and a resource if the client retains the payment after the month of receipt;

(i) Diversion cash assistance (DCA), is not countable income;

(j) Effective April 1, 2002, the department will disregard an increase in earned income when:

(i) A family is receiving benefits under the family medical program; and

(ii) The increase occurs during the second or third month of eligibility. The disregard stops the last day of the third month of eligibility for a family medical program.

(5) When an alien's sponsor has signed the affidavit of support I-864 or I-864A, the sponsor's income and resources are counted as described in WAC 388-450-0155, 388-450-0156, 388-450-0160, and 388-470-0060.

(6) Except when this state has adopted more liberal rules, SSI income rules are used to determine a client's countable income for the following programs:

(a) SSI-related CN or MN; and

(b) Medicare savings programs. Refer to chapter 388-475 WAC.

WAC 388-450-0215 How does the department estimate my assistance unit's income to determine my eligibility and benefits? The department uses prospective budgeting to determine if your assistance unit (AU) is eligible and to calculate your benefits.

(1) We determine if your AU is eligible for benefits and calculate your monthly benefits based on an estimate of your AU's income and expenses for that month. This is known as prospective budgeting.

(2) We base this estimate on what can be reasonably expected based on your current, past and future circumstances.

(3) We determine if our estimate is reasonable by looking at documents, statements, and other verification.

(4) We use two methods to estimate your AU's income:

(a) **Anticipating monthly income:** We estimate the actual amount of income you expect to receive in the month; and

(b) **Averaging income:** We estimate your income based on adding the total income you expect to receive for a period of time and dividing by the number of months in the time period.

(5) When we use the anticipating monthly method, we estimate the actual amount of income your AU expects to receive in the month. Your benefits will vary based on the income that is expected for that month.

(6) In general, you can choose which method we use to estimate your income. However, we **must** use the anticipating monthly method:

(a) For the month you apply for benefits, any income your AU receives in that month. If we do not have to use the anticipating monthly method for any other reason, we may average this income source for the remaining months of your certification period.

(b) For all your AU's income in the following circumstances:

(i) If you receive SSI-related medical benefits under chapter 388-475 WAC; or

(ii) If you are a destitute migrant or destitute seasonal farmworker under WAC 388-406-0021, we must use the anticipating monthly method for the month your AU applied for benefits.

(c) For the income of any member of your AU who has income allocated to someone receiving SSI-related medical benefits under chapter 388-475 WAC;

(d) For the following sources of income to your AU:

(i) SSI; or

(ii) Social Security benefits.

(7) When we use the averaging method, we take the expected changes in your AU's income into consideration so your benefits do not change as much:

(a) If you receive your income weekly or every other week, we convert this income to a monthly amount. If you are paid:

(i) Weekly, we multiply your expected pay by 4.3; or

(ii) Every other week, we multiply your expected pay by 2.15.

(b) In most cases if you receive your income other than weekly or every other week, we estimate your expected income over the certification period by:

(i) Adding the total income in a representative time period;

(ii) Dividing by the number of pay periods in the time frame; and

(iii) Determining the monthly average from this amount.

(c) If you receive your yearly income over less than a year because you are self employed or work under a contract, we average this income over the year unless you are:

(i) Paid on an hourly or piecework basis; or

(ii) A migrant or seasonal farmworker under WAC 388-406-0021.

(8) If you report a change in your AU's income, and we expect the change to last for at least a month beyond the month you reported the change, we recalculate your AU's income based on this change.

(9) If your actual income is different than the income we estimated, we do not make you repay an overpayment under chapter 388-410 WAC or increase your benefits unless:

(a) You provided incomplete or false information; or

(b) We made an error in calculating your benefits.

WAC 388-450-0225 How are my assistance unit's benefits calculated for the first month I am eligible for cash assistance? (1) To calculate your AU's cash benefit for your first month's benefits, we compare your AU's countable

(2007 Ed.)

income to the payment standard as described in WAC 388-450-0162.

(2) Even if your AU has countable income over the payment standard, you may still receive additional requirements.

(3) If your countable income is less than the payment standard, we prorate your grant amount based on the date you are eligible.

(4) We do not prorate any approved additional requirements.

(5) We prorate your grant by:

(a) Dividing your AU's grant amount by the number of days in the first month of eligibility; and

(b) Multiplying the result in (5)(a) of this section by the number of days from the date of eligibility to the last day of the month.

(2) In the month of application, we:

WAC

388-452-0005	Do I have to be interviewed in order to get benefits?
388-452-0010	What does the family violence option mean for TANF/SFA recipients?

WAC 388-452-0005 Do I have to be interviewed in order to get benefits? (1) Unless you are applying for medical only, you or your authorized representative must have an interview with the department:

(a) At initial certification; and
(b) At least once every twelve months if your assistance unit (AU) is certified for twelve months or less.

(2) You do not have to attend an interview if you are applying for or recertifying medical benefits only. If we deny your application for cash or Basic Food because you did not have an interview, we continue to process your request for medical benefits.

(3) You will have just one interview even if you are applying for or are having a review for benefits from more than one program.

(4) If we do not interview you on the same day that we get your application, we schedule an interview appointment for you. We schedule your appointment the day we get your application or on the next business day if we get your application outside of our scheduled business hours, on a holiday or a weekend.

(5) We schedule an interview so your AU has at least ten days after the interview to provide needed verification:

(a) Before the end of the thirty-day processing period for applications; or

(b) Before your certification period ends for eligibility reviews or recertifications.

(6) If you miss your first interview and ask for another interview within thirty days of the date you applied for benefits, we schedule a second interview for you.

(7) If you must have an interview for benefits, you or someone who can give us the information we need about your AU must participate in the interview. You may bring any person you choose to your interview.

(8) You may choose someone to take your place in your interview:

(a) For cash assistance if you cannot come to the local office for us to decide if you are eligible for benefits; or

(b) For Basic Food if the person is your authorized representative as described in WAC 388-460-0005.

(9) We usually have interviews at the local office. You can have a scheduled telephone interview if there is **any rea-**

son you cannot attend an interview at the local office. Examples of reasons you may be unable to attend an interview include:

(a) Your work or training schedule make it inconvenient for you to attend an in-office interview during regular business hours;

(b) You are unable to take time off of work to attend an in-office interview, because you would not get paid for this time or you fear you could lose your job;

(c) Someone in your AU is ill, or you have to stay home to care for an AU member;

(d) You are having transportation problems;

(e) You can't safely get to the office because of severe weather;

(f) You live in a remote area and can't easily get to the local office;

(g) All the people in your AU are elderly, mentally disabled, or physically disabled;

(h) Someone in your AU is affected by family violence such as physical or mental abuse, harassment, or stalking by the abuser; or

(i) You have **any other** situation that makes it difficult for you to come into the office for an interview.

(10) If you currently get benefits from the department and you are completing an eligibility review or recertification for ongoing benefits under chapter 388-434 WAC, you can have a scheduled phone interview even if you do not meet the requirements for a phone interview listed above.

WAC 388-452-0010 What does the family violence option mean for TANF/SFA recipients? The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), gave every state the option to have procedures in place to address issues of family violence for recipients receiving temporary assistance for needy families (TANF) or state family assistance (SFA).

(1) For TANF/SFA, it is family violence when a recipient, or family member or household member has been subjected by another family member or household member as defined in RCW 26.50.010(2) to one of the following:

(a) Physical acts that resulted in, or threatened to result in, physical injury;

(b) Sexual abuse;

(c) Sexual activity involving a dependent child;

(d) Being forced as the caretaker relative or a dependent child to engage in nonconsensual sexual acts or activities;

(e) Threats of or attempts at, physical sexual abuse;

(f) Mental abuse;

(g) Neglect or deprivation of medical care; or

(h) Stalking.

(2) Under the family violence option DSHS must:

(a) Screen and identify TANF/SFA recipients for a history of family violence;

(b) Notify TANF/SFA recipients about the family violence option both verbally and in writing;

(c) Maintain confidentiality as stated in RCW 74.04.060;

(d) Offer referral to social services or other resources for recipients who meet the criteria in subsection (1) of this section;

(e) Waive WorkFirst requirements in cases where the requirements would make it more difficult to escape family violence, unfairly penalize victims of family violence or place victims at further risk. Requirements to be waived may include:

(i) Time limits for TANF/SFA recipients, for as long as necessary (after fifty-two months of receiving TANF/SFA);

(ii) Cooperation with the division of child support.

(f) Develop specialized work activities for instances where participation in regular work activities would place the recipient at further risk of family violence.

(b) If relatives share physical custody of the child in equal amounts, we include the child in the AU of the parent or relative that first applies for assistance for the child.

(a) Is not related to you; and

(b) Lives with you but you do not have a court order that gives you legal custody of the child.

(2) A child who is not related to you cannot receive TANF/SFA benefits while living with you until we have completed a background check and the results of the background check meet the criteria in subsection (3) through (5).

(3) A child who is not related to you cannot receive benefits while living with you if:

(a) You have been convicted of a crime listed in WAC 388-06-0170; or

(b) You have been convicted of a crime listed in WAC 388-06-0180 within the last five years.

(4) We review your background when you have been convicted of a crime listed in WAC 388-06-0180 more than five years ago to determine your character, suitability, and competence to receive benefits for a child not related to you. We consider the following factors:

(a) The amount of time that has passed since you were convicted;

(b) The seriousness of the crime that led to the conviction;

(c) The number and types of convictions in your background; and

(d) Your age at the time of the conviction.

(5) When you have a conviction for a crime other than those listed in WAC 388-06-0170 or 388-06-0180 we review your background as described in subsection (4) above.

(1) We consider the following people as parents for TANF and SFA:

(a) The child's natural or adoptive parent; or

(b) A stepparent who is legally obligated to support the child.

(2) We consider a man as a child's natural father if the relationship is:

(c) A stepparent who no longer has to support the child because:

(i) The child's natural or adoptive parent died; or

(4) Placement of a child in foster care when the child's caretaker is receiving care in a residential treatment facility or for other reasons as determined by the division of children and family services (DCFS). DCFS must determine that the child is expected to return to the home within ninety days of the foster care placement.

(5) Placement of a child in foster care or in the temporary care of a relative, when:

(3) For food assistance, all lump sum payments are counted as resources as described in WAC 388-470-0055.

[Statutory Authority: RCW 74.08.090 and 74.04.510. 99-24-008, § 388-455-0005, filed 11/19/99, effective 1/1/00.]

WAC 388-455-0010 How the department treats lump sum payments as a resource for cash assistance and TANF/SFA-related medical assistance. This section applies to cash assistance and TANF/SFA-related medical assistance.

(1) In the month the payment is received, the department does not count any amount of a lump sum payment awarded for:

- (a) Wrongful death;
- (b) Personal injury;
- (c) Damage; or
- (d) Loss of property.

(2) In the month following the month of receipt, we count the entire amount as a resource except for the portion of the payment designated for:

- (a) Repair or replacement of damaged or lost property; or
- (b) Medical bills.

(3) We do not count the portion described in subsection (2) of this section for sixty days following the month the payment is received. At the end of the sixty-day period, we count any amount that remains as a resource.

[Statutory Authority: RCW 74.08.090 and 74.04.510. 99-24-008, § 388-455-0010, filed 11/19/99, effective 1/1/00.]

WAC 388-455-0015 How the department treats lump sum payments as income for cash assistance and TANF/SFA-related medical assistance. For cash assistance and TANF/SFA-related medical assistance, lump sum payments not awarded for wrongful death, personal injury, damage, or loss of property are counted as income. They are budgeted against the client's benefits according to the effective dates in WAC 388-418-0020. The rules in this section describe what portion is countable and when the department counts it. For rules on how lump sum payments awarded for wrongful death, personal injury, damage, or loss of property affect benefits, see WAC 388-450-0010.

(1) To identify what portion of the lump sum the department will count as income, we take the following steps:

(a) First, we subtract the value of your existing resources from the resource limit as described in WAC 388-470-0005;

(b) Then, we subtract the difference in (1)(a) from the total amount of the lump sum; and

(c) The amount left over is the countable amount of the lump sum.

(2) For cash assistance, the amount of the lump sum that is countable may change if any or all of the lump sum becomes unavailable for reasons beyond your control. See

(2007 Ed.)

WAC 388-450-0005. When the countable amount of the lump sum is:

(a) Less than your payment standard plus additional requirements, we consider it as income in the month it is received.

(b) More than one month's payment standard plus additional requirements but less than two months:

(i) We consider the portion equal to one month's payment standard plus additional requirements as income in the month it is received; and

(ii) We consider the remainder as income the following month.

(c) Equal to or greater than the total of the payment standard plus additional requirements for the month of receipt and the following month, we consider the payment as income for those months.

(3) If you are ineligible or disqualified from receiving cash benefits and you receive a one-time lump sum payment:

(a) We allocate the payment to meet your needs as specified in WAC 388-450-0105; and

(b) The remainder is treated as a lump sum payment available to the eligible assistance unit members according to the rules of this section.

(4) You can avoid having the lump sum budgeted against your benefits if you request termination of your cash assistance the month before you receive the lump sum.

(5) For TANF/SFA-related medical assistance:

(a) We consider lump sum payments as income in the month of receipt.

(b) We consider any money that remains on the first of the next month as a resource.

(2007 Ed.)

do not need to be certified. DHHS issues a special letter for children. Children also have to meet income eligibility requirement.

(6) Does getting a onetime cash grant from a voluntary agency (VOLAG) affect my eligibility for RCA?

No. In determining your eligibility for RCA DSHS does not count a onetime resettlement cash grant provided to you by your VOLAG.

(7) What is the effective date of my eligibility for RCA?

The date DSHS has sufficient information to make eligibility decision is the date your RCA begins.

(8) When does my RCA end?

(a) Your RCA ends on the last day of the eighth month starting from the month of your arrival to the United States. Count the eight months from the first day of the month of your entry into the United States. For example, if you entered the United States on May 28, 2000, May is your first month and December 2000 is your last month of RCA.

(b) If you get a job, your income will affect your RCA based on the TANF rules (chapter 388-450 WAC). If you earn more than is allowed by WAC 388-478-0035, you are no longer eligible for RCA. Your medical coverage may continue for up to eight months from your month of arrival in the United States (WAC 388-466-0130).

(9) Are there other reasons why RCA may end?

Your RCA also ends if:

- (a) You move out of Washington state;
- (b) Your unearned income and/or resources go over the maximum limit (WAC 388-466-0140); or
- (c) You, without good cause, refuse to meet refugee employment and training requirements (WAC 388-466-0150).

(10) Will my spouse be eligible for RCA, if he/she arrives in the U.S. after me?

When your spouse arrives in the United States, DSHS determines his/her eligibility for RCA and/or other income assistance programs. Your spouse may be eligible for up to eight months of RCA based on his/her date of arrival into the United States. If you live together you and your spouse are part of the same assistance unit and your spouse's eligibility for RCA is determined based on your and your spouse's combined income and resources (WAC 388-466-0140).

(11) Can I get additional money in an emergency?

If you have an emergency and need a cash payment to get or keep your housing or utilities, you may apply for the DSHS program called additional requirements for emergent needs (AREN). To receive AREN, you must meet the requirements in WAC 388-436-0002.

(12) What can I do if I disagree with a decision or action that has been taken by DSHS on my case?

If you disagree with a decision or action taken on your case by the department, you have the right to request a review of your case or a fair hearing (WAC 388-02-0090). Your request must be made within ninety days of the decision or action.

WAC 388-466-0130 Refugee medical assistance (RMA). (1) Who can apply for refugee medical assistance?

Any individual can apply for refugee medical assistance (RMA) and have eligibility determined by the department of social and health services (DSHS).

(2) Who is eligible for refugee medical assistance?

(a) You are eligible for RMA if you meet all of the following conditions:

(i) Immigration status requirements of WAC 388-466-0005;

(ii) Income and resource requirements of WAC 388-466-0140;

(iii) Monthly income standards up to two hundred percent of the federal poverty level (FPL). Spenddown is available for applicants whose income exceeds two hundred percent of FPL (see WAC 388-519-0110); and

(iv) Provide the name of the voluntary agency (VOLAG) which helped bring you to this country, so that DSHS can promptly notify the agency (or sponsor) about your application for RMA.

(b) You are eligible for RMA if you meet one of the following conditions:

(i) Receive refugee cash assistance (RCA) and are not eligible for Medicaid or children's health insurance program (CHIP); or

(ii) Choose not to apply for or receive RCA and are not eligible for Medicaid or CHIP, but still meet RMA eligibility requirements.

(3) Who is not eligible for refugee medical assistance?

You are not eligible to receive RMA if you are:

- (a) Already eligible for Medicaid or CHIP;
- (b) A full-time student in an institution of higher education unless the educational activity is part of a department-approved individual responsibility plan (IRP);
- (c) A nonrefugee spouse of a refugee.

(4) If I have already received a cash assistance grant from voluntary agency (VOLAG), will it affect my eligibility for RMA?

No. A cash assistance payment provided to you by your VOLAG is not counted in determining eligibility for RMA.

(5) If I get a job after I have applied but before I have been approved for RMA, will my new income be counted in determining my eligibility?

No. Your RMA eligibility is determined on the basis of your income and resources on the date of the application.

(6) Will my sponsor's income and resources be considered in determining my eligibility for RMA?

Your sponsor's income and resources are not considered in determining your eligibility for RMA unless your sponsor is a member of your assistance unit.

(7) How do I find out if I am eligible for RMA?

DSHS will send you a letter in both English and your primary language informing you about your eligibility. DSHS will also let you know in writing every time there are any changes or actions taken on your case.

(8) Will RMA cover my medical expenses that occurred after I arrived in the U.S. but before I applied for RMA?

You may be eligible for RMA coverage of your medical expenses for three months prior to the first day of the month

of your application. Eligibility determination will be made according to Medicaid rules.

(9) If I am an asylee, what date will be used as an entry date?

If you are an asylee, your entry date will be the date that your asylum status is granted. For example, if you entered the United States on December 1, 1999 as a tourist, then applied for asylum on April 1, 2000, interviewed with the asylum office on July 1, 2000 and granted asylum on September 1, 2000, your date of entry is September 1, 2000. On September 1, 2000 you may be eligible for refugee medical assistance.

(10) When does my RMA end?

Your refugee medical assistance will end on the last day of the eighth month from the month of your entry into the United States. Start counting the eight months from the first day of the month of your entry into the U.S. For example, if you entered the U.S. on May 28, 2000, your last month is December 2000.

(11) What happens if my earned income goes above the income standards?

(a) If you are getting RMA, your medical eligibility will not be affected by the amount of your earnings;

(b) If you were getting Medicaid and it was terminated because of your earnings, we will transfer you to RMA for the rest of your RMA eligibility period. You will not need to apply.

(12) Will my spouse also be eligible for RMA, if he/she arrives into the U.S. after me?

When your spouse arrives in the U.S., we will determine his/her eligibility for Medicaid and other medical programs. Your spouse may be eligible for RMA; if so, he/she would have a maximum of eight months of RMA starting on the first day of the month of his/her arrival.

(13) What do I do if I disagree with a decision or action that has been taken by DSHS on my case?

If you disagree with the decision or action taken on your case by department you have the right to request a review of your case or request a fair hearing (see WAC 388-02-0090). Your request must be made within ninety days of the decision or action).

(14) What happens to my medical coverage after my eligibility period is over?

We will determine your eligibility for other medical programs. You may have to complete an application for another program.

WAC 388-466-0140 Income and resources for refugee assistance eligibility. (1) How does DSHS count my income and resources when determining my eligibility for refugee cash assistance?

We determine your eligibility for RCA using the TANF rules about income and resources in chapters 388-450 and 388-470 WAC, except we do not count a onetime resettlement cash payment provided to you by your voluntary agency (VOLAG).

[Title 388 WAC—p. 864]

(2) How does DSHS count my income and resources when determining my eligibility for refugee medical assistance?

We determine your eligibility for RMA using the TANF rules about income and resources in chapters 388-450 and 388-470 WAC, except as it stated below:

(a) Your monthly income can be up to two hundred percent of the federal poverty level (FPL);

(b) A onetime resettlement cash payment provided to you by your VOLAG is not counted in determining your eligibility for RMA;

(c) Your RMA eligibility is determined on the basis of your income and resources on the date of your application (WAC 388-466-0130).

[Statutory Authority: RCW 74.08.090, 74.08A.320, 02-04-057, § 388-466-0140, filed 1/30/02, effective 2/1/02.]

WAC 388-466-0150 Refugee employment and training services. (1) What are refugee employment and training services?

Refugee employment and training services provided to eligible refugees may include information and referral, employment oriented case management, job development, job placement, job retention, wage progression, skills training, on-the-job training, counseling and orientation, English as a second language, and vocational English training.

(2) Am I required to participate in refugee employment and training services?

If you are receiving refugee cash assistance (RCA) you are required to participate in refugee employment and training services, unless you are exempt.

(3) How do I know if I am exempt from mandatory employment and training requirements?

(a) You may be exempt from participation in employment and training requirements if:

(i) You are needed in the home to personally provide care for your child under three months of age (see WAC 388-310-0300);

(ii) You are sixty years of age or older.

(b) You can not be exempt from work and training requirements solely because of an inability to communicate in English.

(4) If I am required to participate, what do I have to do?

You are required to:

(a) Register with your employment service provider;

(b) Accept and participate in all employment opportunities, training or referrals, determined appropriate by the department.

(5) What happens if I do not follow these requirements?

If you refuse without good reason to cooperate with the requirements, you are subject to the following penalties:

(a) If you are applying for refugee cash and medical assistance, you will be ineligible for thirty days from the date of your refusal to accept work or training opportunity; or

(b) If you are already receiving refugee cash and medical assistance, your cash benefits will be subject to financial penalties.

(c) The department will notify your voluntary agency (VOLAG) if financial penalties take place.

(2007 Ed.)

(6) What are the penalties to my grant?

The penalties to your grant are:

(a) If the assistance unit includes other individuals as well as yourself, the cash grant is reduced by the sanctioned refugee's amount for three months after the first occurrence. For the second occurrence the financial penalty continues for the remainder of the sanctioned refugee's eight-month eligibility period.

(b) If you are the only person in the assistance unit your cash grant is terminated for three months after the first occurrence. For the second occurrence, your grant is terminated for the remainder of your eight-month eligibility period.

(7) How can I avoid the penalties?

You can avoid the penalties, if you accept employment or training before the last day of the month in which your cash grant is closed.

(8) What is considered a good reason for not being able to follow the requirements?

You have a good reason for not following the requirements if it was not possible for you to stay on the job or to follow through on a required activity due to an event outside of your control. See WAC 388-310-1600(3) for examples.

WAC 388-470-0005 How do resources affect my eligibility for cash assistance, medical assistance, and Basic Food? (1) The following definitions apply to this chapter:

(a) **"We"** means the department of social and health services.

(b) **"You"** means a person applying for or getting benefits from the department.

(c) **"Fair market value (FMV)"** means the price at which you could reasonably sell the resource.

(d) **"Equity value"** means the FMV minus any amount you owe on the resource.

(e) **"Community property"** means a resource in the name of the husband, wife, or both.

(f) **"Separate property"** means a resource of a married person that one of the spouses:

(i) Had possession of and paid for before they were married;

(ii) Acquired and paid for entirely out of income from separate property; or

(iii) Received as a gift or inheritance.

(2) We count a resource to decide if your assistance unit (AU) is eligible for cash assistance, family medical programs, or Basic Food when:

(a) It is a resource we must count under WAC 388-470-0045 and 388-470-0055;

(b) You own the resource. We consider you to own a resource if:

(i) Your name is on the title to the property; or

(ii) You have property that doesn't have a title; and

(c) You have control over the resource, which means the resource is actually available to you; and

(d) You could legally sell the resource or convert it into cash within twenty days.

(3) For cash assistance and family medical programs, you must try to make your resources available even if it will take you more than twenty days to do so, unless:

(a) There is a legal barrier; or

(b) You must petition the court to release part or all of a resource.

(4) When you apply for assistance, we count your resources as of:

(a) The date of your interview, if you are required to have an interview; or

(b) The date of your application, if you are not required to have an interview; or

(c) The first day of the month of application, for medical assistance.

(5) If your total countable resources are over the resource limit in subsection (6) through (13) of this section, you are not eligible for benefits.

(6) For cash assistance and applicants for family medical programs, we use the equity value as the value of your resources.

(a) Applicants can have countable resources up to one thousand dollars.

(b) Recipients of cash assistance can have an additional three thousand dollars in a savings account.

(7) Recipients of family medical programs do not have a resource limit.

(8) We do not count your resources for children's medical or pregnancy medical benefits.

(9) For SSI-related medical assistance, see chapter 388-475 WAC.

(10) For clients receiving institutional or waived services, see chapters 388-513 and 388-515 WAC.

(11) If your household consists of more than one medical assistance unit (MAU), as described in WAC 388-408-0055, we look at the resources for each MAU separately.

(12) If your AU is categorically eligible (CE) as described in WAC 388-414-0001, you do not have a resource limit for Basic Food.

(13) If your AU is not CE under WAC 388-414-0001, your AU may have countable resources up to the following amount and be eligible for Basic Food:

(a) Three thousand dollars if your AU has either an elderly or disabled individual; or

(b) Two thousand dollars for all other AUs.

(14) If you own a countable resource with someone who is not in your AU, we count the portion of the resource that you own. If we cannot determine how much of the resource is yours:

(a) For cash assistance, we count an equal portion of the resource that belongs to each person who owns it.

(b) For medical assistance and Basic Food, we count the entire amount unless you can prove that the entire amount is not available to you.

(15) We assume that you have control of community property and you can legally sell the property or convert it to cash unless you can show that you do not.

(16) We may not consider an item to be separate property if you used both separate and community funds to buy or improve it.

(17) We do not count the resources of victims of family violence when:

(a) The resource is owned jointly with members of the former household; or

(b) Availability of the resource depends on an agreement of the joint owner; or

(c) Making the resource available would place the client at risk of harm.

(18) You may give us proof about a resource anytime, including when we ask for it or if you disagree with a decision we made, about:

(a) Who owns a resource;

(b) Who has legal control of the resource;

(c) The value of a resource;

(d) The availability of a resource; or

(e) The portion of a property you or another person owns.

WAC 388-470-0012 Does the department look at the resources of people who are not getting benefits? Yes we do. We count the resources of certain people who live in your home, even if they are not getting assistance. Their resources count as part of your resources.

(1) For cash assistance, we count the resources of ineligible, disqualified, or financially responsible people as defined in WAC 388-450-0100.

(2) For Basic Food, we count the resources of ineligible assistance unit (AU) members as defined in WAC 388-408-0035.

(2007 Ed.)

(3) For family and SSI-related medical assistance, we count the resources of financially responsible people as defined in WAC 388-408-0055.

(4) For long term care services, we count the resources of financially responsible people as defined in WAC 388-506-0620.

(5) For cash assistance, medical assistance, and Basic Food, we also count the resources of an immigrant's sponsor as described in WAC 388-470-0060.

WAC 388-470-0026 Excluded resources for family medical programs. "Continuously eligible" means, for the purposes of this chapter, there has not been a break of a calendar month or more in a client's eligibility since the date the client received resources in an amount that would cause the client to exceed the resource limit of a family medical program.

(1) The department does not count any increase in a client's resources received while a client:

(a) Is eligible for and receiving coverage under a family medical program; and

(b) Remains continuously eligible for a family medical program.

(2) The department does not count the resource increase for a client:

(a) Who meets the requirement of subsection (1)(a) of this section;

(b) Whose family medical program is terminated; and

(c) Who is later found eligible for all months since the termination, which may include a retroactive period of up to three months.

(3) The department counts the resource increase when the client is ineligible for a family medical program for a full calendar month or more except as described in subsection (2) of this section.

(4) When determining the eligibility of a Holocaust survivor for a family medical program, the department does not count the recoveries of:

(a) Insurance proceeds; and

(b) Other assets.

(5) For the purposes of this section, a family medical program includes the medical extension benefits as described in WAC 388-523-0100.

WAC 388-470-0060 How does the department decide how much of my sponsor's resources affect my eligibility for cash, medical, and food assistance benefits?

(1) If you are a sponsored immigrant as defined in WAC 388-450-0155, and you are not exempt from deeming under WAC 388-450-0156, we count part of your sponsor's resources as available to you.

(2) We decide the amount of your sponsor's resources to count by:

(a) Totaling the countable resources of the sponsor and the sponsor's spouse (if the spouse signed the affidavit of support) under chapter 388-470 WAC;

(b) Subtracting fifteen hundred dollars; and

(c) Counting the remaining amount as a resource that is available to you.

(3) If you can show that your sponsor has sponsored other people as well, we divide the result by the total number of people who they sponsored.

(4) We continue to count your sponsor's resources when we determine your eligibility for benefits until you are exempt from deeming under WAC 388-450-0156.

WAC 388-470-0070 How vehicles are counted toward the resource limit for cash assistance and family medical programs. (1) A vehicle is any device for carrying persons and objects by land, water, or air.

(2) The entire value of a licensed vehicle needed to transport a physically disabled assistance unit member is excluded.

(3) The equity value of one vehicle up to five thousand dollars is excluded when the vehicle is used by the assistance unit or household as a means of transportation. Each separate medical assistance unit is allowed this exclusion.

WAC 388-470-0075 How is my vehicle counted for the Washington Basic Food program? This rule applies to the Washington Basic Food program only.

(1) A vehicle is a motorized device that the client can use as a regular means of transportation.

(2) If you own a licensed vehicle we (the department) do not count its entire value if the vehicle:

(a) Has an equity value (fair market value (FMV) minus what you owe on the vehicle) of one thousand five hundred dollars or less.

(b) Is used over fifty percent of the time to make income. This includes vehicles such as a taxi, truck, or fishing boat. If you are a self-employed farmer or fisher and your self-employment ends, we still exclude your vehicle for one year from the date you end your self-employment.

(c) Is used to make income each year that is consistent with its FMV, even if used on a seasonal basis.

(d) Is needed for long-distance travel, other than daily commuting, for the employment of an assistance unit (AU).

(e) Is used as your AU's home.

(f) Is used to carry fuel for heating or water for home use when this is the primary source of fuel or water for your AU.

(g) Is needed to transport a physically disabled AU member, no matter if the disability is permanent or temporary.

(3) For licensed vehicles we did not exclude in subsection (2) above, we subtract four thousand six hundred fifty dollars from the vehicle's FMV and count the remaining amount toward the resource limit for:

(a) One vehicle for each adult AU member no matter how it is used; and

(b) Any vehicle an AU member under age eighteen uses to drive to work, school, training, or to look for work.

(4) If you have other licensed vehicles, we count the larger value of the following toward your AU's resource limit:

(a) FMV greater than four thousand six hundred fifty dollars; or

(b) Equity value (FMV minus what is owed on the vehicle).

(5) If you are a tribal member and drive an unlicensed vehicle on a reservation that does not require vehicle licens-

ing, we count or exclude your vehicle as if it was a licensed vehicle.

(6) For all other unlicensed vehicles we count the equity value towards your AU's resource limit unless the vehicle is:

(a) Used to make income each year that is consistent with its FMV, even if used on a seasonal basis; or

(b) Work-related equipment needed for employment or self-employment of a member of your AU.

(7) We do not add the equity values of different vehicles together to perform the equity test. We look at each vehicle separately. If a vehicle passes the equity test, we do not count it towards the resource maximum.

(8) After we determine the countable value of each vehicle, we add those values to your other countable resources to see if your resources are below your resource limit.

WAC 388-472-0005 What are my rights and responsibilities? For the purposes of this chapter, "we" and "us" refer to the department and "you" refers to the applicant or recipient.

(1) If you apply for or get cash, food or medical assistance benefits you have the right to:

(b) Be treated politely and fairly no matter what your race, color, political beliefs, national origin, religion, age, gender, disability or birthplace;

(c) Request benefits by giving us an application form using any method listed under WAC 388-406-0010. You can ask for and get a receipt when you give us an application or other documents;

(d) Have your application processed as soon as possible. Unless your application is delayed under WAC 388-406-0040, we process your application for benefits within thirty days, except:

(i) If you are eligible for expedited services under WAC 388-406-0015, you get food assistance within five days. If we deny you expedited services, you have a right to ask that the decision be reviewed by the department within two working days from the date we denied your application;

(ii) If you are pregnant and otherwise eligible, you get medical within fifteen working days.

(iii) General assistance (GAU), alcohol or drug addiction treatment (ADATSA), or medical assistance may take up to forty-five days; and

(iv) Medical assistance requiring a disability decision may take up to sixty days.

(e) Be given at least ten days to give us information needed to determine your eligibility and be given more time if you ask for it. If we do not have the information needed to decide your eligibility, then we may deny your request for benefits;

(f) Have the information you give us kept private. We may share some facts with other agencies for efficient management of federal and state programs;

(g) Ask us not to collect child support or medical support if you fear the noncustodial parent may harm you, your children, or the children in your care;

(h) Ask for extra money to help pay for temporary emergency shelter costs, such as an eviction or a utility shutoff, if you get TANF;

(i) Get a written notice, in most cases, at least ten days before we make changes to lower or stop your benefits;

(j) Ask for a fair hearing if you disagree with a decision we make. You can also ask a supervisor or administrator to review our decision or action without affecting your right to a fair hearing;

(k) Have interpreter or translator services given to you at no cost and without delay;

(l) Refuse to speak to a fraud investigator. You do not have to let an investigator into your home. You may ask the investigator to come back at another time. Such a request will not affect your eligibility for benefits; and

(m) Get help from us to register to vote.

(2) If you get cash, food, or medical assistance, you are responsible to:

(a) Tell us if you are pregnant, in need of immediate medical care, experiencing an emergency such as having no money for food, or facing an eviction so we can process your request for benefits as soon as possible;

(b) Report the following expenses so we can decide if you can get more food assistance:

(i) Shelter costs;

(ii) Child or dependent care costs;

(iii) Child support that is legally obligated;

(iv) Medical expenses; and

(c) Report changes as required under WAC 388-418-0005 and 388-418-0007. If you get:

(ii) Medical assistance, changes must be reported within twenty days from the date you learn of the change.

(d) Give us the information needed to determine eligibility;

(e) Give us proof of information when needed. If you have trouble getting proof, we help you get the proof or contact other persons or agencies for it;

(f) Cooperate in the collection of child support or medical support unless you fear the noncustodial parent may harm you, your children, or the children in your care;

(g) Apply for and get any benefits from other agencies or programs prior to getting cash assistance from us;

(2007 Ed.)

(h) Complete reports and reviews when asked;

(i) Look for, get, and keep a job or participate in other activities if required for cash or food assistance;

(j) Give your medical identification card or letter of eligibility from us to your medical care provider; and

(k) Cooperate with the quality control review process.

(3) If you are eligible for necessary supplemental accommodation (NSA) services under chapter 388-472 WAC, we help you comply with the requirements of this section.

(2) Helping you give or get the information we need to decide or continue eligibility;

(3) Helping you request continuing benefits;

(4) If you miss an appointment or deadline, contacting you about the reason before we reduce or end your benefits;

(5) Explaining to you the reduction in or ending of your benefits (see WAC 388-418-0020);

(7) Assisting you with requests for fair hearings;

(8) Providing protective payments if needed; and

WAC 388-472-0020 How does the department decide if I am eligible for NSA services? When you, as head of household, apply for benefits either in person or by phone, we screen you to decide if you meet NSA requirements. We explain NSA services to you during the screening.

(1) We identify you as NSA if you:

(a) Say you need NSA services in order to have equal access to our programs and services;

(b) Have or claim to have a mental impairment;

(c) Have a developmental disability;

(d) Are disabled by alcohol or drug addiction;

(e) Are unable to read or write in any language; or

(f) Are a minor not residing with your parents.

(2) We identify you as NSA if we observe you to have cognitive limitations, whether or not you have a disability,

which may prevent you from understanding the nature of NSA services or affect your ability to access our programs. Cognitive limitations are limitations in your ability to communicate, understand, remember, process information, exercise judgement and make decisions, perform routine tasks or relate appropriately with others.

WAC 388-472-0030 How can I get NSA services? (1)

After we screen you for NSA eligibility and initially identify your case as NSA, we mark your case file with a uniform NSA identifier.

(2) After you are initially identified as NSA, we complete an assessment to confirm your NSA designation.

(3) If the assessment confirms your NSA designation, we develop an accommodation plan that specifies the services we will provide to you to improve your access to our programs and services.

(4) If you are designated as NSA according to WAC 388-472-0020 (1) and (2), we include all the NSA services listed in WAC 388-472-0010 in your accommodation plan.

(5) Based on your request or a change in your needs, the NSA designation and the accommodation plan may be assessed and changed.

(6) Even if you are eligible to receive NSA services you may refuse NSA services.

WAC 388-472-0040 What are the department's responsibilities in giving NSA services to me? (1) All of our staff are continually responsible to identify you as possibly NSA eligible and assist you with NSA services.

(2) We provide a grace period to continue your financial, food or medical assistance when:

(a) We stop a benefit because we are unable to tell if you continue to qualify; and

(b) You provide proof you still qualify for the benefit within the twenty days right after the benefit stops. We restore lost benefits as follows:

(i) We reopen your medical assistance from the first of the month; and

(ii) We recalculate your cash and food assistance and issue you the correct amount without taking away any benefits as long as you were eligible to receive them.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.04.510, and 74.08.090. 01-10-104, § 388-472-0040, filed 5/1/01, effective 6/1/01.]

WAC 388-472-0050 What if I don't accept or follow through the program requirements because I'm not able to or I don't understand them? (1) We consider how your limitation or impairment affects your ability to accept and follow through on all program requirements. This can include, but is not limited to, your actions in failing to:

- (a) Follow through with medical treatment;
- (b) Follow through with referrals to other agencies;
- (c) Provide timely income reports;
- (d) Maintain employment;

(e) Participate in food assistance employment and training; or

(f) Participate in the WorkFirst program.

(2) If we decide your limitation was the cause of your refusal to accept or failure to follow through on these requirements, we will find that you have good cause and we will not take any adverse action.

(3) Following a finding of good cause not to have followed through with the requirement, we will review your accommodation plan to assure that all services necessary to enable you to meet the program requirements are being provided to you.

(4) If we are unable to accommodate your condition so that you are able to participate in program requirements, we will waive program requirements.

(5) If participation in program requirements is not waived, you must cooperate with program requirements.

(b) How the need affects your health, safety and ability to continue to live independently.

(4) We authorize ongoing additional requirement benefits by increasing your monthly cash assistance benefit.

(5) We use the following review cycle table to decide when to review your need for the additional benefit(s).

(2) When we decide to provide meals as an additional requirement, we choose whether to authorize this benefit as restaurant meals or home-delivered meals.

(3) We authorize restaurant meals when:

(a) You are unable to prepare some of your meals;

(c) Home-delivered meals are not available or would be more expensive.

388-474-0020	What can a general assistance-unemployable (GA-U) client expect when Supplemental Security Income (SSI) benefits begin?

WAC 388-474-0001 What is Supplemental Security Income (SSI) and who can get it? (1) SSI is a federal cash benefit program administered by the Social Security Administration (SSA) under Title XVI of the Social Security Act.

(2) You can get SSI if you have limited income and resources and if you are:

(a) Aged (sixty-five and older);

(b) Blind; or

(c) Disabled.

(3) The SSI program replaced state programs for aged, blind and disabled persons beginning in January 1974. If you received state assistance in December 1973 and you became eligible for SSI in January 1974, you are called a grandfathered client by the state and a mandatory income level (MIL) client by SSI. You must continue to meet the definition of blind or disabled that was in effect under the state plan in

December 1973. These definitions can be found in the SSA program operations manual system (POMS), see <http://policy.ssa.gov/poms.nsf>.

(4) If you are needed in the home to care for an eligible person, you are called an essential person. You are also called a grandfathered client.

(5) If you are an essential person you must have lived continuously with the eligible person since January 1974.

(6) If you are an SSI recipient and you have a spouse who does not qualify for SSI in their own right, you may be eligible for a state supplemental payment for your spouse (also referred to as an ineligible spouse).

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090 and 74.04.630. 02-11-033, § 388-474-0001, filed 5/7/02, effective 6/7/02. WAC 388-474-0005 What medical coverage does a Supplemental Security Income client, essential person, and an ineligible spouse get? (1) If you are an SSI client you automatically get categorically needy (CN) medical coverage (WAC 388-505-0110) unless you:

(a) Refuse to provide private medical insurance information; or

(b) Refuse to assign the right to recover insurance funds to the department (WAC 388-505-0540).

(2) If you are an essential person as described in WAC 388-474-0001 you get CN medical coverage as long as you continue to live with the SSI client.

(3) If you are an ineligible spouse you are not considered an SSI recipient. You must have your medical assistance determined separately.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090 and 74.04.630. 02-11-033, § 388-474-0005, filed 5/7/02, effective 6/7/02. Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057 and 74.08.090. 98-16-044, § 388-474-0005, filed 7/31/98, effective 9/1/98.]

WAC 388-474-0010 How does being a Supplemental Security Income (SSI) client affect your cash assistance eligibility? (1) If you are married to an SSI recipient but do not get SSI in your own right, you are called an "ineligible spouse."

(2) If you are an ineligible spouse you cannot get the SSI state supplement when you are:

(a) The caretaker relative of a child who receives TANF or SFA; and

(b) Required to be included in the TANF or SFA assistance unit with the child (see WAC 388-408-0015; or

(c) Receiving refugee assistance.

(3) If you are an ineligible spouse and get an SSI state supplement (WAC 388-474-0012), you cannot get general assistance (GA).

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090 and 74.04.630. 02-11-033, § 388-474-0010, filed 5/7/02, effective 6/7/02. WAC 388-474-0012 What is a state supplemental payment and who can get it? (1) The state supplemental payment (SSP) is a state-funded cash assistance program for certain clients who the Social Security Administration determines are eligible for Supplemental Security Income (SSI).

(2) You can get an SSP if:

(a) You are a grandfathered SSI recipient under WAC 388-474-0001;

(b) You are an individual with an ineligible spouse under WAC 388-474-0001;

(c) You receive SSI because you are age sixty-five or older under WAC 388-474-0001;

(d) You receive SSI because you are blind under WAC 388-474-0001;

(e) You are determined eligible for SSP by the division of developmental disabilities; or

(f) You are eligible for and receive SSI as a foster child receiving specific services through children's administration behavior rehabilitation services (BRS) for part or all of a month, and not eligible for foster care reimbursement under Title IV-E of the Social Security Act.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.08.090, 05-07-031, § 388-474-0012, filed 3/9/05, effective 4/9/05; 03-21-125, § 388-474-0012, filed 10/20/03, effective 11/1/03; 03-03-114, § 388-474-0012, filed 1/21/03, effective 2/23/03.]

WAC 388-474-0015 What happens to my categorically needy (CN) medical coverage when my Supplemental Security Income (SSI) cash payment is terminated? (1) Your CN medical coverage (WAC 388-505-0110) continues after an SSI cash payment ends when:

(a) Countable income exceeds the SSI income standard due solely to the annual cost-of-living adjustment (COLA); or

(b) A timely request for a hearing has been filed. CN medical coverage is continued until Social Security Administration (SSA) makes a final decision on the hearing request and on any subsequent timely appeals.

(2) If your SSI ends your CN medical coverage continues for a period of up to one hundred twenty days while the department reviews your eligibility for other cash or medical programs.

(3) If you are a terminated SSI or SSI-related client, the department will review your disability status when:

(a) You present new medical evidence;

(b) Your medical condition changes significantly; or

(c) Your termination from SSI was not based on a review of current medical evidence.

(4) Children terminated from SSI due to loss of disabled status may be eligible for medical benefits under WAC 388-505-0210.

WAC 388-474-0020 What can a general assistance-unemployable (GA-U) client expect when Supplemental Security Income (SSI) benefits begin? You can only get assistance to meet your basic needs from one government

source at a time (WAC 388-448-0210). If you are a GA-U client who begins setting SSI, you should know that:

(1) If you got advance, emergency or retroactive SSI cash assistance for any period where you got GA-U, you must repay the department the amount of GA-U paid to you for the matching time period.

(2) When you apply for GA-U you must sign DSHS 18-235(X), interim assistance reimbursement agreement (IARA) to get GA-U assistance.

(3) You cannot use your GA-U money to replace money deducted from your SSI check to repay an SSI overpayment.

(i) Their countable income is at or below MN standards, leaving them with no spenddown requirement; or

(ii) Their countable income is above MN standards requiring them to spenddown their excess income (see subsection (4) below). See WAC 388-475-0500 through 388-475-0800 for rules on determining countable income, and

[Title 388 WAC—p. 876]

(3) Clients who qualify for services under long term care have different criteria and may spend down excess resources to become eligible for LTC institutional or waiver medical benefits. Refer to WAC 388-513-1315 and 388-513-1395.

(4) A client with income over the medically needy income limit (MNIL) may become eligible for MN coverage when they have incurred medical expenses that are equal to the excess income. This is the process of meeting spend-down. Refer to chapter 388-519 WAC for spenddown information.

WAC 388-475-0200 SSI-related medical—Definition of resources. (1) A resource is any cash, other personal property, or real property that an applicant, recipient or other financially responsible person:

(a) Owns;

(b) Has the right, authority, or power to convert to cash (if not already cash); and

(c) Has the legal right to use for his/her support and maintenance.

(2) The value of a resource may change. However, the property (personal or real) still remains a resource.

(3) Some assets are not resources. Any asset that does not meet the criteria in subsection (1) above is not a resource.

(2007 Ed.)

(4) When an SSI-related client owns a bank account or time deposit jointly with others who are also SSI-related clients, we consider the funds as being available to the SSI-related individuals in equal shares, unless sufficient evidence to the contrary is provided.

(5) When an SSI-related client owns a bank account or time deposit jointly with others who are not SSI-related, we consider all funds in the joint account as available to the client unless sufficient evidence to the contrary is provided.

(6) When an SSI-related client jointly owns either real or personal property other than bank accounts or time deposits, the department considers that the client owns and has available only his or her fractional interest in the property unless sufficient evidence to the contrary is provided.

(7) A resource is countable toward the resource limit only if it is available and is not excluded.

[Statutory Authority: RCW 74.04.050, 74.08.090. 04-09-002, § 388-475-0200, filed 4/7/04, effective 6/1/04.]

WAC 388-475-0250 SSI-related medical—Ownership and availability of resources. (1) Personal or real property is available to the client if the client, client's spouse or other financially responsible person:

- (a) Owns the property;
- (b) Has the authority to convert the property into cash;
- (c) Can expect to convert the property to cash within twenty working days; and
- (d) May legally use the property for his/her support.

(2) A resource is considered available on the first day of the month following the month of receipt unless a rule about a specific type of resource provides for a different time period.

(3) A resource, which ordinarily cannot be converted to cash within twenty working days, is considered unavailable as long as a reasonable effort is being made to convert the resource to cash.

(4) A client may provide evidence showing that a resource is unavailable. A resource is not counted if a client shows sufficient evidence that the resource is unavailable.

(5) We do not count the resources of victims of family violence, as defined in WAC 388-452-0010, when:

- (a) The resource is owned jointly with members of the former household;
- (b) Availability of the resource depends on an agreement of the joint owner; or
- (c) Making the resource available would place the client at risk of harm.

(6) The value of a resource is its fair market value minus encumbrances.

(7) Refer to WAC 388-470-0060 to consider additional resources when an alien has a sponsor.

[Statutory Authority: RCW 74.04.050, 74.08.090. 04-09-002, § 388-475-0250, filed 4/7/04, effective 6/1/04.]

WAC 388-475-0300 SSI-related medical—Resources eligibility. (1) A client must be resource eligible on the first moment of the first day of the month, and is then eligible for the entire month. If the total of the client's countable resources is above the resource standard on the first moment of the first day of the month, the client is ineligible for noninstitutional medical benefits for that entire month regardless of

(2007 Ed.)

resource status at the time of application during that month. For long-term care eligibility see chapter 388-513 WAC.

(2) An excluded resource converted to another excluded resource remains excluded.

(3) Cash received from the sale of an excluded resource becomes a countable resource the first of the month following conversion unless the cash is;

- (a) Used to replace the excluded resource; or
- (b) Invested in another excluded resource in the same month or within the longer time allowed for home sales under WAC 388-475-0350; or
- (c) Spent.

(4) The unspent portion of a nonrecurring lump sum payment is counted as a resource on the first of the month following its receipt with the following exception: The unspent portion of any Title II (SSA) or Title XVI (SSI) retroactive payment is excluded as a resource for six months following the month of receipt. These exclusions apply to lump sums received by the client, client's spouse or other any other person who is financially responsible for the client.

(5) Clients applying for SSI-related medical coverage for long-term care (LTC) services must meet different resource rules. See chapter 388-513 WAC for LTC rules.

(6) The transfer of a resource without adequate consideration does not affect medical program eligibility except for LTC and waiver services programs. In those programs, the transfer may make a client ineligible for medical benefits for a period of time. See WAC 388-513-1364 through 388-513-1366 for LTC rules.

WAC 388-475-0350 SSI-related medical—Property and contracts excluded as resources. (1) The department does not count the following resources when determining eligibility for SSI-related medical assistance:

- (a) A client's household goods and personal effects;
- (b) One home (which can be any shelter), including the land on which the dwelling is located and all contiguous property and related out-buildings in which the client has ownership interest, when:

- (i) The client uses the home as his or her primary residence; or
- (ii) The client's spouse lives in the home; or
- (iii) The client does not currently live in the home but the client or his/her representative has stated the client intends to return to the home; or
- (iv) A relative, who is financially or medically dependent on the client, lives in the home and the client, client's representative, or dependent relative has provided a written statement to that effect.

(c) The value of ownership interest in jointly owned real property is an excluded resource for as long as sale of the property would cause undue hardship to a co-owner due to loss of housing. Undue hardship would result if the co-owner:

- (i) Uses the property as his or her principal place of residence;
- (ii) Would have to move if the property were sold; and
- (iii) Has no other readily available housing.

(2) Cash proceeds from the sale of the home described in subsection (1)(b) above are not considered if the client uses

them to purchase another home by the end of the third month after receiving the proceeds from the sale.

(3) An installment contract from the sale of the home described in subsection (1)(b) above is not a resource as long as the person plans to use the entire down payment and the entire principal portion of a given installment payment to buy another excluded home, and does so within three full calendar months after the month of receiving such down payment or installment payment.

(4) The value of sales contracts is excluded when the:

(a) Current market value of the contract is zero,

(b) Contract cannot be sold, or

(c) Current market value of the sales contract combined with other resources does not exceed the resource limits.

(5) Sales contracts executed before December 1, 1993, are exempt resources as long as they are not transferred to someone other than a spouse.

(6) A sales contract for the sale of the client's principal place of residence executed between December 1, 1993 and May 31, 2004 is considered an exempt resource unless it has been transferred to someone other than a spouse and it:

(a) Provides interest income within the prevailing interest rate at the time of the sale;

(b) Requires the repayment of a principal amount equal to the fair market value of the property; and

(c) The term of the contract does not exceed thirty years.

(7) A sales contract executed on or after June 1, 2004 on a home that was the principal place of residence for the client at the time of institutionalization is considered exempt as long as it is not transferred to someone other than a spouse and it:

(a) Provides interest income within the prevailing interest rate at the time of the sale;

(b) Requires the repayment of a principal amount equal to the fair market value of the property within the anticipated life expectancy of the client; and

(c) The term of the contract does not exceed thirty years.

(8) Payments received on sales contracts of the home described in subsection (1)(b) above are treated as follows:

(a) The interest portion of the payment is treated as unearned income in the month of receipt of the payment;

(b) The principal portion of the payment is treated as an excluded resource if reinvested in the purchase of a new home within three months after the month of receipt;

(c) If the principal portion of the payment is not reinvested in the purchase of a new home within three months after the month of receipt, that portion of the payment is considered a liquid resource as of the date of receipt.

(9) Payments received on sales contracts described in subsection (4) are treated as follows:

(a) The principal portion of the payment on the contract is treated as a resource and counted toward the resource limit to the extent retained at the first moment of the month following the month of receipt of the payment; and

(b) The interest portion is treated as unearned income the month of receipt of the payment.

(10) For sales contracts that meet the criteria in subsections (5), (6), or (7) but do not meet the criteria in subsections (3) or (4), both the principal and interest portions of the payment are treated as unearned income in the month of receipt.

(11) Property essential to self-support is not considered a resource within certain limits. The department places property essential to self-support in several categories:

(a) Real and personal property used in a trade or business (income-producing property), such as:

(i) Land,

(ii) Buildings,

(iii) Equipment,

(iv) Supplies,

(v) Motor vehicles, and

(vi) Tools.

(b) Nonbusiness income-producing property, such as:

(i) Houses or apartments for rent, or

(ii) Land, other than home property.

(c) Property used to produce goods or services essential to an individual's daily activities, such as land used to produce vegetables or livestock, which is only used for personal consumption in the individual's household. This includes personal property necessary to perform daily functions including vehicles such as boats for subsistence fishing and garden tractors for subsistence farming, but does not include other vehicles such as those that qualify as automobiles (cars, trucks).

(12) The department will exclude an individual's equity in real and personal property used in a trade or business (income producing property listed in subsection (11)(a) above) regardless of value as long as it is currently in use in the trade or business and remains used in the trade or business.

(13) The department excludes up to six thousand dollars of an individual's equity in nonbusiness income-producing property listed in subsection (11)(b) above, if it produces a net annual income to the individual of at least six percent of the excluded equity.

(a) If a person's equity in the property is over six thousand dollars, only the amount over six thousand dollars is counted toward the resource limit, as long as the net annual income requirement of six percent is met on the excluded equity.

(b) If the six percent requirement is not met due to circumstances beyond the person's control, and there is a reasonable expectation that the activities will again meet the six percent rule, the same exclusions as in subsection (13)(a) above apply.

(c) If a person has more than one piece of property in this category, each is looked at to see if it meets the six percent return and the total equities of all those properties are added to see if the total is over six thousand dollars. If the total is over the six thousand dollars limit, the amount exceeding the limit is counted toward the resource limit.

(d) The equity in each property that does not meet the six percent annual net income limit is counted toward the resource limit, with the exception of property that represents the authority granted by a governmental agency to engage in an income-producing activity if it is:

(i) Used in a trade or business or nonbusiness income-producing activity; or

(ii) Not used due to circumstances beyond the individual's control, e.g., illness, and there is a reasonable expectation that the use will resume.

(14) Property used to produce goods or services essential to an individual's daily activities is excluded if the individual's equity in the property does not exceed six thousand dollars.

(15) Personal property used by an individual for work is not counted, regardless of value, while in current use, or if the required use for work is reasonably expected to resume.

(16) Interests in trust or in restricted Indian land owned by an individual who is of Indian descent from a federally recognized Indian tribe or held by the spouse or widow/er of that individual, is not counted if permission of the other individuals, the tribe, or an agency of the federal government must be received in order to dispose of the land.

WAC 388-475-0400 SSI-related medical—Vehicles excluded as resources. (1) For SSI-related medical programs, a vehicle is defined as anything used for transportation. In addition to cars and trucks, a vehicle can include boats, snowmobiles, and animal-drawn vehicles.

(2) One vehicle is excluded regardless of its value, if it is used to provide transportation for the individual or a member of the individual's household:

- (a) For employment;
- (b) For the treatment of a specific or regular medical problem;
- (c) For transportation of or modified for operation by a handicapped person; or
- (d) Because of climate, terrain, distance, or similar factors to perform essential daily activities.

(3) If no vehicle is excluded under subsection (2), the department excludes up to five thousand dollars of the current fair market value of one vehicle as a resource. If the current fair market value of the vehicle exceeds five thousand dollars, the excess is counted toward the resource limit.

(4) A vehicle used as the client's primary residence is excluded as the home, and does not count as the one excluded vehicle.

(5) All other vehicles, except those excluded under WAC 388-475-0350 (11) through (14), are treated as nonliquid resources and the equity value is counted toward the resource limit.

[Statutory Authority: RCW 74.04.050, 74.08.090. 04-09-003, § 388-475-0400, filed 4/7/04, effective 6/1/04.]

WAC 388-475-0450 SSI-related medical—Life insurance excluded as a resource. (1) The department excludes life insurance policies that do not have or cannot accrue a cash surrender value (CSV) in determining whether owned policies exceed the life insurance exclusion limits for resources and in determining burial fund exclusion limits.

(2) Policies owned by each spouse are evaluated and counted separately.

(3) If the total face value of all policies with a CSV potential that a person owns on the same insured is equal to or less than fifteen hundred dollars, the resource is excluded.

(4) If the total face value of all policies with a CSV potential that a person owns on the same insured is more than fifteen hundred dollars, the total CSV of the policies is counted toward the resource limit, unless the client design-

ates such policies as burial funds. If they are designated as burial funds, they must be evaluated under the burial fund exclusion described in WAC 388-475-0500.

[Statutory Authority: RCW 74.04.050, 74.08.090. 04-09-003, § 388-475-0450, filed 4/7/04, effective 6/1/04.]

WAC 388-475-0500 SSI-related medical—Burial funds, contracts and spaces excluded as resources. (1) For the purposes of this section, burial funds are funds set aside and clearly designated solely for burial and related expenses and kept separate from all other resources not intended for burial. These include:

- (a) Revocable burial contracts;
- (b) Revocable burial trusts;
- (c) Installment contracts for purchase of a burial space on which payments are still owing;
- (d) Other revocable burial arrangements. The designation is effective the first day of the month in which the person intended the funds to be set aside for burial.

(2) The following burial funds are excluded as resources for the client and spouse up to fifteen hundred dollars each when set aside solely for the expenses of burial or cremation and expenses related to the burial or cremation, and the funds are either:

- (a) An installment contract for purchase of a burial space that is not yet paid in full; or
- (b) In a revocable burial contract, burial trust, cash accounts, or other financial instrument with a definite cash value.

(3) Interest earned in burial funds and appreciation in the value of excluded burial arrangements in subsection (2)(a) and (b) above are excluded from resources and are not counted as income if left to accumulate and become part of the separate burial fund.

(4) The fifteen hundred dollar exclusion for burial funds described in subsection (2) above is reduced by:

- (a) The face value of life insurance with CSV excluded in WAC 388-475-0450; and
- (b) Amounts in an irrevocable burial trust, or other irrevocable arrangement available to meet burial expenses, or burial space purchase agreement installment contracts on which money is still owing. If these reductions bring the balance of the available exclusion to zero, no additional funds can be excluded as burial funds.

(5) An irrevocable burial account, burial trust, or other irrevocable burial arrangement, set aside solely for burial and related expenses is not considered a resource. The amount set aside must be reasonably related to the anticipated death-related expenses in order to be excluded.

(6) A client's burial funds are no longer excluded when they are mixed with other resources that are not related to burial.

(7) When excluded burial funds are spent for other purposes, the spent amount is added to other countable resources and any amount exceeding the resource limit is considered available income on the first of the month it is used. The amount remaining in the burial fund remains excluded.

(8) Burial space and accessories for the client and any member of the client's immediate family described in subsection (9) of this section are excluded. Burial space and accessories include:

- (a) Conventional gravesites;
- (b) Crypts, niches, and mausoleums;
- (c) Urns, caskets and other repositories customarily used for the remains of deceased persons;
- (d) Necessary and reasonable improvements to the burial space including, but not limited to:
 - (i) Vaults and burial containers;
 - (ii) Headstones, markers and plaques;
 - (iii) Arrangements for the opening and closing of the gravesite; and
 - (iv) Contracts for care and maintenance of the gravesite.
- (e) A burial space purchase agreement that is currently paid for and owned by the client is also defined as a burial space. The entire value of the purchase agreement is excluded; as well as any interest accrued, which is left to accumulate as part of the value of the agreement. The value of this agreement does not reduce the amount of burial fund exclusion available to the client.
- (9) Immediate family, for the purposes of subsection (8) of this section includes the client's:
 - (a) Spouse;
 - (b) Parents and adoptive parents;
 - (c) Minor and adult children, including adoptive and stepchildren;
 - (d) Siblings (brothers and sisters), including adoptive and stepsiblings;
 - (e) Spouses of any of the above.

None of the family members listed above, need to be dependent on or living with the client, to be considered immediate family members.

[Statutory Authority: RCW 74.04.050, 74.08.090. 04-09-003, § 388-475-0500, filed 4/7/04, effective 6/1/04.]

(4) Rental income received for the use of real or personal property, such as land, housing or machinery is considered unearned income. (b) Widow(er)'s benefits for a client who:

(i) Was entitled to SSA title II (widow/widower's) benefits in December 1983;

(ii) Was at least fifty years old, but not yet sixty at that time;

(c) Widow, Widower or Surviving Divorced Spouse (title II) benefits for a client who:

(iii) Is not eligible for Medicare Part A. This client is considered an SSI recipient until becoming entitled to Medicare Part A.

(2) A disabled adult child (DAC) who is ineligible for SSI/SSP solely due to receipt of either Social Security benefits as a disabled adult child of a person with a Social Security account or due to receipt of a COLA to the DAC benefits, may be income eligible for CN medical if disregarding the SSA DAC benefits and COLA brings countable income below the CN standards, and the client:

(a) Is eighteen years of age or older;

(1) When income is allocated from an SSI-related person to other household members, that income is considered as the other members' income.

(2) A portion of the income of a spouse or parent is allocated to the needs of an SSI-related applicant when the spouse or parent is:

(a) Financially responsible for the SSI-related person as described in WAC 388-408-0055 and 388-506-0620. For long-term care programs, see WAC 388-513-1315, 388-513-1330, 388-513-1350; for waiver programs see WAC 388-515-1505 through 388-515-1530;

(b) Living in the same household;

(c) Not receiving SSI; and

(d) Either not related to SSI or is not applying for medical assistance.

(3) Allocations to children are deducted from the nonapplying spouse's unearned income, then from their earned income, before they are deducted from the applicant's income. See WAC 388-475-0820.

(4) If the conditions in subsection (2) are met, the income to be allocated from a parent to an SSI-related minor child applying for medical benefits is the amount remaining after deducting:

(a) All allowable income exclusions and disregards as described in WAC 388-475-750 through WAC 388-475-880;

(b) One-half of the federal benefit rate (FBR) for each SSI ineligible sibling of the SSI related child living in the household, minus any countable income of that child. See WAC 388-478-0055 for FBR amount;

(c) The parent's allowance, either the one person FBR for a single parent or two person FBR for a two-parent household.

(5) A portion of the countable income of a nonapplying spouse remaining after the deductions in subsection (4) may be allocated to the SSI-related spouse as follows for CN medical determinations:

(a) If the income is less than or equal to one-half of the FBR after allowing the income exclusions in subsection (4) of this section, no income is allocated to the client.

(b) If the income is equal to or more than one-half of the FBR after allowing the income exclusions in subsection (4) of this section, all income other than the excluded amounts is allocated to the applying spouse.

(6) Deductions from the income of the nonapplying spouse of an SSI-related applicant for CN medical determinations are:

(a) Income exclusions as described in WAC 388-475-0750 through 388-478-0880;

(b) One-half of the federal benefit rate (FBR) as described in WAC 388-478-0055 for each eligible child in the household, minus the child's countable income.

(7) In determining MN medical eligibility for SSI-related applicants:

(a) If the income of the nonapplying spouse is less than the MNIL (see WAC 388-478-0070) after applying any child allocation, a portion of the applying spouse's countable income is added to the nonapplying spouse's income to raise it to the MNIL for MN;

(b) If the income of the nonapplying spouse is more than the MNIL after applying any child allocation, the entire amount exceeding the MNIL is allocated to the applying spouse.

(8) Only income and resources actually contributed to an alien applicant from their sponsor are counted as income. For allocation of income from an alien sponsor, refer to WAC 388-450-0155.

WAC 388-475-1000 Healthcare for workers with disabilities (HWD)—Program description. This section describes the healthcare for workers with disabilities (HWD) program.

(1) The HWD program provides categorically needy (CN) scope of care as described in WAC 388-501-0060.

(2) The department approves HWD coverage for twelve months effective the first of the month in which a person applies and meets program requirements. See WAC 388-475-1100 for "retroactive" coverage for months before the month of application.

(3) A person who is eligible for another Medicaid program may choose not to participate in the HWD program.

(4) A person is not eligible for HWD coverage for a month in which the person received Medicaid benefits under the medically needy (MN) program.

(5) The HWD program does not provide long-term care (LTC) services described in chapters 388-513 and 388-515 WAC. LTC services include institutional, waived, and hospice services. To receive LTC services, a person must qualify and participate in the cost of care according to the rules of those programs.

WAC 388-475-1150 Healthcare for workers with disabilities (HWD)—Disability requirements. This section describes the disability requirements for the two groups of individuals that may qualify for the healthcare for workers with disabilities (HWD) program.

(1) To qualify for the HWD program, a person must meet the requirements of the Social Security Act in section 1902 (a) (10) (A) (ii):

(a) (XV) for the basic coverage group (BCG); or

(b) (XVI) for the medical improvement group (MIG).

(2) The BCG consists of individuals who:

(a) Meet federal disability requirements for the Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI) program; or

(b) Are determined by the division of disability determination services (DDDS) to meet federal disability requirements for the HWD program.

(3) The MIG consists of individuals who:

(a) Were previously eligible and approved for the HWD program as a member of the BCG; and

(b) Are determined by DDDS to have a medically improved disability. The term "medically improved disability" refers to the particular status granted to persons described in subsection (1)(b).

(4) When completing a disability determination for the HWD program, DDDS will not deny disability status because of employment.

WAC 388-475-1200 Healthcare for workers with disabilities (HWD)—Employment requirements. This section describes the employment requirements for the basic coverage group (BCG) and the medical improvement group (MIG) for the healthcare for workers with disabilities (HWD) program.

(1) For the purpose of the HWD program, employment means a person:

(a) Gets paid for working;

(b) Has earnings that are subject to federal income tax; and

(c) Has payroll taxes taken out of earnings received, unless self-employed.

(2) To qualify for HWD coverage as a member of the BCG, a person must be employed full or part time.

WAC 388-475-1250 Healthcare for workers with disabilities (HWD)—Premium payments. This section describes how the department calculates the premium amount a person must pay for healthcare for workers with disabilities (HWD) coverage. This section also describes program

requirements regarding the billing and payment of HWD premiums.

(1) When determining the HWD premium amount, the department counts only the income of the person approved for the program. It does not count the income of another household member.

(2) When determining countable income used to calculate the HWD premium, the department applies the following rules:

(a) Income is considered available and owned when it is:

(i) Received; and

(ii) Can be used to meet the person's needs for food, clothing, and shelter, except as described in WAC 388-475-0600(5), 388-475-0650, and 388-475-0700(1).

(b) Loans and certain other receipts are not considered to be income as described in 20 C.F.R. Sec. 416.1103, e.g., direct payment by anyone of a person's medical insurance premium or a tax refund on income taxes already paid.

(3) The HWD premium amount equals a total of the following (rounded down to the nearest whole dollar):

(a) Fifty percent of unearned income above the medically needy income level (MNIL) described in WAC 388-478-0070; plus

(b) Five percent of total unearned income; plus

(c) Two point five percent of earned income after first deducting sixty-five dollars.

(4) When determining the premium amount, the department will use the current income amount until a change in income is reported and processed.

(5) A change in the premium amount is effective the month after the change in income is reported and processed.

(6) For current and ongoing coverage, the department will bill for HWD premiums during the month following the month in which coverage is approved.

(7) For retroactive coverage, the department will bill the HWD premiums during the month following the month in which coverage is requested and necessary information is received.

(8) If initial coverage for the HWD program is approved in a month that follows the month of application, the first monthly premium includes the costs for both the month of application and any following month(s).

(9) As described in WAC 388-475-1050 (4)(b), the department will close HWD coverage after four consecutive months for which premiums are not paid in full.

(10) If a person makes only a partial payment toward the cost of HWD coverage for any one month, the person remains one full month behind in the payment schedule.

(11) The department first applies payment for current and ongoing coverage to any amount owed for such coverage in an earlier month. Then it applies payment to the current month and then to any unpaid amount for retroactive coverage.

WAC 388-478-0005 Cash assistance need and payment standards and grant maximum. (1) Need standards for cash assistance programs represent the amount of income required by individuals and families to maintain a minimum and adequate standard of living. Need standards are based on assistance unit size and include basic requirements for food, clothing, shelter, energy costs, transportation, household maintenance and operations, personal maintenance, and necessary incidentals.

(2) Payment standards for assistance units in medical institutions and other facilities are based on the need for clothing, personal maintenance, and necessary incidentals (see WAC 388-478-0040 and 388-478-0045).

(3) Need and payment standards for persons and families who do not reside in medical institutions and other facilities are based on their obligation to pay for shelter.

(a) Eligibility and benefit levels for persons and families who meet the requirements in WAC 388-478-0010 are determined using standards for assistance units with an obligation to pay shelter costs.

(b) Eligibility and benefit levels for all other persons and families are determined using standards for assistance units who have shelter provided at no cost.

(c) For recent arrivals to Washington state who apply for temporary assistance for needy families (TANF), see WAC 388-468-0005.

(4) The monthly grant for an assistance unit containing eight or more persons cannot exceed the grant maximum of one thousand seventy-five dollars.

WAC 388-478-0010 Households with obligations to pay shelter costs. The monthly need and payment standards for cash assistance are based on a determination of assistance unit size and whether the assistance unit has an obligation to pay shelter costs.

Eligibility and benefit level is determined using standards for assistance unit with obligations to pay shelter costs. An assistance unit has an obligation to pay shelter costs if one of the members:

(1) Owns, purchases or rents their place of residence, even if costs are limited to property taxes, fire insurance, sewer, water, or garbage;

(2) Resides in a lower income housing project which is funded under the United States Housing Act of 1937 or Section 236 of the National Housing Act, if the household either pays rent or makes a utility payment instead of a rental payment; or

(3) Is homeless. Homeless households include persons or families who:

(a) Lack a fixed, regular, and adequate nighttime residence; or

(b) Reside in a public or privately operated shelter designed to provide temporary living accommodations; or

(c) Live in temporary lodging provided through a public or privately funded emergency shelter program.

WAC 388-478-0055 How much do I get from my state supplemental payments (SSP)? (1) The SSP is a payment from the state for certain SSI eligible people (see WAC 388-474-0012).

If you converted to the federal SSI program from state assistance in January 1974, because you were aged, blind, or disabled, and have remained continuously eligible for SSI since January 1974, the department calls you a grandfathered client. Social Security calls you a mandatory income level (MIL) client.

A change in living situation, cost-of-living adjustment (COLA) or federal payment level (FPL) can affect a grandfathered (MIL) client. A grandfathered (MIL) client gets a federal SSI payment and a SSP payment, which totals the higher of one of the following:

(a) The state assistance standard set in December 1973, unless you lived in a medical institution at the time of conversion, plus the federal cost-of-living adjustments (COLA) since then; or

(b) The current payment standard.

(2) The monthly SSP rates for eligible persons under WAC 388-474-0012 and individuals residing in an institution are:

SSP eligible persons	Monthly SSP Rate
Individual (aged 65 and older) - Calendar Year 2005	\$46.00
Individual (blind as determined by SSA) - Calendar Year 2005	\$46.00
Individual with an ineligible spouse - Calendar Year 2005	\$46.00
Grandfathered (MIL)	Varies by individual based on federal requirements. Payments range between \$0.54 and \$199.77.

WAC 388-478-0057 Year-end adjustments to the SSI state supplement. For the purposes of this rule, "we" refers to the department of social and health services. We are required by federal law to maintain the total SSI state supplement payments at the same level each year, without an increase or decrease in total spending. This may result in adjustment to your SSI state supplement benefits at the end of the year.

(1) If there are unexpended funds, you will receive a one-time bonus payment, usually at the end of the calendar year.

(2) When there is a shortage in available funds, your state supplement benefits will be decreased. The decrease will usually be spread out over multiple months to reduce the negative impact on you.

WAC 388-478-0060 What are the income limits and maximum benefit amounts for Basic Food? If your assistance unit (AU) meets all other eligibility requirements for Basic Food, your AU must have income at or below the limits in column B and C to get Basic Food, unless you meet one of the exceptions listed below. The maximum monthly food assistance benefit your AU could receive is listed in column D.

EFFECTIVE 10-1-2006				
Column A Number of Eligible AU Members	Column B Maximum Gross Monthly Income	Column C Maximum Net Monthly Income	Column D Maximum Allotment	Column E 165% of Poverty Level

Exceptions:

(1) If your AU is categorically eligible as under WAC 388-414-0001, your AU does not have to meet the gross or net income standards in columns B and C. We do budget your AU's income to decide the amount of Basic Food your AU will receive.

(2) If your AU includes a member who is sixty years of age or older or has a disability, your income must be at or below the limit in column C only.

(3) If you are sixty years of age or older and cannot buy and cook your own meals because of a permanent disability, we will use column E to decide if you can be a separate AU.

(4) If your AU has zero income, your benefits are the maximum allotment in column D, based on the number of eligible members in your AU.

Chapter 388-480 WAC STRIKERS

WAC

388-480-0001 Does being on strike impact my eligibility for the Washington Basic Food program?

WAC 388-480-0001 Does being on strike impact my eligibility for the Washington Basic Food program? (1) A strike is a work stoppage, slowdown or other interruption of work caused by employees. This includes when a stoppage happens because a collective bargaining agreement has expired.

(2) We do not consider you to be on strike if you:

(a) Are locked out by your employer;

(b) Do not have work available as a result of striking employees;

(c) Are not a member of the bargaining unit on strike and you fear someone may physically hurt you if you cross a picket line; or

(d) Would have been exempt from work registration under WAC 388-444-0015 the day before the strike for any reason other than being employed at least thirty hours per week.

(3) If a person in your assistance unit (AU) is a striker, your AU is not eligible for Basic Food unless:

(a) Your AU met all income requirements the day before the strike; and

(b) You meet all other requirements of the Basic Food program as described in WAC 388-400-0040.

(4) If someone in your AU is on strike, your AU cannot receive a higher amount of Basic Food benefits solely because the person receives less income as a direct result of being on strike. We count the larger of the two following

amounts to determine if your AU is eligible and calculate your benefits:

- (a) The striker's income before they went on strike; or
- (b) The striker's current income.

TANF/SFA FIVE YEAR TIME LIMIT

WAC

388-484-0005	There is a five-year (sixty-month) time limit for TANF, SFA and GA-S cash assistance.
388-484-0006	TANF/SFA time limit extensions.
388-484-0010	How does the five-year (sixty-month) time limit for TANF, SFA and GA-S cash assistance apply to American Indians or Alaskan Natives living in Indian country?

WAC 388-484-0005 There is a five-year (sixty-month) time limit for TANF, SFA and GA-S cash assistance. (1) What is the sixty-month time limit?

- (a) You can receive cash assistance for temporary assistance for needy families (TANF), state family assistance (SFA), and general assistance for pregnant women (GA-S) for a lifetime limit of sixty months. The time limit applies to cash assistance provided by any combination of these programs, and whether or not it was received in consecutive months.
- (b) If you receive cash assistance for part of the month, it counts as a whole month against the time limit.
- (c) If you have received cash assistance from another state on or after August 1, 1997, and it was paid for with federal TANF funds, those months will count against your time limit.

(d) The time limit does not apply to diversion cash assistance, support services, food assistance or Medicaid.

(2) When did the sixty-month time limit go into effect?

The sixty-month time limit applies to cash assistance received on or after August 1, 1997 for TANF and SFA. Although the GA-S program no longer exists, the time limit applies to GA-S cash assistance received from May 1, 1999 through July 31, 1999.

(3) Does the time limit apply to me?

The sixty-month time limit applies to you for any month in which you are a parent or other relative as defined in WAC 388-454-0010, or a minor parent emancipated through court order or marriage.

(4) Do any exceptions to the time limits apply to me?

The department does not count months of assistance towards the sixty-month time limit if you are:

(a) An adult caretaker, as described in WAC 388-454-0005 through 388-454-0010, who is not a member of the assistance unit and you are receiving cash assistance on behalf of a child;

(b) An unemancipated pregnant or parenting minor living in a department approved living arrangement as defined by WAC 388-486-0005; or

(c) An American Indian or Native Alaskan adult and you are living in Indian country, as defined under 18 U.S.C. 1151, or an Alaskan Native village and you are receiving TANF, SFA, or GA-S cash assistance during a period when at least fifty percent of the adults living in Indian country or in the village were not employed. See WAC 388-484-0010.

(5) What happens if a member of my assistance unit has received sixty months of TANF, SFA, and GA-S cash benefits?

Once any adult or emancipated minor in the assistance unit has received sixty months of cash assistance, the entire assistance unit becomes ineligible for TANF or SFA cash assistance, unless you are eligible for an extended period of cash assistance called a TANF/SFA time limit extension under WAC 388-484-0006.

(6) What can I do if I disagree with how the department has counted my months of cash assistance?

(a) If you disagree with how we counted your months of cash assistance, you may ask for a hearing within ninety days of the date we sent you a letter telling you how many months we are counting.

(b) You will get continued benefits (the amount you were getting before the change) if:

(i) You have used all sixty months of benefits according to our records; and

(ii) You ask for a hearing within the ten-day notice period, as described in chapter 388-458 WAC.

(c) If you get continued benefits and the administrative law judge (ALJ) agrees with our decision, you may have to pay back the continued benefits after the hearing, as described in chapter 388-410 WAC.

(7) Does the department ever change the number of months that count against my time limit?

We change the number of months we count in the following situations:

(a) You repay an overpayment for a month where you received benefits but were not eligible for any of the benefits

you received. We subtract one month for each month that you completely repay. If you were eligible for some of the benefits you received, we still count that month against your time limit.

(b) We did not close your grant on time when the division of child support (DCS) collected money for you that was over your grant amount two months in a row, as described in WAC 388-422-0030.

(c) An ALJ decides at a fair hearing that we should change the number of months we count.

(d) You start getting worker's compensation payments from the department of labor and industries (L&I) and your L&I benefits have been reduced by the payments we made to you.

(e) You participated in the excess real property (ERP) program in order to get assistance and we collected the funds when your property sold.

(f) Another state gave us incorrect information about the number of months you got cash assistance from them.

WAC 388-484-0006 TANF/SFA time limit extensions. (1) What happens after I receive sixty or more months of TANF/SFA cash assistance?

After you receive sixty or more months of TANF/SFA cash assistance, you may qualify for additional months of cash assistance. We call these additional months of TANF/SFA cash assistance a TANF/SFA time limit extension.

(2) Who is eligible for a TANF/SFA time limit extension?

You are eligible for a TANF/SFA time limit extension if you are on TANF or otherwise eligible for TANF and:

(a) You qualify for one of the exemptions listed in WAC 388-310-0350; or

(b) You:

(i) Are participating satisfactorily in the WorkFirst program (see chapter 388-310 WAC for a description of WorkFirst participation requirements); or

(ii) Meet the family violence option criteria in WAC 388-61-001 and are participating satisfactorily in specialized activities listed in your individual responsibility plan.

(c) You have a temporary situation that prevents you from working or looking for a job. (For example, you may be unable to look for a job while you have health problems or if you are dealing with family violence.) You will receive a time-limited extension if you are participating in activities included in your individual responsibility plan to help your situation.

(d) You are in sanction, but you will be subject to the sanction rules described in WAC 388-310-1600.

(3) Who reviews and approves an extension?

(a) Your case manager or social worker will review your case and determine which extension type will be approved.

(b) This review will not happen until after you have received at least fifty-two months of assistance but before you reach your time limit.

(c) Before you reach your time limit, the department will send you a notice that tells you whether your extension was approved and how to request a fair hearing if you disagree with the decision.

(4) Do my WorkFirst participation requirements change if I receive a TANF/SFA time limit extension?

Your participation requirements do not change. You must still meet all of the WorkFirst participation requirements listed in chapter 388-310 WAC while you receive a TANF/SFA time limit extension.

(5) Do my benefits change if I receive a TANF/SFA time limit extension?

(a) You are still a TANF/SFA recipient and your cash assistance, services, or supports will not change as long as you continue to meet all other TANF/SFA eligibility requirements.

(b) During the TANF/SFA time limit extension, you must continue to meet all other TANF/SFA eligibility requirements. If you no longer meet TANF/SFA eligibility criteria during your extension, your benefits will end.

(6) What happens if I stop participating in WorkFirst activities as required during a TANF/SFA time limit extension?

If you do not participate in the WorkFirst activities required in your individual responsibility plan, and you do not have a good reason under WAC 388-310-1600(4), the department will follow the sanction rules in WAC 388-310-1600.

(7) How long will a TANF/SFA time limit extension last?

(a) We will review your TANF/SFA time limit extension and your case periodically for changes in family circumstances:

(i) If you are extended under WAC 388-484-0006 (2)(a) then we will review your extension at least every twelve months;

(ii) If you are extended under WAC 388-484-0006 (2)(b) then we will review your extension at least every six months;

(iii) If you are extended under WAC 388-484-0006 (2)(c) or (d) then we will review your extension at least every twelve months.

(b) Your TANF/SFA time limit extension may be renewed for as long as you continue to meet the criteria to qualify.

(c) If during the extension period we get proof that your circumstances have changed, we may review your case and change the type of TANF/SFA time limit extension.

WAC 388-484-0010 How does the five-year (sixty-month) time limit for TANF, SFA and GA-S cash assistance apply to American Indians or Alaskan Natives living in Indian country? (1) If you are American Indian or Alaskan Native, time limits on temporary assistance for needy families (TANF), state family assistance (SFA) and general assistance for pregnant women (from May 1, 1999 to July 31, 1999) do not count under certain circumstances.

If you are an American Indian or Alaskan Native parent or other relative as defined by WAC 388-454-0010, months of cash assistance do not count against the sixty-month lifetime limit if you live in Indian country or an Alaskan Native village where at least fifty percent of Indian adults are not employed.

(2) Do time limits on cash assistance apply if I am not an American Indian or Alaskan Native but I am the parent or other relative of an American Indian or Alaskan Native child?

If you are a non-American Indian or non-Alaskan Native parent or other relative, as defined by WAC 388-454-0010, of an American Indian or Alaskan Native child or children living in a qualifying area of Indian country, your months on assistance will count against your lifetime limit. You may, however, receive more than sixty months of assistance under hardship criteria to be developed by the department.

(3) Where must I live to qualify for the Indian country exemption to time limits?

To qualify for this exemption to TANF time limits, you must live in "Indian country." The department uses the "Indian country" definition in federal law at 18 U.S.C. 1151. Indian country is defined as reservations, dependent Indian communities, and allotments. Dependent Indian communities must be set aside by the federal government for the use of Indians and be under federal superintendence. Near reservation areas (areas or communities adjacent or contiguous to reservations) are not considered Indian country for purposes of this exemption.

(4) Can I live on the reservation or Indian country belonging to a tribe other than my own to qualify for this time limit exemption?

Yes. You do not need to be an American Indian or Alaskan Native of the same tribe as the reservation or other area of Indian country on which you reside.

(5) How does the department determine if at least fifty percent of adults living in Indian country are not employed?

The department uses the most current biennial *Indian Service Population and Labor Force Estimates Report* published by the Bureau of Indian Affairs (BIA), or any successor report, as the default data source to determine if the not employed rates for areas of Indian country are at least fifty percent.

(6) What if a tribe disagrees with the not employed rate published in the BIA Indian Service Population and Labor Force Estimates Report?

A tribe may provide alternative data, based on similar periods to the *Indian Service Population and Labor Force Estimates Report*, to demonstrate that the not employed rate is at least fifty percent.

TRANSFER OF PROPERTY

WAC

388-488-0005	Transfer of property to qualify for cash assistance.
388-488-0010	Transfer of property to qualify for food assistance.

WAC 388-488-0005 Transfer of property to qualify for cash assistance. This rule applies to cash assistance programs only and does not affect Medicaid eligibility for a person who is not institutionalized. For transfer of property for institutional medical see WAC 388-513-1365.

(1) An assistance unit is disqualified from receiving benefits when it transferred or transfers real or personal property for less than its market value in an attempt to qualify for benefits:

(a) Two years prior to the date of application;

(b) During the application process; or

(c) Anytime while receiving benefits.

(2) When an assistance unit transferred property for less than its fair market value in an attempt to qualify for benefits, the disqualification period:

(a) For applicants, begins the first day of the month the property was transferred.

(b) For recipients, begins the first day of the month after the month the property was transferred.

(3) To determine the number of months an assistance unit will be disqualified, divide the uncompensated resource value of the transferred property by the state gross median income. The uncompensated resource value is the equity value minus the amount the client received when transferring a resource.

(4) An assistance unit can provide evidence to clarify the reasons for transferring the property when the department presumes that the assistance unit transferred the property in an attempt to qualify for benefits.

(5) The benefits received by an assistance unit are not affected by the transfer of separate property of a spouse who is not a member of the assistance unit.

(6) An assistance unit's disqualification period is reduced when the client:

(a) Verifies undue hardship will exist if the benefits are denied such as an eviction;

(b) Secures a return of some or all of the transferred property or the equivalent value of the transferred property;

(c) Verifies an unforeseen change in circumstances such as extensive hospitalization; or

(d) Is responsible for and can verify medical expenses.

(7) When a disqualification period has been adjusted and the client is otherwise eligible, benefits will be authorized. Any benefits authorized because of the reason(s) in subsection (6) of this section, are not considered an overpayment.

WAC 388-488-0010 Transfer of property to qualify for food assistance. (1) An assistance unit is disqualified from the program when it transfers a resource to qualify or attempt to qualify for benefits:

(a) Three months prior to the month of application; or

(b) Beginning the month the household is approved for benefits.

(2) The length of disqualification depends on the dollar amount the household is over the resource limit. The countable resources transferred are added to the assistance unit's other countable resources. This total is compared to the resource limit. The amount in excess of the resource limit is located on the chart below to determine the length of the disqualification period.

Amount Over the Resource Limit	Disqualification Period
\$ 0 - \$ 249.99	1 month
250 - 999.99	3 months
1,000 - 2,999.99	6 months
3,000 - 4,999.99	9 months
5,000 and over	12 months

(3) The disqualification period begins:

(a) For applicants, the month of application; or

(b) For recipients, the first of the month after the advance notice period expires.

(4) An assistance unit will not be disqualified for transferring the following:

(a) Excluded resources that do not affect eligibility;

(b) Resources sold or traded at or near fair market value (FMV);

(c) Resources transferred between assistance unit members of the same household including ineligible household members; and

(d) Resources transferred for reasons other than to qualify for benefits.

388-489-0025	Can my transitional food assistance benefits end before the end of my five-month transition period?

WAC 388-489-0005 Who is eligible for transitional food assistance? If your family stops receiving temporary assistance for needy families cash benefits, including benefits from a tribal program, you will be eligible for transitional food assistance for up to five months if you meet all the following eligibility requirements:

(1) Your family was receiving Basic Food at the time we determined you were no longer eligible for temporary assistance for needy families;

(2) After your family stops receiving temporary assistance for needy families, no other member of your Basic Food assistance unit continues to receive temporary assistance for needy families;

(3) Your family did not move out of the state of Washington (WAC 388-468-0005);

(4) Your family was not in sanction status at the time your temporary assistance for needy families grant ended. Sanction status means:

(a) We reduced or stopped your family's temporary assistance for needy families grant payment because a family member is not:

(i) Meeting WorkFirst program requirements (WAC 388-310-1600); or

(ii) Cooperating with the division of child support (WAC 388-422-0100); or

(b) We decided that a member of your family was not eligible for temporary assistance for needy families because the member:

(i) Failed to meet teen parent living arrangement (WAC 388-486-0005) or teen parent school attendance requirements (WAC 388-410-0010); or

(ii) Was convicted of unlawful practices (WAC 388-446-0005) or for receiving temporary assistance for needy families in two or more states at the same time (WAC 388-446-0010); or

(c) If you are receiving temporary assistance for needy families benefits from a tribal program, your family's grant is reduced or stopped for a reason that is the same as one of the reasons listed in (4)(a) or (4)(b) of this section.

(5) At the time your family's temporary assistance for needy families grant ended, your Basic Food assistance unit did not become ineligible because:

(a) You were applying for recertification of your Basic Food benefits and refused to cooperate with the application process; or

(b) All members are ineligible for Basic Food for the reasons stated in WAC 388-489-0025(3).

(6) There is no limit to the number of times your family may leave temporary assistance for needy families and receive transitional food assistance.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.04.510, 74.08.090, and 74.08A.010. 05-19-060, § 388-489-0005, filed 9/16/05, effective 11/1/05.]

WAC 388-489-0010 How is my transitional food assistance benefit calculated? (1) We base your transitional food assistance benefit amount on the regular monthly benefit allotment issued to your Basic Food assistance unit for the last month your family received temporary assistance for needy families. We will not count your last temporary assistance for needy families grant payment when we calculate your transitional food assistance benefit amount. For example:

(a) If your Basic Food assistance unit's only income was temporary assistance for needy families, the transitional food assistance benefit will be the amount your household would have received if you had no income.

(b) If your Basic Food benefit was calculated using temporary assistance for needy families plus income from another source, we will count only the income from the other source when calculating the transitional food assistance amount.

(2) We will adjust your transitional food assistance benefits if:

(a) Someone who gets transitional food assistance with you leaves your assistance unit and is found eligible to receive Basic Food in another assistance unit. We will reduce your transitional food assistance based on the number of persons who left your assistance unit and become eligible in another Basic Food assistance unit.

(b) A change to the maximum allotment for Basic Food under WAC 388-478-0060 results in an increase in benefits for Basic Food assistance units.

(c) You got an overpayment of Basic Food benefits and we need to adjust the amount we deduct from your monthly benefits to repay the overpayment as required in WAC 388-410-0033. This includes:

(i) Starting a new monthly deduction;

(ii) Changing the amount of the monthly deduction; and

(iii) Ending the monthly deduction when the amount you owe has been paid off.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.04.510, 74.08.090, and 74.08A.010. 05-19-060, § 388-489-0010, filed 9/16/05, effective 11/1/05.]

WAC 388-489-0015 How long will my family receive transitional food assistance? If your Basic Food assistance unit is eligible for transitional food assistance according to WAC 388-489-0005, you will receive transitional food assistance

for up to five months after your family leaves temporary assistance for needy families.

(1) If you stopped getting temporary assistance for needy families from the department, you are eligible for transitional benefits beginning the month after your family received their last grant.

(2) If you stopped receiving tribal TANF benefits, you are eligible for transitional benefits:

(a) With the next monthly issuance after we update your case to show you no longer have tribal TANF income, if the tribal TANF end date is the end of the current month or the end of a prior month; or

(b) On the first of the month following the tribal TANF end date, if the tribal TANF end date is the end of a future month.

(3) If necessary, we will extend or shorten your Basic Food assistance unit's current certification period to match the five-month transition period.

(4) You may choose to end your five-month transition period early by submitting an application for regular Basic Food under WAC 388-489-0020 or by asking us to terminate your benefits.

(5) We send you a notice before the end of your five-month transition period so you can reapply for regular Basic Food benefits and continue to receive benefits without interruption as described in WAC 388-434-0010.

(6) We may terminate your transitional food assistance early for the reasons stated in WAC 388-489-0025.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.04.510, 74.08.090, and 74.08A.010. 05-19-060, § 388-489-0015, filed 9/16/05, effective 11/1/05.]

WAC 388-489-0020 Am I required to report changes in my household's circumstances while on transitional food assistance? (1) If you only receive transitional food assistance, you are not required to report any changes in your household circumstances.

(2) If you receive benefits from another cash or medical assistance program, you must meet the reporting requirements for the other program as required by WAC 388-418-0005. Except for changes listed under WAC 388-489-0025, the changes you report for the other program will not affect your family's eligibility for transitional food assistance.

(3) If your family experiences a change in circumstances during your five-month transition period, and you think that you may be eligible for more food assistance, you may submit an application for the regular Basic Food program. Examples of such changes include the loss of income by a person who gets transitional food assistance with you or adding a new person to your household.

(a) If you submit a new application, we will determine your eligibility for Basic Food and allow you to choose if you want to remain on transitional food assistance or receive regular Basic Food benefits.

(b) If you choose to go back on Basic Food and are found eligible, we will start your new benefit amount on the first day of the month after we receive your application for Basic Food. If you have already received transitional food assistance for this month and are eligible for more assistance on the Basic Food program, we will pay you the additional amount.

[Statutory Authority: RCW 74.04.050, 74.04.055, 74.04.057, 74.04.510, 74.08.090, and 74.08A.010. 05-19-060, § 388-489-0020, filed 9/16/05, effective 11/1/05.]

WAC 388-489-0025 Can my transitional food assistance benefits end before the end of my five-month transition period? Your transitional food assistance benefits will end early if:

- (1) Someone who gets transitional food assistance with you applies and is approved for temporary assistance for needy families while still living in your home. You may reapply to have your eligibility for Basic Food determined;
- (2) We learn that you and your family are no longer residing in the state of Washington; or
- (3) **All members** of your household are eligible to get Basic Food for any of the following reasons:
 - (a) Refusal to cooperate with quality assurance (WAC 388-464-0001);
 - (b) Transfer of property to qualify for Basic Food assistance (WAC 388-488-0010);
 - (c) Intentional program violation (WAC 388-466-0015 and 388-446-0020);
 - (d) Fleeing felon or violating a condition of probation or parole (WAC 388-442-0010);
 - (e) Alien status (WAC 388-424-0020 and 388-424-0025);

Chapter 388-490 WAC VERIFICATION

WAC

388-490-0005 The department requires proof before authorizing benefits for cash, medical, and Basic Food.

WAC 388-490-0005 The department requires proof before authorizing benefits for cash, medical, and Basic Food. This rule applies to cash, medical, and Basic Food.

(1) When you first apply for benefits, the department may require you to provide proof of things that help us decide if you are eligible for benefits. This is also called "verification." The types of things that need to be proven are different for each program.

(2) After that, we will ask you to give us proof when:

- (a) You report a change;
- (b) We find out that your circumstances have changed;

or

(c) The information we have is questionable, confusing, or outdated.

(3) Whenever we ask for proof, we will give you a notice as described in WAC 388-458-0020.

[Title 388 WAC—p. 900]

(4) You must give us the proof within the time limits described in:

- (a) WAC 388-406-0030 if you are applying for benefits; and
- (b) WAC 388-458-0020 if you currently receive benefits.

(5) We will accept any proof that you can easily get when it reasonably supports your statement or circumstances. The proof you give to us must:

- (a) Clearly relate to what you are trying to prove;
 - (b) Be from a reliable source; and
 - (c) Be accurate, complete, and consistent.
- (6) We cannot make you give us a specific type or form of proof.

(7) If the only type of proof that you can get costs money, we will pay for it.

(8) If the proof that you give to us is questionable or confusing, we may:

(a) Ask you to give us more proof, which may include providing a collateral statement. A "collateral statement" is from someone outside of your residence who knows your situation;

(b) Schedule a visit to come to your home and verify your circumstances; or

(c) Send an investigator from the Division of Fraud Investigations (DFI) to make an unannounced visit to your home to verify your circumstances.

(9) By signing the application, eligibility review, or change of circumstances form, you give us permission to contact other people, agencies, or institutions.

(10) If you do not give us all of the proof that we have asked for, we will determine if you are eligible based on the information that we already have. If we cannot determine that you are eligible based on this information, we will deny or stop your benefits.

(11) For all Medicaid programs, you must provide proof of citizenship and identity as specified at Section 6036 of the Deficit Reduction Act of 2005 (PL 106-171 amending USC 1396b). Exempt from this requirement are recipients of:

WAC 388-492-0020 What are WASHCAP food benefits? WASHCAP means the Washington State Combined Application program.

(1) WASHCAP is a simplified food benefits program for certain Supplemental Security Income (SSI) recipients. Unless specifically stated in this WAC chapter, WASHCAP food benefits follow all the program requirements of the Basic Food program as described under WAC 388-400-0040.

(2) Social Security Administration (SSA) asks you if you want to get food benefits when you apply for SSI in Washington state.

(3) If you meet the requirements of WAC 388-492-0030, you will get WASHCAP food benefits unless you can choose Basic Food benefits under WAC 388-492-0040.

(4) If you are eligible for WASHCAP food benefits under WAC 388-492-0030, SSA electronically sends us the information we need to open your WASHCAP food benefits.

(5) WASHCAP food benefits begin the first month after the month you are eligible for ongoing SSI.

(6) You do not have to go to your local community services office (CSO) to apply for WASHCAP.

(7) If you want Basic Food benefits before WASHCAP food benefits begin, you can apply at your local CSO, home and community services office (HCS), or SSA.

(8) While you get WASHCAP food benefits, you must report all changes to SSA.

(9) SSA shares the changes you report to them with your WASHCAP worker.

(10) You do not have to report changes to your WASHCAP worker. See WAC 388-492-0080.

WAC 388-492-0070 How are my WASHCAP food benefits calculated? We calculate your food benefits as follows:

(1) We begin with your gross income.

(2) We subtract one hundred thirty-four dollars from your gross income to get your countable income.

(3) We figure your shelter cost based on information we receive from Social Security Administration (SSA), unless you report a change as described under WAC 388-492-0080. If you pay:

(a) Three hundred forty-two dollars or more a month for shelter, we use three hundred fifty-four dollars as your shelter cost; or

(b) Less than three hundred forty-two dollars for shelter, we use one hundred seventy-one dollars as your shelter cost; and

(c) We add the current limited utility allowance under WAC 388-450-0195 to determine your total shelter cost.

(4) We figure your shelter deduction by subtracting one half of your countable income from your shelter cost.

(5) We figure your net income by subtracting your shelter deduction from your countable income and rounding the resulting figure up from fifty cents and down from forty-nine cents to the nearest whole dollar.

(6) We figure your WASHCAP food benefits (allotment) by:

(a) Multiplying your net income by thirty percent and rounding up to the next whole dollar; and

(b) Subtracting the result from the maximum allotment under WAC 388-478-0060.

(c) If you are eligible for WASHCAP, you will get at least ten dollars in food benefits each month.

(2) The client must be eligible for the covered service on the date the service is performed or provided.

(3) The department pays only for medical or dental services, equipment, or supplies that are:

(a) Within the scope of the client's medical program;

(b) Covered - see subsection (5);

(c) Medically necessary;

WAC 388-501-0100 Subrogation. (1) For the purpose of this section, "**liable third party**" means:

(a) The tort-feasor or insurer of the tort-feasor, or both; and

(b) Any person who is liable to provide coverage for the illness or injuries for which the medical assistance administration (MAA) is providing assistance or residential care. That liability must be based on any contract or insurance purchased by the client or any other person.

(2) As a condition of medical care eligibility, a client must assign to the state any right the client may have to receive payment from any other third party. An eligible client who receives health care items or services from the state under medical care programs under chapter 74.09 RCW and who has a right to payment from any other third party for those items or services, subrogates that right of payment to the state. This applies except as provided in subsection (3) of this section.

(3) To the extent authorized by a contract executed under RCW 74.09.522, a managed health care plan has the rights and remedies of the department as provided in RCW 43.20B.060 and 70.09.180.

(4) MAA is not responsible to pay for medical care for a client whose personal injuries are caused by the negligence or wrongdoing of another. However, MAA may provide the medical care required as a result of an injury to the client if both of the following apply:

(a) The client is otherwise eligible for medical care; and

(b) No other liable third party has been identified at the time the claim is filed.

(5) The department may pursue its right to recover the value of medical care provided to an eligible client from any liable third party as a subrogee, assignee, or by enforcement of its public assistance lien as provided under RCW 43.20B.-040 through 43.20B.070.

(6) Recovery pursuant to the subrogation rights, assignment, or enforcement of the lien granted to the department is not reduced, prorated, or applied to only a portion of a judgment, award, or settlement. The secretary of the department or the secretary's designee must consent in writing to any discharge or compromise of any settlement or judgment of a lien created under RCW 42.20B.060. The department considers the compromise or discharge of a medical care lien only as authorized by federal regulation at 42 CFR 433.139.

(7) The doctrine of equitable subrogation does not apply to defeat, reduce, or prorate any recovery made by the department that is based on its assignment, lien, or subrogation rights.

(2) The agencies, HMOs, and facilities must give the following information to each adult client, in writing and orally, and in a language the client understands:

(a) A statement about the client's right to:

- (i) Make decisions concerning the client's medical care;
- (ii) Accept or refuse surgical or medical treatment;
- (iii) Execute an advance directive;
- (iv) Revoke an advance directive at any time;

(b) The written policies of the agency, HMO, or facility concerning advance directives, including any policy that would preclude it from honoring the client's advance directive; and

(c) The client's rights under state law.

(3) The agencies, HMOs, and facilities must provide the information described in subsection (2) of this section to adult clients as follows:

(a) Hospitals at the time the client is admitted as an inpatient;

(b) Nursing facilities at the time the client is admitted as a resident;

(c) Providers of in-home care services before the client comes under the care of the provider or at the time of the first home visit so long as it is provided prior to care being rendered;

(d) Hospice programs at the time the client initially receives hospice care from the program; and

(e) HMOs at the time the client enrolls with the organization.

(4) If the client is incapacitated at the time of admittance or enrollment and is unable to receive information or articulate whether or not the client has executed an advance directive, the agencies, HMOs, and facilities:

(a) May give information about advance directives to the person authorized by RCW 7.70.065 to make decisions regarding the client's health care;

(b) Must document in the client's file that the client was unable to communicate whether an advance directive exists if no one comes forward with a previously executed advance directive; and

(c) Must give the information described in subsection (2) to the client once the client is no longer incapacitated.

(5) The agencies, HMOs, and facilities must:

(a) Review each client's medical record prior to admittance or enrollment to determine if the client has an advance directive;

(b) Honor the directive or follow the process explained in subsection (6); and

(2007 Ed.)

(c) Not refuse, put conditions on care, or otherwise discriminate against a client based on whether or not the client has executed an advance directive.

(6) If an agency, HMO, or facility has a policy or practice that would keep it from honoring a client's advance directive, the facility or organization must:

(a) Tell the client prior to admission or enrollment or when the client executes the directive;

(b) Provide the client with a statement clarifying the differences between institution-wide conscience objections and those that may be raised by individual physicians and explaining the range of medical conditions or procedures affected;

(c) Prepare and keep a written plan of intended actions according to the requirements in RCW 70.122.060 if the client still chooses to retain the facility or organization; and

(d) Make a good faith effort to transfer the client to another health care practitioner who will honor the directive if the client chooses not to retain the facility or organization.

(7) A health care practitioner may refuse to implement a directive, and may not be discriminated against by the facility or organization for refusing to withhold or withdraw life-sustaining treatment.

(8) The agencies, HMOs, and facilities must document, in a prominent place in each client's medical record, whether or not the client has executed an advance directive.

(9) The agencies, HMOs, and facilities must educate staff and the community on issues concerning advance directives.

(10) The agencies, HMOs, and facilities must comply with state and federal laws and regulations concerning advance directives, including but not limited to: 42 USC 1396a, subsection (w); 42 CFR 417.436; 42 CFR 489 Subpart I; and chapter 70.122 RCW.

WAC 388-501-0135 Patient review and restriction (PRR). (1) **Patient review and restriction (PRR)** is a health and safety program for medical assistance fee-for-service clients and managed care organization (MCO) enrollees needing help with using medical services appropriately. PRR is authorized under federal Medicaid law by 42 USC 1396n (a)(2) and 42 CFR 431.54.

(2) **Definitions.** The following definitions apply to this section only:

"Appropriate use" means use of health care services that are adapted to or appropriate for a client's or enrollee's medical needs.

"Assigned provider" means a department-enrolled or MCO contracted medical provider who agrees to be assigned as a primary provider and coordinator of services for a medical assistance client or MCO enrollee in the PRR program. Assigned providers can include a primary care provider (PCP), a pharmacy, a narcotic prescriber, and, for nonemergency medical services, a hospital.

"At-risk" means a medical history that may include one or more of the following:

- Indicators of forging or altering prescriptions;

- Seeking and/or obtaining medical services at a frequency or amount that is not medically necessary;
- Indicators of potentially life-threatening events or life-threatening conditions that required or may require medical intervention;
- A client's or enrollee's medical assistance identification card reportedly used by an unauthorized person(s) or for an unauthorized purpose(s); or
- Other behaviors or practices that could jeopardize a client's or enrollee's medical treatment or health.

"Conflicting" means drugs and or health care services that are incompatible and/or unsuitable for use together because of undesirable chemical or physiological effects.

"Contraindicated" means to indicate or show that a medical treatment or procedure is inadvisable or not recommended or warranted.

"Duplicative" applies to the use of the same or similar drugs and health care services without due justification. Example: A client (or MCO enrollee) receives health care services from two or more providers for the same or similar condition(s) in an overlapping time frame, or the client receives two or more similarly acting drugs in an overlapping time frame, which could result in a harmful drug interaction or an adverse reaction.

"Managed care organization" or **"MCO"** means an organization having a certificate of authority or certificate of registration from the office of insurance commissioner, that contracts with the department under a comprehensive risk contract to provide prepaid health care services to eligible medical assistance clients under the department's managed care programs.

"MCO enrollee" means a medical assistance client enrolled in, and receiving medical services from, a department-contracted managed care organization (MCO).

"Narcotic prescriber" means any of the following health care professionals who, within their scope of professional practice, are licensed to prescribe and administer controlled substances (see chapter 69.50 RCW, Uniform Controlled Substance Act) for a legitimate medical purpose:

- A physician under chapter 18.71 RCW;
- A physician assistant under chapter 18.71A RCW;
- An osteopathic physician under chapter 18.57 RCW;
- An osteopathic physician assistant under chapter 18.57A RCW; and
- An advanced registered nurse practitioner under chapter 18.79 RCW.

"Primary care provider" or **"PCP"** means a person licensed or certified under title 18 RCW including, but not limited to, a physician, an advanced registered nurse practitioner (ARNP), or a physician assistant who supervises, coordinates, and provides health care services to a client or an MCO enrollee, initiates referrals for specialty and ancillary care, and maintains the client's or enrollee's continuity of care.

(3) Restrictions under the PRR program:

(a) Do not apply to a client eligible for a family planning only program; and

(b) Do apply to a fee-for-service client or an MCO enrollee currently assigned to the PRR program.

(4) The prior authorization process described in WAC 388-530-1250 may be required for a fee-for-service client:

(a) Prior to or during a PRR review; or

(b) Currently placed in the PRR program.

(5) **Clients selected for PRR review.** The department or MCO selects a fee-for-service client or MCO enrollee for PRR review when either or both of the following occur:

(a) A utilization review report indicates the client or enrollee has utilized health care services as described in subsection (6) of this section; or

(b) Medical providers, social service agencies, or other concerned parties have provided direct referrals.

(6) **PRR review for placement in the PRR program.**

When the department or MCO selects a client or enrollee for PRR review, the department or MCO staff, with clinical oversight, reviews a client's or enrollee's medical and/or billing history to determine if the client or enrollee has utilized medical services at a frequency or amount that is not medically necessary (42 CFR 431.54(e)). The utilization guidelines in subsection (7) of this section establish that a client or enrollee has utilized medical services at a frequency or amount that is not medically necessary when:

(a) There is a history of medical services that are duplicative, excessive, or contraindicated;

(b) There is a history of conflicting health care services, drugs, or supplies that are not within acceptable medical practice; or

(c) The medical history shows indicators of "at-risk" utilization patterns.

(7) **Utilization guidelines for PRR placement.** Department and MCO staff use the following utilization guidelines to determine PRR placement and may place a client or enrollee in the PRR program when medical and/or billing histories document any of the following:

(a) Any two or more of the following conditions occurred in a period of ninety calendar days. The client or enrollee:

(i) Received services from four or more different providers, including physicians, advanced registered nurse practitioners (ARNPs), and physician assistants (PAs);

(ii) Had prescriptions filled by four or more different pharmacies;

(iii) Received ten or more prescriptions;

(iv) Had prescriptions written by four or more different prescribers;

(v) Received similar services from two or more providers in the same day; or

(vi) Had ten or more office visits.

(b) Any one of the following occurred within a period of ninety calendar days. The client or enrollee has:

(i) Made two or more emergency department visits;

(ii) A medical history that indicates "at-risk" utilization patterns;

(iii) Made repeated and documented efforts to seek health care services that are not medically necessary; or

(iv) Been counseled at least once by a health care provider, or a department or MCO staff member, with clinical oversight, about the appropriate use of health care services.

(c) The client or enrollee received prescriptions for controlled substances from two or more different prescribers in any month.

(8) **PRR review outcomes.** As a result of the PRR review, department or MCO staff may:

(a) Determine no action is needed and close the client's or enrollee's file;

(b) Send the client or enrollee and, if applicable, the client's or enrollee's authorized representative, a letter of concern with information on specific findings and notice of potential placement in the PRR program; or

(c) Determine that the utilization guidelines for PRR placement establish that the client or enrollee has utilized medical services at an amount or frequency that is not medically necessary and take one or more of the following actions. The department or MCO staff:

(i) Refers the client or enrollee for education on appropriate use of health care services;

(ii) Refers the client or enrollee to other support services or agencies; or

(iii) Places the client or enrollee into the PRR program for an initial restriction period of twenty-four months.

(9) **PRR program placement.** When a fee-for-service client or MCO enrollee is initially placed in the PRR program, the department or the MCO sends the client or enrollee and, if applicable, the client's or enrollee's authorized representative, a written notice of the PRR placement that:

(a) Informs the client or the enrollee of the reason for the PRR program placement.

(b) Restricts the client or enrollee for twenty-four months to one or more of the following types of providers when obtaining health care services:

(i) Primary care physician (PCP) (as defined in subsection (2) of this section);

(ii) Pharmacy;

(iii) Narcotic prescriber;

(iv) Hospital (for nonemergency medical services); or

(v) Another qualified provider-type, as determined by department or MCO program staff on a case-by-case basis.

(c) Directs the client or enrollee to respond to the department or the MCO within ten days of the date of the written notice:

(i) To select providers, subject to department or MCO approval;

(ii) To submit additional medical information, justifying the client's or enrollee's use of medical services; or

(iii) To request assistance, if needed, from the department or MCO program staff.

(d) Informs the client or enrollee of hearing rights (see subsection (14) of this section).

(e) Informs the client or enrollee that if a response is not received within ten days of the date of the notice, the client or enrollee will be assigned providers.

(f) Informs the client or enrollee of the rules that support the decision.

(10) **Selection and role of assigned provider.** A fee-for-service client and an MCO enrollee may be afforded a limited choice of providers for the types of services that are to be restricted (see subsection (9)(a) of this section for a list of provider-types that the department may assign).

(a) For a fee-for-service client placed in the PRR program, the assigned:

(i) Provider(s) must be located in the client's local geographic area and/or reasonably accessible to the client.

(ii) Department-enrolled primary care provider (PCP) supervises and coordinates health care services for the client,

(2007 Ed.)

including providing continuity of care and referrals to specialists when necessary. The PCP must be one of the following:

(A) A physician who meets the criteria under WAC 388-502-0020 and 388-502-0030;

(B) An advanced registered nurse practitioner (ARNP) who meets the criteria under WAC 388-502-0020 and 388-502-0030; or

(C) A licensed physician assistant (PA), practicing with a sponsored supervising physician.

(iii) Narcotic prescriber prescribes all controlled substances for the client.

(iv) Pharmacy fills all prescriptions for the client.

(v) Hospital provides all nonemergency and outpatient hospital care for the client.

(b) For an MCO enrollee placed in the PRR program, the assigned PCP, narcotic prescriber, pharmacy, and hospital must be:

(i) Available within the enrollee's selected MCO; and

(ii) Located in the enrollee's local geographic area and/or reasonably accessible to the enrollee.

(c) A client or enrollee placed in the PRR program cannot change assigned providers for twelve months after the assignments are made, unless:

(i) The client or enrollee moves to a residence outside the provider's geographic area;

(ii) The provider moves out of the client's or enrollee's local geographic area and is no longer reasonably accessible to the client or enrollee;

(iii) The provider refuses to continue to serve the client or enrollee;

(iv) The client or enrollee did not select the provider. The client or enrollee may request to change an assigned provider once within thirty calendar days of the initial assignment;

(v) The enrollee's assigned provider no longer participates with the MCO. In this case, the enrollee may select a new provider from the list of available providers in the MCO or transfer enrollment of all family members to the new department-contracted MCO that the established provider has joined;

(vi) The provider has been suspended or disqualified from participating as a department-enrolled or MCO-contracted provider; or

(vii) The provider's business license has been suspended or revoked by the licensing authority;

(d) When an assigned prescribing provider no longer contracts with the department:

(i) All prescriptions from the provider are invalid thirty days following the date the contract ends;

(ii) All prescriptions from the provider are subject to applicable pharmacy rules in chapter 388-530 WAC or appropriate MCO rules; and

(iii) The client or enrollee must choose or be assigned another provider according to the requirements in this section.

(11) **PRR restriction periods.** The length of time for a fee-for-service client's or MCO enrollee's:

(a) Initial restriction period of PRR placement is:

(i) A minimum of twenty-four consecutive months; or

(ii) If the client or enrollee is not eligible for a medical assistance program for any month(s) during the span of the twenty-four consecutive months of PRR placement, the restriction period is for the duration of the client's or enrollee's medical assistance program eligibility plus any subsequent period of eligibility up to but not exceeding twenty-four months;

(b) Second restriction period of PRR placement is:

(i) An additional thirty-six consecutive months; or

(ii) If the client or enrollee is not eligible for a medical assistance program for any month(s) during the span of the thirty-six consecutive months, the restriction period is for the duration of the client's or enrollee's eligibility for a medical assistance program plus any subsequent period of eligibility up to but not exceeding thirty-six months; and

(c) Third restriction period and each subsequent period of PRR placement is:

(i) An additional seventy-two consecutive months; or

(ii) If the client or enrollee is not eligible for a medical assistance program for any month(s) during the span of the seventy-two consecutive months, the restriction period is for the duration of the client's or enrollee's eligibility for a medical assistance program plus any subsequent period of eligibility up to but not exceeding each seventy-two month placement.

(12) Department review of a PRR restriction period assignment. The department reviews a fee-for-service client's or MCO enrollee's use of health care services prior to the end of each assigned PRR restriction period described in subsection (11) of this section using the utilization guidelines in subsection (7) of this section.

(a) The department assigns the next PRR restriction period if the utilization guidelines for PRR placement in subsection (7) apply to the client or enrollee.

(b) When the department assigns a subsequent PRR restriction period, the department sends the client or enrollee and, if applicable, the client's or enrollee's authorized representative, a written notice that informs the client or enrollee:

(i) Of the reason for the subsequent PRR program placement;

(ii) Of the period of time of the subsequent PRR placement;

(iii) That the current providers assigned to the client or enrollee continue to be assigned to the client during the subsequent PRR restriction period;

(iv) That all PRR program rules continue to apply;

(v) Of hearing rights (see subsection (14) of this section); and

(vi) Of the rules that support the decision.

(c) The department may lift any assigned PRR restriction period if the client or enrollee:

(i) Successfully completes a treatment program that is provided by a chemical dependency service provider certified by the department under chapter 388-805 WAC;

(ii) Submits documentation of completion of the approved treatment program to the department; and

(iii) Maintains appropriate use of health care services within the utilization guidelines described in subsection (7) for six months after the date the treatment ends.

(d) A client or enrollee who is placed in the PRR program after being removed from any PRR restriction period

will be placed at the next PRR restriction period described in subsections (11)(b) and (c) of this section.

(e) A client or enrollee will remain placed in the PRR program regardless of change in eligibility program type or change in address.

(13) Client financial responsibility. This subsection takes precedence over WAC 388-502-0160. A fee-for-service client or MCO enrollee placed in the PRR program may be billed by a provider and held financially responsible for health care services when the client or enrollee obtains none-emergency services and the provider who renders the services is not assigned or referred under the PRR program.

(14) Right to hearing. A fee-for-service client or MCO enrollee who believes the department or MCO has taken action erroneously may request a hearing.

(a) A client or enrollee must request the hearing within ninety days after the client or enrollee receives the written notice of restriction. Chapter 388-538 WAC does not apply to the department's or MCO's decision to place an enrollee in the PRR program.

(b) The department conducts a hearing according to chapter 388-02 WAC. Definitions for the terms "hearing," "initial order," and "final order" used in this subsection are found in WAC 388-02-0010.

(c) A client or enrollee who requests a hearing within ten calendar days from the date of the written notice of an initial restriction period of PRR placement under subsection (11)(a) of this section will not be placed in the PRR program until the date an initial order is issued that supports the client's or enrollee's placement in the PRR program.

(d) A client or enrollee who requests a hearing after ten days from the date of the written notice under subsection (11)(a) of this section will remain placed in the PRR program unless a final administrative order is entered that orders their removal from restriction.

(e) A client or enrollee who requests a hearing within ninety days from the date of receiving the written notice under subsection (11)(b) or (c) of this section and who has already been assigned providers will remain placed in the PRR program unless a final administrative order is entered that orders the client's or enrollee's removal from restriction.

(f) An administrative law judge (ALJ) may rule that the client or enrollee be placed in the PRR program prior to the date the record is closed and prior to the date the initial order is issued based on a showing of just cause (a showing of just cause means it has been demonstrated that there is a legitimate cause to justify the action taken) to protect the health and safety of the client or enrollee.

WAC 388-501-0160 Exception to rule—Request for a noncovered healthcare service. A client and/or the client's

provider may request the department to pay for a noncovered healthcare service. This is called an exception to rule.

(1) The department cannot approve an exception to rule if the requested service is excluded under state statute.

(2) The item or service(s) for which an exception is requested must be of a type and nature which falls within accepted standards and precepts of good medical practice;

(3) All exception requests must represent cost-effective utilization of medical assistance program funds as determined by the department;

(4) A request for an exception to rule must be submitted to the department in writing within ninety days of the date of the written notification denying authorization for the noncovered service. For the department to consider the exception to rule request:

(a) The client and/or the client's healthcare provider must submit sufficient client-specific information and documentation to health and recovery services administration's medical director or designee which demonstrate the client's clinical condition is so different from the majority that there is no equally effective, less costly covered service or equipment that meets the client's need(s).

(b) The client's healthcare professional must certify that medical treatment or items of service which are covered under the client's medical assistance program and which, under accepted standards of medical practice, are indicated as appropriate for the treatment of the illness or condition, have been found to be:

(i) Medically ineffective in the treatment of the client's condition; or

(ii) Inappropriate for that specific client.

(5) Within fifteen business days of receiving the request, the department sends written notification to the provider and the client:

(a) Approving the exception to rule request;

(b) Denying the exception to rule request; or

(c) Requesting additional information.

(i) The additional information must be received by the department within thirty days of the date the information was requested.

(ii) The department approves or denies the exception to rule request within five business days of receiving the additional information.

(iii) If the requested information is insufficient or not provided within thirty days, the department denies the exception to rule request.

(6) The HRSA medical director or designee evaluates and considers requests on a case-by-case basis. The HRSA medical director has final authority to approve or deny a request for exception to rule.

(7) Clients do not have a right to a fair hearing on exception to rule decisions.

(2007 Ed.)

WAC 388-501-0165 Medical and dental coverage—Fee-for-service (FFS) prior authorization—Determination process for payment. (1) This section applies to fee-for-service (FFS) requests for medical or dental services and medical equipment that:

(a) Are identified as covered services or EPSDT services; and

(b) Require prior authorization by the department.

(2) The following definitions and those found in WAC 388-500-0005 apply to this section:

"Controlled studies"—Studies in which defined groups are compared with each other to reduce bias.

"Credible evidence"—Type I-IV evidence or evidence-based information from any of the following sources:

- Clinical guidelines
- Government sources
- Independent medical evaluation (IME)
- Independent review organization (IRO)
- Independent technology assessment organizations
- Medical and hospital associations
- Policies of other health plans
- Regulating agencies (e.g., Federal Drug Administration or Department of Health)
- Treating provider
- Treatment pathways

"Evidence-based"—The ordered and explicit use of the best evidence available (see "hierarchy of evidence" in subsection (6)(a) of this section) when making health care decisions.

"Health outcome"—Changes in health status (mortality and morbidity) which result from the provision of health care services.

"Institutional review board (IRB)"—A board or committee responsible for reviewing research protocols and determining whether:

(1) The rights and welfare of human subjects are adequately protected;

(2) The risks to individuals are minimized and are not unreasonable;

(3) The risks to individuals are outweighed by the potential benefit to them or by the knowledge to be gained; and

(4) The proposed study design and methods are adequate and appropriate in the light of stated study objectives.

"Independent review organization (IRO)"—A panel of medical and benefit experts intended to provide unbiased, independent, clinical, evidence-based reviews of adverse decisions.

"Independent medical evaluation (IME)"—An objective medical examination of the client to establish the medical facts.

"Provider"—The individual who is responsible for diagnosing, prescribing, and providing medical, dental, or mental health services to department clients.

(3) The department authorizes, on a case-by-case basis, requests described in subsection (1) when the department determines the service or equipment is medically necessary as defined in WAC 388-500-0005. The process the department uses to assess medical necessity is based on:

(a) The evaluation of submitted and obtainable medical, dental, or mental health evidence as described in subsections (4) and (5) of this section; and

(b) The application of the evidence-based rating process described in subsection (6) of this section.

(4) The department reviews available evidence relevant to a medical, dental, or mental health service or equipment to:

- (a) Determine its efficacy, effectiveness, and safety;
- (b) Determine its impact on health outcomes;
- (c) Identify indications for use;
- (d) Evaluate pertinent client information;
- (e) Compare to alternative technologies; and
- (f) Identify sources of credible evidence that use and report evidence-based information.

(5) The department considers and evaluates all available clinical information and credible evidence relevant to the client's condition. At the time of request, the provider responsible for the client's diagnosis and/or treatment must submit credible evidence specifically related to the client's condition, including but not limited to:

- (a) A client-specific physiological description of the disease, injury, impairment, or other ailment;
- (b) Pertinent laboratory findings;
- (c) Pertinent X-ray and/or imaging reports;
- (d) Individual patient records pertinent to the case or request;
- (e) Photographs and/or videos when requested by the department; and
- (f) Objective medical/dental/mental health information such as medically/dentally acceptable clinical findings and diagnoses resulting from physical or mental examinations.

(6) The department uses the following processes to determine whether a requested service described in subsection (1) is medically necessary:

(a) **Hierarchy of evidence—How defined.** The department uses a hierarchy of evidence to determine the weight given to available data. The weight of medical evidence depends on objective indicators of its validity and reliability including the nature and source of the evidence, the empirical characteristics of the studies or trials upon which the evidence is based, and the consistency of the outcome with comparable studies. The hierarchy (in descending order with Type I given the greatest weight) is:

(i) Type I: Meta-analysis done with multiple, well-designed controlled studies;

(ii) Type II: One or more well-designed experimental studies;

(iii) Type III: Well-designed, quasi-experimental studies such as nonrandomized controlled, single group pre-post, cohort, time series, or matched case-controlled studies;

(iv) Type IV: Well-designed, nonexperimental studies, such as comparative and correlation descriptive, and case studies (uncontrolled); and

(v) Type V: Credible evidence submitted by the provider.

(b) **Hierarchy of evidence—How classified.** Based on the quality of available evidence, the department determines if the requested service is effective and safe for the client by classifying it as an "A," "B," "C," or "D" level of evidence:

(i) **"A" level evidence:** Shows the requested service or equipment is a proven benefit to the client's condition by strong scientific literature and well-designed clinical trials such as Type I evidence or multiple Type II evidence or combinations of Type II, III or IV evidence with consistent results

(An "A" rating cannot be based on Type III or Type IV evidence alone).

(ii) **"B" level evidence:** Shows the requested service or equipment has some proven benefit supported by:

(A) Multiple Type II or III evidence or combinations of Type II, III or IV evidence with generally consistent findings of effectiveness and safety (A "B" rating cannot be based on Type IV evidence alone); or

(B) Singular Type II, III, or IV evidence in combination with department-recognized:

(I) Clinical guidelines; or

(II) Treatment pathways; or

(III) Other guidelines that use the hierarchy of evidence in establishing the rationale for existing standards.

(ii) **"C" level evidence:** Shows only weak and inconclusive evidence regarding safety and/or efficacy such as:

(A) Type II, III, or IV evidence with inconsistent findings; or

(B) Only Type V evidence is available.

(iv) **"D" level evidence:** Is not supported by any evidence regarding its safety and efficacy, for example that which is considered investigational or experimental.

(c) **Hierarchy of evidence—How applied.** After classifying the available evidence, the department:

(i) Approves "A" and "B" rated requests if the service or equipment:

(A) Does not place the client at a greater risk of mortality or morbidity than an equally effective alternative treatment; and

(B) Is not more costly than an equally effective alternative treatment.

(ii) Approves a "C" rated request only if the provider shows the requested service is the optimal intervention for meeting the client's specific condition or treatment needs, and:

(A) Does not place the client at a greater risk of mortality or morbidity than an equally effective alternative treatment; and

(B) Is less costly to the department than an equally effective alternative treatment; and

(C) Is the next reasonable step for the client in a well-documented tried-and-failed attempt at evidence-based care.

(iii) Denies "D" rated requests unless:

(A) The requested service or equipment has a humanitarian device exemption from the Food And Drug Administration (FDA); or

(B) There is a local institutional review board (IRB) protocol addressing issues of efficacy and safety of the requested service that satisfies both the department and the requesting provider.

(7) Within fifteen days of receiving the request from the client's provider, the department reviews all evidence submitted and:

(a) Approves the request;

(b) Denies the request if the requested service is not medically necessary; or

(c) Requests the provider submit additional justifying information. The department sends a copy of the request to the client at the same time.

(i) The provider must submit the additional information within thirty days of the department's request.

(ii) The department approves or denies the request within five business days of the receipt of the additional information.

(iii) If the provider fails to provide the additional information, the department will deny the requested service.

(8) When the department denies all or part of a request for a covered service(s) or equipment, the department sends the client and the provider written notice, within ten business days of the date the information is received, that:

(a) Includes a statement of the action the department intends to take;

(b) Includes the specific factual basis for the intended action;

(c) Includes reference to the specific WAC provision upon which the denial is based;

(d) Is in sufficient detail to enable the recipient to:

(i) Learn why the department's action was taken; and

(ii) Prepare an appropriate response.

(e) Is in sufficient detail to determine what additional or different information might be provided to challenge the department's determination;

(f) Includes the client's administrative hearing rights;

(g) Includes an explanation of the circumstances under which the denied service is continued or reinstated if a hearing is requested; and

(h) Includes examples(s) of "lesser cost alternatives" that permit the affected party to prepare an appropriate response.

(9) If an administrative hearing is requested, the department or the client may request an independent review organization (IRO) or independent medical examination (IME) to provide an opinion regarding whether the requested service or equipment is medically necessary. The department will pay for the independent assessment if the department agrees that it is necessary, or an administrative law judge orders the assessment.

WAC 388-501-0169 Healthcare coverage—Limitation extension. This section addresses requests for limitation extensions (additional covered services when a client has received the maximum services allowed under specific healthcare program rules). The department does not pay for services exceeding the maximum allowed until authorization is obtained.

(1) No extension of covered services will be authorized when prohibited by specific program rules.

(2) When an extension is not prohibited by specific program rules, a client or the client's provider may request a limitation extension.

(3) Under fee-for-service (FFS), the department evaluates requests for limitation extensions using the process described in WAC 388-501-0165. For a managed care enrollee, the client's managed care organization (MCO) evaluates requests for limitation extensions according to the MCO's prior authorization process.

(4) In addition to subsection (3), both the department and MCO consider the following in evaluating a request for a limitation extension:

(a) The level of improvement the client has shown to date related to the requested service and the reasonably calculated probability of continued improvement if the requested service is extended; and

(b) The reasonably calculated probability the client's condition will worsen if the requested service is not extended.

WAC 388-501-0175 Medical care provided in bordering cities. (1) An eligible Washington state resident may receive medical care in a recognized out-of-state bordering city on the same basis as in-state care.

(2) The only recognized bordering cities are:

(a) Coeur d'Alene, Moscow, Sandpoint, Priest River, and Lewiston, Idaho; and

(b) Portland, The Dalles, Hermiston, Hood River, Rainier, Milton-Freewater, and Astoria, Oregon.

WAC 388-501-0180 Out-of-state medical care. (1) The department considers cities bordering Washington state and listed in WAC 388-501-0175 the same as in-state cities for:

(a) Medical care coverage under all medical programs administered by the department; and

(b) Reimbursement purposes.

(2) The department does not cover out-of-state medical care for clients under the following state-administered (Washington state medical care only) medical programs:

(a) General assistance-unemployable (GA-U); or

(b) Alcohol and Drug Addiction Treatment and Support Act (ADATSA).

(3) Subject to the exceptions and limitations in this section, the department covers out-of-state medical care provided to eligible clients when the services are:

(a) Within the scope of the client's medical care program as specified in WAC 388-501-0060; and

(b) Medically necessary as defined in WAC 388-500-0005.

(4) If the client travels out-of-state expressly to obtain medical care, the medical services must have prior authorization through the department's determination process described in WAC 388-501-0165.

(5) See WAC 388-501-0165 for the department's determination process for requests for:

(a) A service that is in a covered category, but has been determined to be experimental or investigational under WAC 388-531-0550; or

(b) A covered service that is subject to the department's limitations or other restrictions and the request for the service exceeds those limitations or restrictions (see also WAC 388-501-0169).

(6) The department evaluates a request for a noncovered service if an exception to rule is requested according to the provisions in WAC 388-501-0160.

(7) The department determines out-of-state coverage for transportation services, including ambulance services, according to chapter 388-546 WAC.

(8) The department reimburses an out-of-state provider for medical care provided to an eligible client if the provider:

(a) Meets the licensing requirements of the state in which care is provided;

(b) Contracts with the department to be an enrolled provider; and

(c) Meets the same criteria for payment as in-state providers.

WAC 388-501-0200 Third-party resources. (1) MAA requires a provider to seek timely reimbursement from a third party when a client has available third-party resources, except as described under subsections (2) and (3) of this section.

(2) MAA pays for medical services and seeks reimbursement from the liable third party when the claim is for any of the following:

(a) Prenatal care;

(b) Labor, delivery, and postpartum care (except inpatient hospital costs) for a pregnant woman; or

(c) Preventive pediatric services as covered under the EPSDT program.

(3) MAA pays for medical services and seeks reimbursement from any liable third party when both of the following apply:

(a) The provider submits to MAA documentation of billing the third party and the provider has not received payment after thirty days from the date of services; and

(b) The claim is for a covered service provided to a client on whose behalf the office of support enforcement is enforcing an absent parent to pay support. For the purpose of this section, "is enforcing" means the absent parent either:

(i) Is not complying with an existing court order; or

(ii) Received payment directly from the third party and did not pay for the medical services.

(4) The provider may not bill MAA or the client for a covered service when a third party pays a provider the same amount as or more than the MAA rate.

(5) When the provider receives payment from the third party after receiving reimbursement from MAA, the provider must refund to MAA the amount of the:

(a) Third-party payment when the payment is less than MAA's maximum allowable rate; or

(b) MAA payment when the third-party payment is equal to or greater than MAA's maximum allowable rate.

(6) MAA is not responsible to pay for medical services when the third-party benefits are available to pay for the client's medical services at the time the provider bills MAA, except as described under subsections (2) and (3) of this section.

(7) The client is liable for charges for covered medical services that would be paid by the third party payment when the client either:

(a) Receives direct third-party reimbursement for such services; or

(b) Fails to execute legal signatures on insurance forms, billing documents, or other forms necessary to receive insurance payments for services rendered. See WAC 388-505-0540 for assignment of rights.

(8) MAA considers an adoptive family to be a third-party resource for the medical expenses of the birth mother and child only when there is a written contract between the adopting family and either the birth mother, the attorney, the provider, or the adoption service. The contract must specify that the adopting family will pay for the medical care associated with the pregnancy.

(9) A provider cannot refuse to furnish covered services to a client because of a third party's potential liability for the services.

(10) For third-party liability on personal injury litigation claims, MAA is responsible for providing medical services as described under WAC 388-501-0100.

WAC 388-501-0213 Case management services. (1) The department shall provide case management services to medical assistance recipients:

(a) By contract with providers of case management services.

(b) Limited to target groups of clients as determined by the contract.

(c) Limited to services as determined by the contract.

- (c) If the United States Department of Health and Human Services (DHHS) or Medicare suspended the provider from Medicare, DHHS or Medicare notifies the department that the provider may be reinstated.

(4) The department gives thirty days written notice before suspending or terminating a provider's enrollment. However, the department suspends or terminates enrollment immediately if any one of the following situations apply:

- (a) The provider is convicted of a criminal offense related to participation in the Medicare/Medicaid program;
- (b) The provider's license, certification, accreditation, or registration is suspended or revoked;
- (c) Federal funding is revoked;

 - (e) The provider bills according to department rules and billing instructions; and
 - (f) The provider follows third-party payment procedures.
- (2) The department is the payer of last resort, unless the other payer is:

- (a) An Indian health service;
- (b) A crime victims program through the department of labor and industries; or
- (c) A school district for health services provided under the Individuals with Disabilities Education Act.

(3) The department does not reimburse providers for medical services identified by the department as client financial obligations, and deducts from the payment the costs of those services identified as client financial obligations. Client financial obligations include, but are not limited to, the following:

- (a) Co-payments (co-pays) (unless the criteria in chapter 388-517 WAC or WAC 388-501-0200 are met);
- (b) Deductibles (unless the criteria in chapter 388-517 WAC or WAC 388-501-0200 are met);
- (c) Emergency Medical Expense Requirements (EMER); and

(4) The provider must accept Medicare assignment for claims involving clients eligible for both Medicare and medical assistance before MAA makes any payment.

(5) The provider is responsible for verifying whether a client has medical assistance coverage for the dates of service.

(6) The department may reimburse a provider for services provided to a person if it is later determined that the person was ineligible for the service at the time it was provided if:

- (b) The service was not otherwise paid for; and

(2007 Ed.)

(c) The provider submits a request for payment to the department.

(7) The department does not pay on a fee-for-service basis for a service for a client who is enrolled in a managed care plan when the service is included in the plan's contract with the department.

(8) Information about medical care for jail inmates is found in RCW 70.48.130.

WAC 388-502-0110 Conditions of payment—Medicare deductible and coinsurance. (1) The department pays the deductible and coinsurance amounts for a client participating in Parts A and/or B of Medicare (Title XVIII of the Social Security Act) when the:

(a) Total reimbursement to the provider from Medicare and the department does not exceed the rate in the department's fee schedule; and

(b) Provider accepts assignment for Medicare payment.

(2) The department pays the deductible and coinsurance amounts for a client who has Part A of Medicare. If the client:

(a) Has not exhausted lifetime reserve days, the department considers the Medicare diagnostic related group (DRG) as payment in full; or

(b) Has exhausted lifetime reserve days during an inpatient hospital stay, the department considers the Medicare DRG as payment in full until the Medicaid outlier threshold is reached. After the Medicaid outlier threshold is reached, the department pays an amount based on the policy described in the Title XIX state plan.

(3) If Medicare and Medicaid cover the service, the department pays only the deductible and/or coinsurance up to Medicare or Medicaid's allowed amount, whichever is less. If only Medicare and not Medicaid covers the service, the department pays only the deductible and/or coinsurance up to Medicare's allowed amount.

(4) The department bases its outlier policy on the methodology described in the department's Title XIX state plan, methods, and standards used for establishing payment rates for hospital inpatient services.

(5) The department pays, according to department rules and billing instructions, for Medicaid covered services when the client exhausts Medicare benefits.

WAC 388-502-0120 Payment for medical care outside the state of Washington. (1) The medical assistance administration (MAA) pays the provider of service in designated bordering cities as if the care were provided within the state of Washington (see WAC 388-501-0175). MAA requires providers to meet the licensing requirements of the state in which care is rendered.

(2) MAA does not authorize payment for out-of-state medical care furnished to clients in state-only funded medical programs.

(3) MAA applies the three-month retroactive coverage as defined under WAC 388-500-0005 to covered medical services that are furnished to eligible clients by out-of-state providers.

(4) MAA requires out-of-state providers to obtain a valid provider number in order to be reimbursed.

(a) MAA requires a completed core provider agreement, and furnishes the necessary billing forms, instructions, and a core provider agreement to providers.

(b) MAA issues a provider number after receiving the signed core provider agreement.

(c) The billing requirements of WAC 388-502-0100 and 388-502-0150 apply to out-of-state providers.

(5) For Medicare-eligible clients, providers must submit Medicare claims, on the appropriate Medicare billing form, to the intermediary or carrier in the provider's state. If the provider checks the Medicare billing form to show the state of Washington as being responsible for medical billing, the intermediary or carrier may either:

(a) Forward the claim to MAA on behalf of the provider; or

(b) Return the claim to the provider, who then submits it to MAA.

(6) For covered services for eligible clients, MAA reimburses approved out-of-state nursing facilities at the lower of:

(a) The billed amount; or

(b) The adjusted statewide average reimbursement rate for in-state nursing facility care.

(7) For covered services for eligible clients, MAA reimburses approved out-of-state hospitals at the lower of:

(a) The billed amount; or

(b) The adjusted statewide average reimbursement rate for in-state hospitals.

(8) For covered services for eligible clients, MAA reimburses other approved out-of-state providers at the lower of:

(a) The billed amount; or

(b) The rate paid by the Washington state Title XIX Medicaid program.

WAC 388-502-0130 Interest penalties—Providers.

(1) Providers who are enrolled as contractors with the department's medical care programs may be assessed interest on excess benefits or other inappropriate payments. Nursing home providers are governed by WAC 388-96-310 and are not subject to this section.

(2) The department assesses interest when:

(a) The excess benefits or other inappropriate payments were not the result of department error; and

(b) A provider is found liable for receipt of excess benefits or other payments under RCW 74.09.220; or

(c) A provider is notified by the department that repayment of excess benefits or other payments is due under RCW 74.09.220.

(3) The department assesses interest at the rate of one percent for each month the overpayment is not satisfied.

[Title 388 WAC—p. 922]

Daily interest calculations and assessments are made for partial months.

(4) Interest is calculated beginning from the date the department receives payment from the provider. Interest ceases to be calculated and collected from the provider once the overpayment amount is received by the department.

(5) The department calculates interest and amounts, which are identified on all department collection notices and statements.

WAC 388-502-0150 Time limits for providers to bill MAA. Providers may bill the medical assistance administration (MAA) for covered services provided to eligible clients.

(1) MAA requires providers to submit initial claims and adjust prior claims in a timely manner. MAA has three timeliness standards:

(a) For initial claims, see subsections (3), (4), (5), and (6) of this section;

(b) For resubmitted claims other than prescription drug claims, see subsections (7) and (8) of this section; and

(c) For resubmitted prescription drug claims, see subsections (9) and (10) of this section.

(2) The provider must submit claims to MAA as described in MAA's billing instructions.

(3) Providers must submit their claim to MAA and have an internal control number (ICN) assigned by MAA within three hundred sixty-five days from any of the following:

(a) The date the provider furnishes the service to the eligible client;

(b) The date a final fair hearing decision is entered that impacts the particular claim;

(c) The date a court orders MAA to cover the service; or

(d) The date the department certifies a client eligible under delayed certification criteria.

(4) MAA may grant exceptions to the three hundred sixty-five-day time limit for initial claims when billing delays are caused by either of the following:

(a) The department's certification of a client for a retroactive period; or

(b) The provider proves to MAA's satisfaction that there are other extenuating circumstances.

(5) MAA requires providers to bill known third parties for services. See WAC 388-501-0200 for exceptions. Providers must meet the timely billing standards of the liable third parties in addition to MAA's billing limits.

(6) When a client is covered by both Medicare and MAA, the provider must bill Medicare for the service before billing Medicaid. If Medicare:

(a) Pays the claim the provider must bill MAA within six months of the date Medicare processes the claim; or

(b) Denies payment of the claim, MAA requires the provider to meet the three hundred sixty-five-day requirement for timely initial claims as described in subsection (3) of this section.

(7) MAA allows providers to resubmit, modify, or adjust any claim, other than a prescription drug claim, with a timely

(2007 Ed.)

ICN within thirty-six months of the date the service was provided to the client. This applies to any claim, other than a prescription drug claim, that met the time limits for an initial claim, whether paid or denied. MAA does not accept any claim for resubmission, modification, or adjustment after the thirty-six-month period ends.

(8) The thirty-six-month period described in subsection (7) of this section does not apply to overpayments that a provider must refund to the department. After thirty-six months, MAA does not allow a provider to refund overpayments by claim adjustment; a provider must refund overpayments by a negotiable financial instrument, such as a bank check.

(9) MAA allows providers to resubmit, modify, or adjust any prescription drug claim with a timely ICN within fifteen months of the date the service was provided to the client. After fifteen months, MAA does not accept any prescription drug claim for resubmission, modification or adjustment.

(10) The fifteen-month period described in subsection (9) of this section does not apply to overpayments that a prescription drug provider must refund to the department. After fifteen months a provider must refund overpayments by a negotiable financial instrument, such as a bank check.

(11) MAA does not allow a provider or any provider's agent to bill a client or a client's estate when the provider fails to meet the requirements of this section, resulting in the claim not being paid by MAA.

[Statutory Authority: RCW 74.08.090 and 42 C.F.R. 447.45. 00-14-067, § 388-502-0150, filed 7/5/00, effective 8/5/00.]

WAC 388-502-0160 Billing a client. (1) A provider may not bill, demand, collect, or accept payment from a client or anyone on the client's behalf for a covered service. The client is not responsible to pay for a covered service even if MAA does not pay the provider because the provider failed to satisfy the conditions of payment in MAA billing instructions, this chapter, and other chapters regulating the specific type of service provided.

(2) The provider is responsible for verifying whether the client has medical coverage for the date of service and to check the limitations of the client's medical program.

(3) A provider may bill a client only if one of the following situations apply:

(a) The client is enrolled in medical assistance managed care and the client and provider comply with the requirements in WAC 388-538-095;

(b) The client is not enrolled in medical assistance managed care, and the client and provider sign an agreement regarding payment for the service. The agreement must be translated or interpreted into the client's primary language and signed before the service is rendered. The provider must give the client a copy and maintain the original in the client's file for department review upon request. The agreement must include each of the following elements to be valid:

(i) A statement listing the specific service to be provided;

(ii) A statement that the service is not covered by MAA;

(iii) A statement that the client chooses to receive and pay for the specific service; and

(iv) The client is not obligated to pay for the service if it is later found that the service was covered by MAA at the time it was provided, even if MAA did not pay the provider

(2007 Ed.)

for the service because the provider did not satisfy MAA's billing requirements.

(c) The client or the client's legal guardian was reimbursed for the service directly by a third party (see WAC 388-501-0200);

(d) The client refuses to complete and sign insurance forms, billing documents, or other forms necessary for the provider to bill insurance for the service. This provision does not apply to coverage provided by MAA;

(e) The provider has documentation that the client represented himself/herself as a private pay client and not receiving medical assistance when the client was already eligible for and receiving benefits under a MAA medical program. This documentation must be signed and dated by the client or the client's representative. The provider must give a copy to the client and maintain the original documentation in the client's file for department review upon request. In this case, the provider may bill the client without fulfilling the requirements in subsection (3)(b) of this section regarding the agreement to pay. However, if the patient later becomes eligible for MAA coverage of a provided service, the provider must comply with subsection (4) of this section for that service;

(f) The bill counts toward a spenddown liability, emergency medical expense requirement, deductible, or copayment required by MAA; or

(g) The client received medical services in a hospital emergency room for a condition that was not an emergency medical condition. In such cases, a three-dollar copayment may be imposed on the client by the hospital, except when:

(i) Reasonable alternative access to care was not available;

(ii) The "indigent person" criteria in WAC 246-453-040(1) applies;

(iii) The client was eighteen years of age or younger;

(iv) The client was pregnant or within sixty days post-pregnancy;

(v) The client is an American Indian or Alaska Native;

(vi) The client was enrolled in a MAA managed care plan, including primary care case management (PCCM);

(vii) The client was in an institution such as a nursing facility or residing in an alternative living facility such as an adult family home, assisted living facility, or boarding home; or

(viii) The client receives waived services such as community options program entry system (COPES) and community alternatives program (CAP).

(4) If a client becomes eligible for a covered service that has already been provided because the client:

(a) Applied to the department for medical services later in the same month the service was provided (and is made eligible from the first day of the month), the provider must:

(i) Not bill, demand, collect, or accept payment from the client or anyone on the client's behalf for the service; and

(ii) Promptly refund the total payment received from the client or anyone on the client's behalf, and then bill MAA for the service;

(b) Receives a delayed certification as defined in WAC 388-500-0005, the provider must:

(i) Not bill, demand, collect, or accept payment from the client or anyone on the client's behalf for the service; and

(ii) Promptly refund the total payment received from the client or anyone on the client's behalf, and then bill MAA for the service; or

(c) Receives a retroactive certification as defined in WAC 388-500-0005, the provider:

(i) Must not bill, demand, collect, or accept payment from the client or anyone on the client's behalf for any unpaid charges for the service; and

(ii) May refund any payment received from the client or anyone on the client's behalf, and after refunding the payment, the provider may bill MAA for the service.

(5) Hospitals may not bill, demand, collect, or accept payment from a medically indigent, GA-U, or ADATSA client, or anyone on the client's behalf, for inpatient or outpatient hospital services during a period of eligibility, except for spenddown and under the circumstance described in subsection (3)(g) of this section.

(6) A provider may not bill, demand, collect, or accept payment from a client, anyone on the client's behalf, or MAA for copying or otherwise transferring health care information, as that term is defined in chapter 70.02 RCW, to another health care provider. This includes, but is not limited to:

(a) Medical charts;

(b) Radiological or imaging films; and

(c) Laboratory or other diagnostic test results.

WAC 388-502-0210 Statistical data-provider reports. (1) At the request of the medical assistance administration (MAA), all providers enrolled with MAA programs must submit full reports, as specified by MAA, of goods and services furnished to eligible medical assistance clients. MAA furnishes the provider with a standardized format to report these data.

(2) MAA analyzes the data collected from the providers' reports to secure statistics on costs of goods and services furnished and makes a report of the analysis available to MAA's advisory committee, the state welfare medical care committee, representative organizations of provider groups enrolled with MAA, and any other interested organizations or individuals.

WAC 388-502-0220 Administrative appeal contractor/provider rate reimbursement. (1) Any enrolled contractor/provider of medical services has a right to an administrative appeal when the contractor/provider disagrees with the medical assistance administration's (MAA) reimbursement rate. The exception to this is nursing facilities governed by WAC 388-96-904.

(2) The first level of appeal. A contractor/provider who wants to contest a reimbursement rate must file a written appeal with MAA.

(a) The appeal must include all of the following:

(i) A statement of the specific issue being appealed;

(ii) Supporting documentation; and

(iii) A request for MAA to recalculate the rate.

(b) When a contractor/provider appeals a portion of a rate, MAA may review all components of the reimbursement rate.

(c) In order to complete a review of the appeal, MAA may do one or both of the following:

(i) Request additional information; and/or

(ii) Conduct an audit of the documentation provided.

(d) MAA issues a decision or requests additional information within sixty calendar days of receiving the rate appeal request.

(i) When MAA requests additional information, the contractor/provider has forty-five calendar days from the date of MAA's request to submit the additional information.

(ii) MAA issues a decision within thirty calendar days of receipt of the completed information.

(e) MAA may adjust rates retroactively to the effective date of a new rate or a rate change. In order for a rate increase to be retroactive, the contractor/provider must file the appeal within sixty calendar days of the date of the rate notification letter from MAA. MAA does not consider any appeal filed after the sixty day period to be eligible for retroactive adjustment.

(f) MAA may grant a time extension for the appeal period if the contractor/provider makes such a request within the sixty-day period referenced under (e) of this subsection.

(g) Any rate increase resulting from an appeal filed within the sixty-day period described in subsection (2)(e) of this section is effective retroactively to the rate effective date in the notification letter.

(h) Any rate increase resulting from an appeal filed after the sixty-day period described in subsection (2)(e) of this section is effective on the date the rate appeal is received by the department.

(i) Any rate decrease resulting from an appeal is effective on the date specified in the appeal decision letter.

(j) Any rate change that MAA grants that is the result of fraudulent practices on the part of the contractor/provider as described under RCW 74.09.210 is exempt from the appeal provisions in this chapter.

(3) The second level of appeal. When the contractor/provider disagrees with a rate review decision, it may file a request for a dispute conference with MAA. For this section "dispute conference" means an informal administrative hearing for the purpose of resolving contractor/provider disagreements with a department action as described under subsection (1) of this section, and not agreed upon at the first level of appeal. The dispute conference is not governed by the Administrative Procedure Act, chapter 34.05 RCW.

(a) If a contractor/provider files a request for a dispute conference, it must submit the request to MAA within thirty calendar days after the contractor/provider receives the rate review decision. MAA does not consider dispute conference requests submitted after the thirty-day period for the first level decision.

(b) MAA conducts the dispute conference within ninety calendar days of receiving the request.

(c) A department-appointed conference chairperson issues the final decision within thirty calendar days of the

conference. Extensions of time for extenuating circumstances may be granted if all parties agree.

(d) Any rate increase or decrease resulting from a dispute conference decision is effective on the date specified in the dispute conference decision.

(e) The dispute conference is the final level of administrative appeal within the department and precede judicial action.

(4) MAA considers that a contractor/provider who fails to attempt to resolve disputed rates as provided in this section has abandoned the dispute.

WAC 388-502-0230 Provider review and appeal. (1)

As authorized by chapter 74.09 RCW, the medical assistance administration (MAA) monitors and reviews all providers who furnish medical, dental, or other services to eligible medical assistance clients. MAA determines whether the providers are complying with the rules and regulations of the program(s) and providing appropriate quality of care, and recovers any identified overpayments. Examples of provider reviews are:

(a) A review of all billing/medical/dental/service records for medical assistance clients;

(b) A statistical sampling of billing/medical/dental/service records for medical assistance clients, extrapolated per WAC 388-502-0240 (9), (10), and (11); and

(c) A review focused on selected billing/medical/dental/service records for medical assistance clients.

(2) The Washington State Health Professions Quality Assurance Commissions serve in an advisory capacity to MAA in conducting provider reviews and monitoring.

(3) MAA may determine that a provider's billing does not comply with program regulations or the provider is not meeting quality of care practices. MAA may do, but is not limited to, any of the following:

(a) Conduct pre-pay reviews of all claims the provider submits to MAA;

(b) Refer the provider to MAA's auditors (see WAC 388-502-0240);

(c) Refer the provider to Medicaid's Fraud Control Unit;

(d) Refer the provider to the appropriate state health professions quality assurance commission;

(e) Impose provisional stipulations for the provider to continue participation in medical assistance programs;

(f) Terminate the provider's participation in medical assistance programs;

(g) Assess a civil penalty against the provider, per RCW 74.09.210; and

(h) Recover any monies that the provider received as a result of inappropriate payments.

(4) When any part of the time period that is reviewed or monitored falls on or before June 30, 1998, the following process applies. A provider who disagrees with a department action regarding overpayment recovery may request an administrative review hearing to dispute the action(s).

(a) The request for an administrative review hearing must be in writing and:

(i) Be sent within twenty-eight days of the date of the notice of action(s);

(ii) State the reason(s) why the provider thinks the action(s) are incorrect;

(iii) Be sent by certified mail (return receipt) or other means that provides proof of delivery to:

The Medical Assistance Administration

Attn: Deputy Assistant Secretary

At the deputy assistant secretary's discretion, the administrative review hearing may be conducted in person, as a telephone conference, in written submissions, or a combination thereof.

(c) When a final decision is issued, the office of financial recovery collects any amount the provider is ordered to repay.

(d) The administrative review hearing referenced in this subsection is the final level of administrative review.

(5) When the entire time period that is reviewed or monitored falls on or after July 1, 1998, the following process applies. A provider who disagrees with a department action regarding overpayment recovery may request a hearing to dispute the action(s).

WAC 388-502-0240 Audits and the audit appeal process for contractors/providers. (1) This section applies to all contractor/providers except the following:

(a) Nursing homes as described in chapters 388-96, 388-97, and 388-98 WAC; and

(b) Managed care contractors as described in chapter 388-538 WAC.

(2) Subject to the limitations in subsection (1) of this section, the following definitions apply to this section:

(a) **"Contractor/provider"** means any person or organization that has a signed core provider agreement with the medical assistance administration (MAA) to provide services to eligible clients.

(b) **"Extrapolation"** means the methodology of estimating an unknown value by projecting, with a calculated precision (i.e., margin of error), the results of a probability sample to the universe from which the sample was drawn.

(c) **"Probability sample"** means the standard statistical methodology in which a sample is selected based on the theory of probability (a mathematical theory used to study the occurrence of random events).

(3) MAA may audit an MAA contractor/provider who furnishes medical or other covered services to eligible clients. See WAC 388-502-0220 for rate appeals. See WAC 388-502-0230 for dispute appeals involving provider review, termination and appeal. See WAC 388-502-0260 for contract appeals, other than those contained in core provider.

(4) MAA conducts audits as necessary to identify benefits or payments to which contractor/providers are not entitled.

(5) The Washington state health professions quality assurance commissions serve in an advisory capacity to MAA in conducting audits.

(6) An MAA audit includes the following:

(a) An examination of provider records, by either an on-site or desk audit. See subsections (7) and (8) of this section;

(b) A draft audit report, which contains preliminary findings and recommendations. See subsection (13) of this section;

(c) A dispute conference, if the contractor/provider requests it. See subsection (14) of this section;

(d) A final audit report. See subsection (15) of this section; and

(e) The right to an administrative appeal, if the contractor/provider requests it. See subsections (15) and (16) of this section.

(7) MAA audits providers who furnish medical and other services as authorized by chapter 74.09 RCW. An audit:

(a) Determines whether providers are:

(i) Complying with the rules and regulations of the program;

(ii) Meeting the community standard of practice; and

(iii) Billing allowable costs; or

(b) Investigates any of the following:

(i) Complaints/allegations;

(ii) Actions taken regarding Medicare or medical assistance; or

(iii) Actions taken by the health profession's quality assurance commissions.

(8) As part of the audit:

(a) MAA examines provider records.

(i) MAA examines those records, or portion thereof, that were reimbursed by MAA.

(ii) MAA examines records as necessary to verify usual and customary charges and payable and receivable accounts to verify third party liability.

(iii) MAA may remove copies of, but not original, records from the provider's premises.

(b) MAA gives a provider twenty days advance notice that it is going to audit paid claims or patient medical records for compliance with program rules, standards, or the community standard of practice. See subsection (16) of this section to request an extension of this notification period. This notice does not:

(i) Apply to providers who are suspected of fraudulent or abusive practices;

(ii) Apply to providers whose practices MAA considers may present a risk of imminent danger to medical assistance clients;

(iii) Include names of patient files that MAA will review; and

(iv) Apply to medical assistance provider business and financial records and patient financial records when they are reviewed as part of a third-party liability compliance audit.

(c) Whenever possible, MAA works with the provider to minimize inconvenience and disruption of health care delivery during the audit.

(d) MAA destroys all copies of identified client medical records made during an audit, after all appeal rights are exhausted.

(9) MAA may audit on a claim-by-claim basis, or using a probability sample.

(10) When MAA conducts a probability sample audit, all of the following apply:

(a) The sample claims are selected on the basis of recognized and generally accepted sampling methods;

(b) The sample claims are examined for compliance with relevant federal and state laws and regulations, department billing instructions, and numbered memoranda; and

(c) When projecting the overpayment, MAA uses a sample that is sufficient to ensure a minimum ninety-five percent confidence level.

(11) MAA uses probability sampling as described in subsection (10) of this section.

(a) If the audit findings demonstrate that MAA has made an overpayment to a Washington state Title XIX or other medical program provider(s), MAA recovers those statistically calculated overpayments.

(b) When calculating the amount to be recovered, MAA ensures that all overpayments and underpayments reflected in the probability sample are totaled and extrapolated to the universe from which the sample was drawn.

(c) MAA does not consider nonbilled services or supplies when calculating underpayments or overpayments.

(12) When MAA uses the results of a probability sample to extrapolate the amount to be recovered as described in subsection (11) of this section, the provider may request a description of all of the following:

- (a) The universe from which MAA drew the sample;
- (b) The sample size and method that MAA used to select the sample; and
- (c) The formulas and calculation procedures MAA used to determine the amount to be recovered.

(13) Upon completion of the audit, MAA identifies for the contractor/provider those files or records that are necessary for the audit, but were not located at the time of the audit.

(a) MAA allows the contractor/provider thirty calendar days from the date of completion of the on-site audit to locate and provide the missing files or records. Undocumented services will be considered as program overpayments; and

(b) At the end of this thirty day period, MAA issues the draft audit report. At this time:

(i) The contractor/provider may review, comment, and provide any additional information related to the draft audit report, that the contractor/provider wants considered. This information must be submitted within forty-five days of the date the contractor/provider received the draft audit report. See subsection (16) of this section to request an extension of this time period;

(ii) MAA works with the contractor/provider to resolve areas of disagreement; and

(iii) If necessary, MAA issues a revised draft audit report.

(14) A contractor/provider who wants to dispute draft audit findings must request a dispute conference.

(a) The contractor/provider must submit a written request for a dispute conference within forty-five calendar days of the date the draft audit report was received by the contractor/provider. MAA may grant an additional thirty day extension of the forty-five day limit as long as the contractor/provider requests the time extension in writing within the forty-five day limit and states the reason for the request.

(b) The dispute request must:

(i) Specify which finding(s) the contractor/provider is disputing; and

(ii) Supply documentation to support the contractor/provider's position.

(c) MAA acknowledges each request for a dispute conference.

(d) MAA responds to each disputed item in writing.

(e) If MAA and the contractor/provider reach an agreement during the dispute conference process, MAA issues the final audit report and the recommendations are binding.

(f) If MAA and the contractor/provider cannot reach an agreement during the dispute conference process, and the contractor/provider has had the opportunity to raise all concerns related to the audit findings, MAA may close the dispute conference process and issue a final audit report. After MAA issues the final audit report, the contractor/provider may request an audit appeal hearing per subsection (15) of this section.

(15) After MAA issues the final audit report, the contractor/provider may appeal findings in the report and request an audit appeal hearing. When the contractor/provider requests an audit appeal hearing, and when any part of the audited time period falls on or before June 30, 1998, the following process applies. This hearing is not governed by the Administrative Procedure Act (chapter 34.05 RCW).

(a) The request for an audit appeal hearing must meet all of the following:

(i) Be in writing;

(ii) Be submitted within twenty-eight calendar days of the date of delivery of the final audit report, by certified mail. (Contact the office of financial recovery to request an extension of this time period.) Send the request to:

Office of Financial Recovery/DSHS

POB 45862

Olympia, WA 98504-5862

(iii) Include a copy of the final audit report cover letter;

(iv) State the contractor/provider's name, address, and contract number (DSHS contract number or core provider agreement number);

(v) State the audit time period's beginning and ending dates; and

(vi) Provide additional documentation, limited to the issues identified in the audit, that the contractor/provider requests to be considered within the hearing.

(b) The audit appeal hearing consists of an administrative review of all documents submitted for consideration by the contractor/provider and MAA. DSHS appoints a hearing officer to conduct such a review. At the hearing officer's discretion, the review may be conducted as a telephone conference, as an in-person meeting in Olympia, Washington, or as a combination thereof.

(c) The decision made by the hearing officer serves as the final agency action and is binding.

(d) The office of financial recovery collects any amount the provider is ordered to repay.

(16) A contractor/provider may request an extension of the time periods in this section by sending a request to MAA that contains all of the following. The request must:

(a) Be in writing;

(b) Be received by MAA before the applicable time period has elapsed;

(c) Include the reason(s) for the request; and

(d) Include the date the contractor/provider expects to submit or respond to requested information.

(17) When a contractor/provider requests an audit appeal hearing, and the entire audit period falls on or after July 1, 1998, the audit hearing is governed by the process in RCW 43.20B.675.

(18) MAA considers that a contractor/provider has abandoned the dispute, if the provider fails to identify and attempt to resolve disputed audit findings as provided in this section, has abandoned the dispute. MAA proceeds with issuing and/or implementing the final audit report.

(19) Based on the findings of an audit, MAA may order the provider to repay excess benefits or payments received, as follows:

(a) MAA may assess civil penalties as provided for in chapter 74.09 RCW;

(b) The amount of civil penalties may not exceed three times the amount of excess benefits or payments the provider received; and

(c) The repayment includes interest on the amount of excess benefits or payments, per RCW 43.20B.695.

(20) When MAA imposes a civil penalty or suspends or terminates a provider from the program, written notice of the

action taken is given to the appropriate licensing agency, disciplinary commission, and/or other entity requiring a report.

(21) When an audit shows that a provider has demonstrated a significant noncompliance with the provisions of the medical care program, MAA may refer that provider to the appropriate disciplinary commission.

(22) Where MAA finds evidence of or has reason to suspect fraud, those contractors/providers are referred to the appropriate prosecuting authority for possible criminal action.

WAC 388-502-0260 Appeals and dispute resolution for providers with contracts other than core provider agreements. (1) Providers of medical services who have a contract, other than a core provider agreement, with a dispute resolution provision must follow the dispute resolution process described in the contract.

WAC 388-505-0211 Premium requirements for SCHIP children. (1) For the purposes of this chapter, "**premium**" means an amount paid for medical coverage.

(2) For a child found eligible for the state children's health insurance program (SCHIP) under WAC 388-505-0210(3), payment of a premium is required as a condition of eligibility.

(3) A child is exempt from the premium requirement if the child meets one of the following:

(a) The child is pregnant; or

(b) The child is an American Indian or Alaska native.

(4) The premium requirement begins the first of the month following the determination of eligibility. There is no premium requirement for medical coverage received in a month or months before the determination of eligibility.

(5) The premium amount for the assistance unit is based on the net available income as described in WAC 388-450-0005. If the household includes more than one assistance unit, the premium amount billed for the assistance units may be different amounts.

(6) The premium amount for each SCHIP child is fifteen dollars per month.

(7) The department bills the family for the lesser of:

(a) A maximum of forty-five dollars per month; or

(b) The total of the highest premiums, for up to three children in the assistance unit.

(8) Premium payment is a condition of eligibility for assistance units that include SCHIP children. All SCHIP children in an assistance unit are ineligible for medical coverage when the head of household's premium payments are three months in arrears. Three months in arrears means a balance exists for three months.

(9) When the department terminates the medical coverage of a SCHIP child due to nonpayment of premiums, the child has a three-month period of ineligibility beginning the

first of the following month. The three month period of ineligibility is rescinded only when the:

(a) Past due premiums are paid in full prior to the begin date of the period of ineligibility; or

(b) SCHIP child has a change in circumstances such that the child becomes eligible for Medicaid. The department cannot rescind the three-month period of ineligibility for reasons other than the criteria described in this subsection.

(10) The department writes off past-due premiums after twelve months.

(11) When the designated three-month period of ineligibility is over, all past due premiums that are an obligation of the head of household must be paid or written off before a child can become eligible for SCHIP.

(12) A family cannot designate partial payment of the billed premium amount as payment for a specific child in the assistance unit. The full amount of the premium bill is the obligation of the head of household of the assistance unit. A family can decide to request medical coverage only for certain children in the assistance unit, if they want to reduce premium obligation.

(13) A change that affects the premium amount is effective the month after the change is reported and processed.

(14) A sponsor or other third party may pay the premium on behalf of the child or children in the assistance unit. The premium payment requirement remains the obligation of head of household of the assistance unit. The failure of a sponsor or other third party to pay the premium does not eliminate the:

(a) Establishment of the period of ineligibility described in subsection (9) of this section; or

(b) Obligation of the head of household to pay past-due premiums.

Within these chapters, institutional, waiver, and hospice services are referred to collectively as LTC services. Other terms related to LTC services that also apply to other programs are found in the sections in which they are used. Definitions of terms used in certain rules that regulate LTC programs are as follows:

"Add-on hours" means additional hours the department purchases from providers to perform medically oriented tasks for clients who require extra help because of a handicapping condition.

"Alternate living facility (ALF)" means one of the following community residential facilities that are contracted with the department to provide certain services:

(1) Adult family home (AFH), a licensed family home that provides its residents with personal care and board and room for two to six adults unrelated to the person(s) providing the care.

(2) Adult residential care facility (ARC) (formerly known as a CCF) is a licensed facility that provides its residents with shelter, food, household maintenance, personal care and supervision.

(3) Adult residential rehabilitation center (ARRC) or Adult residential treatment facility (ARTF), a licensed facility that provides its residents with twenty-four hour residential care for impairments related to mental illness.

"Community options program entry system (COPES)" means a Medicaid waiver program that provides an aged or disabled person assessed as needing nursing facility care with the option to remain at home or in an alternate living facility.

"Community spouse (CS)" means a person who does not live in a medical institution or nursing facility, and who is

legally married to an institutionalized client or to a person receiving services from home and community-based waiver programs.

There are four waivers administered by DDD: Basic, Basic Plus, Core and Community Protection.

"Fair market value (FMV)" means the price an asset may reasonably be expected to sell for on the local market at the time of transfer or assignment. A transfer of assets for love and affection is not considered a transfer for FMV.

"Federal benefit rate (FBR)" means the basic benefit amount the social security administration (SSA) pays to clients who are eligible for the supplemental security income (SSI) program.

"Likely to reside" means a determination by the department that a client is reasonably expected to remain in a medical facility for thirty consecutive days. Once made, the determination stands, even if the client does not actually remain in the facility for that length of time.

"Look-back period" means the number of months prior to the month of application for LTC services that the department will consider for transfer of assets.

"Maintenance needs amount" means a monthly income amount a client keeps or that is allocated to a spouse or dependent family member who lives in the client's home.

"Medically intensive children (MIC)" program means a Medicaid waiver program that enables medically fragile children under age eighteen to live in the community. The program allows them to obtain medical and support services necessary for them to remain at home or in a home setting instead of in a hospital. Eligibility is included in the OBRA program described in WAC 388-515-1510.

"Noninstitutional medical assistance" means medical benefits provided by Medicaid or state-funded programs that do not include LTC services.

"Nursing facility turnaround document (TAD)" means the billing document nursing facilities use to request payment for institutionalized clients.

"Outward bound residential alternative (OBRA)" means a Medicaid waiver program that provides a person approved for services from DDD with the option to remain at home or in an alternate living facility.

"Participation" means the amount a client is responsible to pay each month toward the total cost of care they receive each month. It is the amount remaining after subtracting allowable deductions and allocations from available monthly income.

"Penalty period" means a period of time for which a client is not eligible to receive LTC services.

"Undue hardship" means the person is not able to meet shelter, food, clothing, or health needs.

"Value of compensation received" means the consideration the purchaser pays or agrees to pay. Compensation includes:

(1) All money, real or personal property, food, shelter, or services the person receives under a legally enforceable purchase agreement whereby the person transfers the asset; and

(2) The payment or assumption of a legal debt the seller owes in exchange for the asset.

The VA can use UME to reduce countable income to allow the person to receive a higher monthly VA payment, a one-time adjustment payment, or both.

"Waiver programs/services" means programs for which the federal government authorizes exceptions to federal Medicaid rules. Such programs provide to an eligible client a variety of services not normally covered under Medicaid. In Washington state, waiver programs are DDD waivers, COPES, MIC, and OBRA.
